Quiet Harmony The Art Of Mary Hiester Reid:

Quiet Harmony Brian Foss, 2000 Quiet Harmony Brian Foss, Janice Anderson, Mary Hiester Reid, Art Gallery of Ontario, 2000 *The Practice of Her Profession* Susan Butlin, 2009-03-01 In *The Practice of Her Profession* Susan Butlin draws on unpublished letters and family memoirs to recount Carlyle's personal and professional life. She explores Carlyle's artistic influences, her relationships with artist colleagues, and encounters with the cultural worlds of Paris, New York, and early twentieth-century Canada, and provides a detailed examination of Carlyle's paintings. Butlin's vivid description of the artistic life of women of this era, from access to art training to the important role of women's art societies, introduces readers to Carlyle's many accomplished contemporaries: Helen McNicoll, Mary Reid, Laura Muntz, Sarah Holden, Sydney Tully, Elizabeth McGillivray Knowles, and others.

Flower Diary Molly Peacock, 2021-09-14 Graceful yet precise, poetic yet deeply rooted in research, this exploration of an overlooked painter is gorgeous. A joy to read, Molly Peacock's insights and empathy with her subject bring to life both Mary Hiester Reid and her luscious flower paintings. Charlotte Gray, author of *The Massey Murder*, Molly Peacock uncovers the history of neglected painter Mary Hiester Reid, a trailblazing artist who refused to choose between marriage and a career. Born into a patrician American family in the middle of the nineteenth century, Mary Hiester Reid was determined to be a painter and left behind women's design schools to enter the art world of men. After she married fellow artist George Reid, she returned with him to his home country of Canada. There she set about creating over 300 stunning still-life and landscape paintings, inhabiting a rich, if sometimes difficult marriage, coping with a younger rival exhibiting internationally and becoming well reviewed. She studied in Paris, traveled in Spain, and divided her time between Canada and the United States, where she lived among America's Arts and Crafts movement titans. She left slender written records; rather, her art became her diary, and *Flower Diary* unfolds with an artwork for each episode of her life. In this sumptuous and precisely researched biography, celebrated poet and biographer Molly Peacock brings Mary Hiester Reid, foremother of painters such as Georgia O'Keeffe, out of the shadows, revealing a fascinating, complex woman who insisted on her right to live as a married artist, not as a tragic heroine. Peacock uses her poet's skill to create a structurally inventive portrait of this extraordinary woman, whom modernism almost swept aside, weaving threads of her own marriage with Hiester Reid's, following the history of empathy and examining how women manage the demands of creativity and domesticity, coping with relationships, stoves, and steamships, too. How do you make room for art when you must go to the market to buy a chicken for dinner? Hiester Reid had her answers, as Peacock gloriously discovers.

I'm Not Myself at All Kristina Huneault, 2018-07-16 Notions of identity have long structured women's art. Dynamics of race, class, and gender have shaped the production of artworks and oriented their subsequent reassessments. Arguably, this is especially true of art by women, and of the socially engaged criticism that addresses it. If identity has been a problem in women's art, however, is more identity the solution? In this study of nineteenth and early twentieth-century art in Canada, Kristina Huneault offers a meditation on the

strictures of identity and an exploration of forces that unsettle and realign the self Looking closely at individual artists and works Huneault combines formal analysis with archival research and philosophical inquiry building nuanced readings of objects that range from the canonical to the largely unknown Whether in miniature portraits or genre paintings botanical drawings or baskets women artists reckoned with constraints that limited understandings of themselves and others They also forged creative alternatives At times identity features in women s artistic work as a failed project at other times it marks a boundary beyond which they were able to expand explore and exult Bringing together settler and indigenous forms of cultural expression and foregrounding the importance of colonialism within the development of art in Canada I m Not Myself at All observes and reactivates historical art by women and prompts readers to consider what a less restrictive conceptualization of selfhood might bring to current patterns of cultural analysis *Rethinking Professionalism* Kristina Huneault, Janice Anderson, 2012 The first collection of scholarly essays on women and art in Canadian history **National Soul** Marilyn Jean McKay, 2002 From Confederation to World War II mural painting was an important tool for Canadian nation building In A National Soul Marilyn McKay shows how in both Protestant English Canada and Catholic French Canada these artworks were designed to promote specific civic values **No Man's Land** Kathryn A. I Can Only Paint Irene Gammel, 2022-03-30 For Canadian impressionist Mary Riter Hamilton capturing the emotional landscape of battlefields and graveyards in the months after the Great War's armistice became an artistic calling and defined her work A woman alone after the storm had passed she found that her life after the war was indelibly marked by the experience Undeterred by a rejection from the Canadian War Memorials Fund who nominated only male war artists abroad in 1919 Hamilton received a commission from the Amputation Club of British Columbia now the War Amps to commemorate those lost at war She travelled from Victoria to the pre reconstruction battlefields and towns of the Somme Vimy Ridge and the Ypres Salient where amid harsh conditions inadequate shelter and food surroundings littered with unexploded shells she recorded with determination pride and grace the ruins of war Based on intensive archival research in Canada France and Belgium and using many previously unpublished letters *I Can Only Paint* offers an insider's view of the artist's vast underexplored body of war work and the conditions in which she created it It places this period central though it was in the context of a full understanding of her life and restores the work she created there to its proper place in the canon of war art in Canada and abroad Irene Gammel argues that Hamilton's work encoded a female perspective that distinguishes her paintings from the work of official Canadian war artists The first reliable account of Hamilton's impressions of Canada's most haunting sites of conflict *I Can Only Paint* captures with detail and sensitivity an experience that defined her life and recovers a body of work that stands as a unique and enduring portrait of the effects of the Great War
