constant fear and hunger until they finally made it to America The determined couple enrolled in high school classes despite being in their late twenties and worked grueling factory jobs to provide for their family yet most who meet Chue know nothing of her extraordinary resilience and traumatic past In *Where Rivers Part* told from her mother's point of view Kao Kalia Yang unveils her mother's epic struggle towards safety and the important undocumented history of a time and place most US readers know nothing about offering insight into America's Secret War in Laos with tenderness and unvarnished clarity In doing so she excavates the plight of many refugees who suffer silently and are often overlooked as one of the essential foundations of this country For readers of *The Wild Swans* by Jung Chang *The Spirit Catches You When You Fall Down* by Anne Fadiman and those who flock to stories about survival during wartime *Where Rivers Part* is not only a personal account of resilience and survival but also a powerful and transporting look into Laos's Secret War and the lived experiences of the Hmong people
