Nightingales Barbara Tomblin, 2003-11-28 Weaving together information from official sources and personal interviews Barbara Tomblin gives the first full length account of the U S Army Nurse Corps in the Second World War She describes how over 60 000 army nurses all volunteers cared for sick and wounded American soldiers in every theater of the war serving in the jungles of the Southwest Pacific the frozen reaches of Alaska and Iceland the mud of Italy and northern Europe or the heat and dust of the Middle East Many of the women in the Army Nurse Corps served in dangerous hospitals near the front lines 201 nurses were killed by accident or enemy action and another 1 600 won decorations for meritorious service These nurses address the extreme difficulties of dealing with combat and its effects in World War II and their stories are all the more valuable to women s and military historians because they tell of the war from a very different viewpoint than that of male officers Although they were unable to achieve full equality for American women in the military during World War II army nurses did secure equal pay allowances and full military rank and they proved beyond a doubt their ability and willingness to serve and maintain excellent standards of nursing care under difficult and often dangerous conditions *Women in the First and Second World Wars: A Checklist of the Holdings of the Hoover Institution on War, Revolution and Peace* Helena Wedborn, 1988 **Belsen in History and Memory** David Cesarani, Tony Kushner, Jo Reilly, Colin Richmond, 2013-11-05 Drawing on documentary and oral sources in Yiddish Hebrew German Dutch and French this book challenges many stereotypes about Belsen and reinstates the groups hitherto marginalized or ignored in accounts of the camp and its liberation A Companion to World War II Thomas W. controversial political magazine But it is Stevie Jishang s close colleague and lover who really fascinates Harry As the British community continues to party despite the looming threat of war the two are obsessively drawn into a dark passion And when the Japanese army seizes the island they are faced with terrifying challenges how far will they go to protect each other

Not the Slightest Chance Tony Banham,2003-02-01 More than 10% of Hong Kong s defenders were killed in battle a further 20% died in captivity Those who survived seldom spoke of their experiences Many died young The little primary material surviving written in POW camps or years after the events is contradictory and muddled Yet with just 14 000 defending the Colony it was possible to write from the individual s point of view rather than that of the Big Battalions so favoured by God according to Napoleon and most historians The book assembles a phase by phase day by day hour by hour and death by death account of the battle It considers the individual actions that made up the fighting as well as the strategies and plans and the many controversies that arose Not the Slightest Chance will be of interest to military historians Hong Kong residents and visitors and those in the UK Canada and elsewhere whose family members fought or were interned in Hong Kong during the war years
