## **Politics Of Religious Studies:**

*The Politics of Religious Studies* Donald Wiebe, 1998 In *The Politics of Religious Studies* Donald Wiebe takes on a debate that has been raging in universities across North America and Europe for some years now The issue is whether to approach religion as a science free from the dissemination of beliefs and evangelizing or to study it as a form of faith and therefore draw lines between believers and nonbelievers Wiebe persuasively argues the former claiming that if taught in a university religion must be treated as a science with all the objectivity and research that are brought to other subjects He further maintains that the study of theology should take place in seminaries which are the proper places for the pursuit of religion as a creed Exploring the true meaning and role of an academic Wiebe shows how by propagating religion instructors are abandoning their academic task to explain everything and enjoin nothing Certain to incite controversy *The Politics of Religious Studies* is an intelligent manifesto guaranteed to help readers look at academia the search for knowledge and the idea of religion in an entirely new light *Politics of Religious Freedom* Winnifred Fallers, Elizabeth Shakman Hurd, Saba Mahmood, Peter G. Danchin, 2015-07-22 In a remarkably short period of time the realization of religious freedom has achieved broad consensus as an indispensable condition for peace Faced with widespread reports of religious persecution public and private actors around the world have responded with laws and policies designed to promote freedom of religion But what precisely is being promoted What are the cultural and epistemological assumptions underlying this response and what forms of politics are enabled in the process The fruits of the three year *Politics of Religious Freedom* research project the contributions to this volume unsettle the assumption ubiquitous in policy circles that religious freedom is a singular achievement an easily understood state of affairs and that the problem lies in its incomplete accomplishment Taking a global perspective the more than two dozen contributors delineate the different conceptions of religious freedom predominant in the world today as well as their histories and social and political contexts Together the contributions make clear that the reasons for persecution are more varied and complex than is widely acknowledged and that the indiscriminate promotion of a single legal and cultural tool meant to address conflict across a wide variety of cultures can have the perverse effect of exacerbating the problems that plague the communities cited as falling short **The Meaning of Religious Freedom** Franklin I. Gamwell, 1995-02-01 The endorsement of religious freedom in the first amendment to the Constitution of the United States represents a modern revolution in the relation between politics and religion In American politics there has been continual disagreement about the meaning of this constitutional principle and widely held views of religious freedom include much philosophical confusion This book shows how a plurality of religious convictions can be politically united only by a free debate among different religious convictions The author demonstrates that religious freedom is a coherent political principle and that this principle is the defining democratic commitment because all other political principles should be subject to assessment by the same free debate characterizing religious freedom This book identifies the meaning of an

authentically democratic constitution and the civility required of democratic citizens

### **Politics and the Religious**

**Imagination** John H.A. Dyck, Paul S. Rowe, Jens Zimmermann, 2010-06-10 *Politics and the Religious Imagination* is the product of a group of interdisciplinary scholars each analyzing the connections between religious narratives and the construction of regional and global politics combining a set of theoretical and philosophic insights with several case studies that represent varied geographies and religious customs The past decade has seen increasing interest in the links between religion and politics and this edited volume seeks to take religion seriously as a motivator of action Few studies have attempted to bring together the multi disciplinary work in this burgeoning field of study and this work takes a global perspective using a variety of contexts including East West relations to analyze the following key themes the constructive and destructive hermeneutics of religious stories the relevance and importance of religion as a dominant political narrative the rise of new stories among groups as agents of change the way that religious narratives help to define and constrain the Other the manipulation of religious stories for political benefit This work argues that it is insufficient to judge the relationship of religion and politics through mere institutional or quantitative lenses and this collection proves that while this promise of the narrative part of the social imaginary has been recognized in political theory to a certain extent its influence in the realm of empirical political science has yet to be fully considered Combining the work of a wide range of experts this collection will be of great interests to scholars of politics philosophy religious studies and the literary influence of religion

*The Politics and Practice of Religious Diversity* Andrew Dawson, 2016-04-20 *The Politics and Practice of Religious Diversity* engages with one of the most characteristic features of modern society An increasingly prominent and potentially contentious phenomenon religious diversity is intimately associated with contemporary issues such as migration human rights social cohesion socio cultural pluralisation political jurisdiction globalisation and reactionary belief systems This edited collection of specially commissioned chapters provides an unrivalled geographical coverage and multidisciplinary treatment of the socio political processes and institutional practices provoked by and associated with religious diversity Alongside chapters treating religious diversity in the BRIC countries of Brazil Russia India and China are contributions which discuss Australia Finland Mexico South Africa the UK and the United States This book provides an accessible distinctive and timely treatment of a topic which is inextricably linked with modern society s progressively diverse and global trajectory Written and structured as an accessible volume for the student reader this book is of immediate interest to both academics and laypersons working in mainstream and political sociology sociology of religion human geography politics area studies migration studies and religious studies

**Why Politics Can't Be Freed From Religion** Ivan Strenski, 2010-01-28 *Why Politics Can't Be Freed From Religion* is an original erudite and timely new book from Ivan Strenski It interrogates the central ideas and contexts behind religion politics and power proposing an alternative way in which we should think about these issues in the twenty first century A timely and highly original contribution to debates about religion politics and power and how historic and

social influences have prejudiced our understanding of these concepts Proposes a new theoretical framework to think about what these ideas and institutions mean in today's society Applies this new perspective to a variety of real world issues including insights into suicide bombers in the Middle East Includes radical critiques of the religious and political perspectives of thinkers such as Talal Asad and Michel Foucault Dislodges our conventional thinking about politics and religion and in doing so helps make sense of the complexities of our twenty first century world *The Politics of Religious Literacy* Justine Ellis, 2022-11-07 Religious Literacy has become a popular concept for navigating religious diversity in public life Spanning classrooms to boardrooms *The Politics of Religious Literacy* challenges commonly held understandings of religious literacy as an inclusive framework for engaging with religion in modern multifaith democracies As the first book to rethink religious literacy from the perspective of affect theory and secularism studies this new approach calls for a constructive reconsideration focused on the often overlooked feelings and practices that inform our questionably secular age This study offers fresh insights into the changing dynamics of religion and secularism in the public sphere *At Home and Abroad* Elizabeth Shakman Hurd, Winnifred Fallers Sullivan, 2021-03-02 From right to left notions of religion and religious freedom are fundamental to how many Americans have understood their country and themselves Ideas of religion politics and the interplay between them are no less crucial to how the United States has engaged with the world beyond its borders Yet scholarship on American religion tends to bracket the domestic and foreign despite the fact that assumptions about the differences between ourselves and others deeply shape American religious categories and identities *At Home and Abroad* bridges the divide in the study of American religion law and politics between domestic and international bringing together diverse and distinguished authors from religious studies law American studies sociology history and political science to explore interrelations across conceptual and political boundaries They bring into sharp focus the ideas people and institutions that provide links between domestic and foreign religious politics and policies Contributors break down the categories of domestic and foreign and inquire into how these taxonomies are related to other axes of discrimination asking questions such as What and who counts as home or abroad how and by whom are these determinations made and with what consequences Offering a new approach to theorizing the politics of religion in the context of the American nation state *At Home and Abroad* also interrogates American religious exceptionalism and illuminates imperial dynamics beyond the United States **Religious Conviction in Liberal Politics** Christopher J. Eberle, 2002-05-02 What role should a citizen's religious convictions play in her political activities Is she for example permitted to decide on the basis of her religious convictions to support laws that criminalize abortion or discourage homosexual relations Christopher Eberle is deeply at odds with the dominant orthodoxy among political theorists about the relation of religion and politics His argument is that a citizen may responsibly ground her political commitments on religious beliefs even if her only reasons for her political commitments are religious in nature His ideal of citizenship allows citizens to engage in politics without privatizing their religious

commitments and yet does not license mindless and intransigent sectarianism An inherently controversial book that offers a substantial challenge to political liberalism it will be read by students and professionals in philosophy political science law and religious studies and general readers seeking insight into the relationship between religious commitments and liberal politics

*The Routledge Handbook of Religion, Politics and Ideology* Jeffrey Haynes, 2021-08-14 This comprehensive handbook examines relationships between religion politics and ideology with a focus on several world religions Christianity Islam Buddhism Hinduism and Judaism in a variety of contexts regions and countries Relationships between religion politics and ideology help mould people's attitudes about the way that political systems both domestically and internationally are organised and operate While conceptually separate religion politics and ideology often become intertwined and as a result their relationships evolve over time This volume brings together a number of expert contributors who explore a wide range of topical and controversial issues including gender nationalism communism fascism populism and Islamism Such topics inform the overall aim of the handbook to provide a comprehensive summary of the relationships between religion politics and ideology including basic issues and new approaches This handbook is a major research resource for students researchers and professionals from various disciplinary backgrounds including religious studies political science international relations and sociology

*Formatting Religion* Marius Timmann Mjaaland, 2019 Over the last two decades people and institutions have been grappling with the role of religion in socio cultural and political conflicts worldwide This volume delves into these complexities and demonstrates the topical need for better understanding of how religion culture and law interact especially in periods of transition

Religious Studies Scholars as Public Intellectuals Sabrina D. Misir Hiralall, Christopher L. Fici, Gerald S. Vigna, 2018-06-13 The prominence of religion in recent debates around politics identity formation and international terrorism has led to an increased demand on those studying religion to help clarify and contextualise religious belief and practice in the public sphere While many texts focus on the theoretical development of the subject this book outlines a wider application of these studies by exploring the role of religious studies scholars and theologians as public intellectuals This collection of essays first seeks to define exactly what makes an intellectual public It then goes on to deal with a few questions of concern How do public intellectuals construct knowledge in religious and theological scholarship What is the link between public intellectuals of higher education and their role in society Do higher education institutions have a responsibility to endorse public intellectualism Looking at the individual and collective role of religious studies scholars and theologians in public life this book will be of great interest to all scholars and academics involved in religious studies and theology across the academy

**The Encyclopedia of Politics and Religion** Robert Wuthnow, 2013-12-04 Containing over 200 articles from prominent scholars The Encyclopedia of Politics and Religion examines ways in which politics and religion have combined to affect social attitudes spark collective action and influence policy over the last two hundred years With a focus that covers broad themes like millenarian movements and pluralism and a scope that takes in

religious and political systems throughout the world the Encyclopedia is essential for its contemporary as well as historical coverage Special Features Encompasses religions individuals geographical regions institutions and events Describes the history of relations between religion and politics Longer articles contain brief bibliographies Attractively designed and produced The Encyclopedia of Politics and Religion will be invaluable for any library public and academic which serves those interested in politics sociology religious studies international affairs and history Contents include Abortion Algeria Anabaptists China Christian Democracy Ethnic Cleansing Gandhi Israel Italy Jesuits Jihad Just War Missionaries Moral Majority Muslim Brethren Temperance Movements Unification Church War Zionism

**Postcolonial Politics and Theology** Kwok Pui-lan, 2021-12-07 Postcolonial Politics and Theology seeks to reform and reimagine the field of political theology uprooting it from the colonial soil using the comparative lenses of postcolonial politics and theology to bring attention to the realities of the Global South Kwok Pui lan traces the history of the political impacts of Western theological development especially developments in the U S context and the need to shift these interlocking fields toward non Western traditions in theory and practice A special focus of the book is on the changing sociopolitical realities of American Empire and Sino American competition illustrated in Donald Trump s slogan of Make America Great Again and Xi Jinping s hope for a China Dream The shifting of U S and Asian relationships highlights the need to move our theological and political categories away from a vision of strongman domination and toward a postmodern postcolonial and transnational world especially exemplified in the Asia Pacific context Throughout Kwok overturns the idea of centering one cultural framework and marginalizing others in favor of living into a multiplicity of deeply contextual theologies She explores how these theologies are being developed in global postcolonial contexts through struggles for democracy and civil disobedience in Hong Kong by efforts to reclaim selfhood and sexual identity from exploitative colonial desire through the work of interreligious solidarity and peacebuilding and in the practice of earth care in the face of ecological crisis

**Radical Political Theology** Clayton Crockett, 2011-01-31 In the 1960s the strict opposition between the religious and the secular began to break down blurring the distinction between political philosophy and political theology This collapse contributed to the decline of modern liberalism which supported a neutral value free space for capitalism It also deeply unsettled political religious and philosophical realms forced to confront the conceptual stakes of a return to religion Gamely intervening in a contest that defies simple resolutions Clayton Crockett conceives of the postmodern convergence of the secular and the religious as a basis for emancipatory political thought Engaging themes of sovereignty democracy potentiality law and event from a religious and political point of view Crockett articulates a theological vision that responds to our contemporary world and its theo political realities Specifically he claims we should think about God and the state in terms of potentiality rather than sovereign power Deploying new concepts such as Slavoj i ek s idea of parallax and Catherine Malabou s notion of plasticity his argument engages with debates over the nature and status of religion ideology and messianism Tangling with the work of

Derrida Deleuze Spinoza Antonio Negri Giorgio Agamben Alain Badiou John D Caputo and Catherine Keller

Crockett concludes with a reconsideration of democracy as a form of political thought and religious practice underscoring its ties to modern liberal capitalism while also envisioning a more authentic democracy unconstrained by those ties     The Future of Religion in American Politics Charles W. Dunn, 2009-01-09 Should parents receive vouchers to send their children to religious schools What limits if any should the government place on abortion Should the government permit and fund stem cell research Should religious organizations have the right to prohibit the employment of homosexuals Should public schools teach both creationism and evolution How does religion influence our political stances on gay marriage The death penalty Immigration The issues are real The emotions are intense The solutions are difficult to reach and often problematic From the White House to the courthouse from governors mansions to the United States Supreme Court religion factors into many contemporary legal controversies Efforts to establish the proper balance between church and state create heated debates in America and raise seemingly insoluble questions Politicians and their advisers walk a fine line when addressing religious issues in an increasingly pluralistic society where religious factions attempt to impose their values on the electoral and legislative processes The Future of Religion in American Politics presents thoughtful wide ranging essays by twelve eminent public intellectuals and scholars offering rich and stimulating views on one of the most divisive issues of our time Editor Charles W Dunn and the contributors assess the impact of religion on American politics in four distinct time periods the founding the Civil War the New Deal era and the modern era Dunn outlines seven propositions that characterize the interaction of religion and politics during these time periods and describes how and why religion continues to influence politics in America Contributors to this volume argue that whereas religion in the founding era held society together in a shared belief of the biblical portrayal of humanity today's pluralistic religious interpretations of God appear to be tearing society apart The rise of Islam and other world religions poses perplexing questions about the issue of tolerance Can America survive as a free society without commonly accepted morals that are based in religion Is America a secular society with a clear separation of church and state or a government created and informed by ever changing religious values The Future of Religion in American Politics includes essays about religion in the public square evangelical and faith based politics in presidential elections The authors investigate many thought provoking questions about the extent of religious influence in the U S government today and its likely impact in the future Lucid and accessible this book covers a wide range of issues and will be invaluable to students of politics religious studies and history     **The Politics of Biblical Theology** David Penchansky, 1995     **Political Theology for Theological Politics** Rev. F. G. Emem Umoren, 2009-06 1 I have found this book compelling interesting and relevant to contemporary society especially in Africa and The Third World Countries I therefore very strongly recommend it to pastors politicians theologians public office holders the general public and particularly to all lecturers and students of science and the humanities ONAH Augustine Odey Ph D FAR KSJ Head

Department of Religious and Cultural Studies University of Uyo Akwa Ibom State Nigeria 2 This is most certainly a great contribution to political and Biblical scholarship Rev Msgr David Cassato Pastor St Athanasius Church Brooklyn New York and Chaplain New York Police Department NYPD 3 This book is an easy read The ability to translate the past to the relevance of the present is a great credit to the author Rev Fr Dr Emem Umoren He manifests comparatively an extraordinary ingenuity in blending his theological convictions with the demands of the world of politics Rev Dr Dominic Obielosi Catholic Archdiocese of Onitsha Nigeria 4 This book furnishing a rich exciting and informative excursus into the religio political history of Israel in the Isaianic prophetic era has proven to be ever more relevant today I recommend it therefore to all who long and work for a better world Rev Fr Emmanuel S Udoh A priest of the Catholic Diocese of Ikot Ekpene Nigeria Currently on further studies in St John s University New York USA

**Politics, Religion and Political Theology** C. Allen Speight, Michael Zank, 2017-06-30 This new volume gives discursive shape to several key facets of the relationship among politics theology and religious thought Powerfully relevant to a wealth of further academic disciplines including history law and the humanities it sharpens the contours of our understanding in a live and evolving field It charts the mechanisms by which contrary to the avowed secularism of many of today s polities theology and religion have often and sometimes profoundly shaped political discourse By augmenting this broader analysis with a selection of authoritative papers focusing on the prominent sub field of political theology the anthology offsets a startling academic lacuna Alongside focused analysis of subjects such as conscience secularism and religious tolerance the discussion of political theology examines the tradition s critical moments including developments during the post World War I Weimar republic in Germany and the epistemological imprint the theory has left behind in works by political thinkers influenced by the three major monotheistic traditions

**Politics and Religion in the United States** Michael Corbett, Julia Corbett-Hemeyer, J. Matthew Wilson, 2014-04-11 There is a complex relationship between religiosity and secularism in the American experience America is notable both for its strict institutional separation of church and state and for the strong role that religion has played in its major social movements and ongoing political life This book seeks to illuminate for readers the dynamics underlying this seeming paradox and to examine how the various religious groups in America have approached and continue to approach the tensions between sacred and secular This much anticipated revision brings Corbett and Corbett s classic text fully up to date The second edition continues with a thorough discussion of historical origins of religion in political life constitutional matters public opinion and the most relevant groups all while taking theology seriously Revisions include fully updating all the public opinion data fuller incorporation of voting behavior among different religious and demographic groups enhanced discussion of minority religions such as Mormonism and Islam and new examples throughout

### **Politics Of Religious Studies Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Politics Of Religious Studies has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Politics Of Religious Studies has opened up a world of possibilities. Downloading Politics Of Religious Studies provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Politics Of Religious Studies has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Politics Of Religious Studies. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Politics Of Religious Studies. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Politics Of Religious Studies, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Politics Of Religious Studies has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers,

free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Politics Of Religious Studies Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Politics Of Religious Studies is one of the best book in our library for free trial. We provide copy of Politics Of Religious Studies in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Politics Of Religious Studies. Where to download Politics Of Religious Studies online for free? Are you looking for Politics Of Religious Studies PDF? This is definitely going to save you time and cash in something you should think about.
