Politics Of Fishing:

The Politics of Fishing Tim S. Gray, 2016-07-27 A topical and authoritative examination of the current crisis in the fishing industry offering a political analysis of the reasons for the crisis and suggesting ways in which this might be overcome The contributors include fishery officials and scientists as well as academics The focus is mainly on the European fishing industry with issues including political bargaining in the EU the working of quota arrangements the status of marine scientific knowledge and the industry's management structures in different countries [The Politics of Fishing in Britain and France](#) Michael Shackleton, 1986

The Politics of Fisheries in the European Union Christian Lequesne, 2004-07-23 In analyzing the fisheries sector this book explores key issues relating to the EU polity as a whole including the distribution of power the representation of interests at national and transnational levels the allocation of budgets and resources and the EU's place as an actor on the global stage In this way Lequesne uses the Common Fisheries Policy to provide a varied illustration of European policy in action The scholarship is based on high quality primary research carefully conducted and articulated The result is a fascinating insight into the fisheries sector which reveals broader characteristics of the EU [Alaska Politics and Public Policy](#) Clive S. Thomas, Laura Savatgy, Kristina Klimovich, 2016-09-15 Politics in Alaska have changed significantly since the last major book on the subject was published more than twenty years ago with the rise and fall of Sarah Palin and the rise and fall of oil prices being but two of the many developments to alter the political landscape This book the most comprehensive on the subject to date focuses on the question of how beliefs institutions personalities and power interact to shape Alaska politics and public policy Drawing on these interactions the contributors explain how and why certain issues get dealt with successfully and others unsuccessfully and why some issues are taken up quickly while others are not addressed at all This comprehensive guide to the political climate of Alaska will be essential to anyone studying the politics of America's largest and in some ways most unusual state [Encyclopedia of Politics of the American West](#) Steven L. Danver, 2013-04-25 The Encyclopedia of Politics in the American West is an A to Z reference work on the political development of one of America's most politically distinct not to mention its fastest growing region This work will cover not only the significant events and actors of Western politics but also deal with key institutional historical environmental and sociopolitical themes and concepts that are important to more fully understanding the politics of the West over the last century

The Political Lives of Information Janaki Srinivasan,2022-10-04 How the definition production and leveraging of information are shaped by caste class and gender and the implications for development Information says Janaki Srinivasan has fundamentally reshaped development discourse and practice In this study she examines the history of the idea of information and its political implications for poverty alleviation She presents three cases in India the circulation of price information in a fish market in Kerala government information in information kiosks operated by a nonprofit in Puducherry and a political campaign demanding a right to information in Rajasthan to explore three uses of information to support goals of social change Countering claims that information is naturally and universally empowering Srinivasan shows how the definition production and leveraging of information are shaped by caste class and gender Srinivasan draws on archival and ethnographic research to challenge the idea of information as objective and factual Using the concept of an information order she examines how the meaning and value of information reflect the social relations in which it is embedded She asks why casting information as a tool of development and solution to poverty appeals to actors across the political spectrum She also shows how the power to label some things information and others not is at least as significant as the capacity to subsequently produce access and leverage information The more faith we place in what information can do she cautions the less attention we pay to its political lives and to the role of specific social structures individual agency and material form in the defining production and use of that information **Street-Level Democracy: Political Settings at the Margins of Global Power**

Jonathan Barker,1999-12-01 Using colourful and detailed case material Street Level Democracy introduces a new method of researching everyday politics It is a wide ranging book that traces the conflicts between global power and local action People in farming communities town mosques city markets and fishing communities suffer the effects of wrenching change but live far from the centres of power From Britain and small town USA to Nigeria India and Nicaragua citizens everywhere grapple with the politics of everyday life **Political Values and Narratives of Resistance** Fiona Anciano,Joanna

Wheeler,2021-03-23 This book brings together multidisciplinary perspectives to explore how political values and acts of resistance impact the delivery of social justice in post colonial states Everyday life in post colonial states such as South Africa and Zimbabwe is characterized by injustices that have both a historical and contemporary nature From fishers in Cape Town

accused of poaching to residents of Bulawayo demanding access to water this book focuses on the relationship between the state and groups that have been historically oppressed due to being on the margins of the political economic and social system It draws on empirical research from 12 scholars looking at cases in Brazil India South Africa and Zimbabwe Chapters explore questions such as what citizens especially those from marginalized groups want from the state The book looks at the political values of citizens and how these are formed in the process of engaging with the state and through everyday injustices It also asks why and how citizens resist the state with examples of protest as well as less visible forms of resistance reflecting complex histories and power relations Finally the book explores how narratives and counter narratives reveal the nature of political values and perceptions of what is just Taken together these elements show the evolution of post colonial social contracts Examining important themes in political science anthropology sociology and urban geography this book will appeal to scholars and students interested in political values justice social movements and resistance **The Saturday**
