Deer,2010-09-01 Surviving a long term marriage requires devotion dedication love oh and forgiveness When Melanie realises she s managed the first two but her love is losing out to her desire she struggles to stay true to her vows Maybe if she can change Tim into the man she yearns for everything will be good again Melanie still loves him but the fire went out a long time ago She discovered her true feelings while working with a man who showed a real interest in her but when she decides to cool the friendship the pressure rises Will the safety valve lift or will their lives explode This is a revealing story of love and lust from behind closed doors You can share their most intimate secrets those they dare not share with each other At times funny but with twinges of sadness the outcome is always going to hurt someone The moral dilemma of struggling to share her life with two very different men is complicated enough but when someone makes a shocking and very public revelation things develop at the speed of light Freewheeling Through Ireland Edward Enfield,2005-03-08 When Edward decided to cycle

around Ireland he was enchanted by prehistoric fortresses rugged landscapes and landladies who insisted on washing his shirts With his trademark wit he takes you on a ride up the west coast stopping to chat to peat cutters fishermen eccentric tourists and a famous matchmaker **Bless the Buccaneer with Barbecued Blood** Marc Loewenthal,2012-03-05 Have you ever thought about the history behind many of the words we use today Meanings change so much through time that words often have completely different meanings today to the meanings they had in the past This book poses the question what if the words we use now still meant what they meant in the past It takes a less than reverent ramble through the byways and backwaters of English etymology to find answers to burning questions like Why can men never be hysterical How can saying your prayers give you the gift of the gab Why can t you truly be another brick in the wall Which fruit may have led to the conquest of Mexico Would a bachelor choose a wife with eight legs or eighty decades Who is the biggest cheat in history Why should you beware of fire breathing dragons when digging your garden Why should north be south and south be north Why would you give a plough to someone with a high fever If you really want to find the answers to these questions and many more then this is the book for you *Yo Yo* Celia Pearson,2011-06-01 DescriptionThis book is like a roller coaster it
