Por Que Zumban Los Mosquitos En Los Oídos De La Gente:

Porque Zumban los Mosquitos en los Oídos de la Gente Verna Aardema, 1998-03-01 A mosquito annoyed the iguana who frightened the python who scared the rabbit and now the whole jungle is in an uproar because the sun won't rise. The animals discuss the situation and decide to punish the mosquito. Even today whenever we hear a mosquito buzz we smack it hard. Leo and Diane Dillon won the 1976 Caldecott Medal for *Why Mosquitoes Buzz in People's Ears*, making Leo Dillon the first African American artist to be so honored. Now this classic which has delighted millions of children is at last available in Spanish.

Latinos are the fastest growing and largest ethnic minority in the United States. The number of Latino children is at a historic high. As a result librarians and teachers in the United States must know how to meet the informational, cultural and traditional literacy needs of this student demographic group. An ideal way to overcome this challenge is by providing culturally accurate and authentic children's literature that represents the diversity of the Latino cultures. Much more than simply a topical bibliography, this book details both historical and current practices in educating Latino children, explains why having quality Latino children's literature in classrooms and libraries is necessary for the ethnic identity development of Latino children, and offers a historical overview of Latino children's literature in America. Web resources of interest to educators working with Latino children are also included. *Por que zumban los mosquitos en los oidos de la gente : un cuento de Africa Occidental* Verna Aardema, 1998-03-01 [The Horn Book Guide to Children's and Young Adult Books](#), 1998 [Recommended Literature](#) California.
