Politics Richard Pacelle, 2018-03-05 When the Supreme Court s effectively decided the presidential election of 2000 it decision illustrated a classic question in American politics what is the appropriate role for the Supreme Court The dilemma is between judicial activism the Court s willingness to make significant changes in public policy and judicial restraint the Court s willingness to confine the use and extent of its power While the Framers of the Constitution felt that the judiciary would be the least dangerous branch of government many have come to the conclusion that courts govern America a notion at odds with democratic government Richard Pacelle traces the historical ebb and flow of the Court s role in the critical issues of American politics slavery free speech religion abortion and affirmative action Pacelle examines the arguments for judicial restraint including that unelected judges making policy runs against democratic principles and the arguments for judicial activism including the important role the court has played as a protector of minority rights Pacelle suggests that there needs to be a balance between judicial activism and restraint in light of the constraints on the institution and its power Stimulating and sure to generate discussion The Supreme Court in American Politics is a concise supplemental text for American Government and Judicial Politics course *Charting the Range of Black Politics* Michael Mitchell, David Covin, 2012-09-30

The election of 2008 brought onto the national stage complexities arising when the member of a minority group assumes power over national political institutions It also underlined the limits placed on that power by the double accountability such a figure faces The question posed in this volume of the NPSR is Might the ascendancy of President Obama lead to a deracialization of American politics or its opposite The contributions to this volume examine this question in a variety of ways David Wilson and Khalilah Brown Dean analyze black attitudes towards the candidates for the Democratic Party nomination in the presidential race of 2008 Lorenzo Morris asks how perceptions of race have defined expectations of the African American ambassadors to the United Nations Horace Bartilow and Kihong Eom use a game theoretic approach to examine US drug strategies in the Caribbean A works in progress section follows with personal reflections by Michael C Dawson and Andra Gillespe They relate how personal concerns and curiosities guide their research A book review section provides a discussion about works of interest to scholars studying black politics **AP US Government and Politics Premium** Curt
