en Provence France This conference first held in Greenwich United Kingdom in 2000 is now in its third year and is very well established As in the two previous years it served as a forum bringing together researchers from academia and commercial developers from industry to discuss the current state of the art in E commerce and web technology Inspirations and new ideas emerged from intensive discussions during formal sessions and social events Keynote addresses research presentations and discussions during the conference helped to further develop the exchange of ideas among the researchers developers and practitioners who attended The conference attracted more than 100 submissions and each paper was reviewed by at least three program committee members The program committee selected 40 papers for presentation and publication a task which was not easy due to the high quality of the submitted papers We would like to express our thanks to our colleagues who helped to put together the technical program the program committee members and external reviewers for their timely and rigorous reviews of the papers and the organizing committee for their help in the administrative work and support We owe special thanks to Gabriela Wagner and Maria Schweikert for always being available when their helping hand was needed

Comparative Corporate Governance of Non-Profit Organizations Klaus J. Hopt, Thomas Von Hippel, 2010-04-22 The economic importance of the non profit sector is growing rapidly in the USA and Europe However the law has not kept abreast with its development The European Court of Justice has extended certain freedoms of the EC Treaty to non profit organisations and more case law is expected to follow in the near future but the observations theories solutions and legal and non legal rules in this field are manifold The chances of harmonising the law on a European level are slim Despite these differences a common core of international corporate governance problems and regulatory solutions can be seen This volume of essays brings together a variety of international experts from both corporate governance and governance of non profit organisations to compare the two areas and explore the lessons that can be learned regarding comparative corporate governance for non profit organisations *The Indirect Approach* David P. Ellerman, 2000 Aid and conditionalities are the carrot and stick of the conventional direct approach to fostering economic development Considering the outcomes of the conventional approach it might be worthwhile to explore alternative indirect approaches that focus on enabling clients to act more autonomously rather than try for fuller control of clients actions with improved carrots and sticks **Routledge**
