Quebec Un Pays Une Culture:

Cultures in Movement Martine Raibaud, Ionut Untea, Micéala Symington, 2015-02-05 The contributors to this volume encourage a re thinking of the very notion of culture by examining the experiences situations and the representations of those who chose or were forced to change cultures from the nineteenth century to the present day Beyond a simple study of migration forced or otherwise this collective work also re examines the model of integration As recent entrants into new social settings may be perceived as affecting the previously accepted social equilibrium mechanisms encouraging or inhibiting population flows are sometimes put in place From this perspective integration may become less a matter of internal choice than an external obligation imposed by the dominant political power in which case integration may only be a euphemism for cultural uniformity The strategies of cultural survival developed as a reaction to such a rising tide of cultural uniformity can be seen as necessary points of departure for an ever growing shared multiculturalism A long term voluntary commitment to make cultural boundaries more flexible and allow a more engaged individual participation in the process of defining the self and finding its place within a culture in movement may represent a key element for cultural cohesion in a globalized world

Le Québec Françoise Tétu de Labsade, 1990 **The Quebec Connection** Julie-Françoise Tolliver, 2020-12-03 From the 1950s to the 1970s the idea of independence inspired radical changes across the French speaking world In *The Quebec Connection* Julie Fran oise Tolliver examines the links and parallels that writers from Quebec the Caribbean and Africa imagined to unite that world illuminating the tropes they used to articulate solidarities across the race and class differences that marked their experience Tolliver argues that the French tongue both enabled and delimited connections between these writers restricting their potential with the language s own imperial history The literary map that emerges demonstrates the plurality of French language literatures going beyond the concept of a single unitary francophone literature to appreciate the profuse range of imaginaries connected by solidary texts that hoped for transformative independence Importantly the book expands the francophone framework by connecting African and Caribbean literatures to Qu b cois literature attending to their interactions while recognizing their particularities The *Quebec Connection* s analysis of transnational francophone solidarities radically alters the field of francophone studies by redressing the racial logic that isolates the northern province from what has come to be called the postcolonial world

Justice sociale, ouverture et nationalisme au Québec., 2013-10-08T00:00:00-04:00 La pensée de Julien Harvey s'est structurée autour de trois vecteurs qui lui ont conféré au fil du temps une place singulière dans le paysage intellectuel et social au Québec : l'ouverture, l'autre et la diversité culturelle et religieuse, notamment issue de l'immigration, la justice sociale et un désir profond de partage avec les personnes et les groupes exclus et ou marginalisés et une vision originale et ouverte du nationalisme et de la souveraineté du Québec. Ce grand théologien a vécu durant plusieurs années dans le quartier Saint-Henri de Montréal avec des groupes communautaires. En collaboration avec Justice et foi, ce livre souligne le quinzième anniversaire de son décès. L'ouvrage permettra d'approfondir la pensée de Julien Harvey, ouverture, justice et nationalisme, en présentant une sélection de textes de l'auteur publiés entre 1971 et 1994 qui traduisent ses aspects les plus saillants. Chaque section se termine par une relecture des textes présentée par Stéphanie Tremblay, Jean-Claude Icart et Marco Veilleux. **Catholicisme**

et cultures, Regards croisés Québec-France Collectif, 2015-07-03T00:00:00-04:00 À l'horizon des discussions récentes sur la laïcité et la religion dans la sphère publique se joue le lien historique et profond que la France et le Québec nouent par-delà leurs différences avec un catholicisme romain majoritaire. C'est dans l'analyse de ce lien, autour de la problématique catholicisme et culture et l'affinement nécessaire des théories de la sécularisation, que réside l'apport du rassemblement des 18 contributions qu'offre ce livre. Qu'en est-il de la prégnance du rejet ou de l'oubli du catholicisme qui au fil du temps avait pénétré toutes les couches de la vie collective ? Qu'en est-il de la liaison ou de la déliaison entre catholicisme et société sous les multiples angles culturels que sont notamment les rites, les pratiques religieuses, la conception de la nation, la famille et l'éducation des enfants, le patrimoine, la mémoire et la littérature ? Les dix-huit études de cas présentées ici permettent d'appréhender plusieurs angles conceptuels novateurs. **Le Québec, connais-tu ? Culture québécoise** Robert

Une première collection offre des panoramas fournissant par l'entremise de textes courts, clairs et concis une vue d'ensemble de différents aspects du Québec. Ils s'intitulent Histoire et enjeux sociaux du Québec, Littérature québécoise et Culture québécoise. Une seconde collection comprend des recueils de textes et d'activités axés sur des thèmes qui sans être exclusifs au Québec lui sont intimement associés : Le territoire, L'identité, La diversité et La vie privée. Le Québec, connais-tu : Culture québécoise offre une façon originale de mieux connaître la société québécoise en s'imprégnant de sa riche tradition culturelle. Il présente les grandes figures de la chanson populaire au Québec du milieu du XX^e siècle nos jours. Les grands thèmes du cinéma québécois, comme la nature, la ville, l'enfance et l'altérité, sont galement abordés. L'ouvrage retrace aussi les grandes réalisations dans le domaine des arts plastiques et visuels, notamment en peinture et en sculpture, de même que les grands moments de la danse classique et contemporaine.
