## **R S Thomas:**

R.S. Thomas: Poet of the Hidden God D.Z. Phillips, 1986-01-01 This book is one philosopher's response to the poetry of R S Thomas. It examines the poet's struggle with the possibilities of sense in religion. R S Thomas has described his poetry as an obsession with the possibility of having conversations or linguistic confrontations with ultimate reality. Some attempts at giving meaning to religious belief cannot withstand the assaults of criticism. In R S Thomas's verse, however, there emerges a hard-won celebration of the worship of a hidden God, a rare achievement in contemporary poetry. In plotting the course of the development of the poetry, the book brings out its many similarities with the thrusts and counter-thrusts of argument in the philosophy of religion in the second half of the twentieth century. The book should be of interest not only to admirers of R S Thomas but to philosophers, theologians, students of literature and to anyone concerned with questions concerning the sense or senselessness of religious belief. *The Poetry of R.S. Thomas* John Powell Ward, 2001 R S Thomas is the author of 20 collections of poetry, a writer of international repute and the subject of increasing critical and academic interest. *The Poetry of R S Thomas* was the first critical work about him, an invaluable volume which has yet to be surpassed. Its author has taken the opportunity to completely revise and update the book, reflecting on both the development of Thomas' career and the poetry collections of the last ten years. Grouping the books together thematically, Ward examines Thomas' growing reputation and discusses the poet's concerns and subjects and the images and techniques he uses to express them as they evolve through the increasing Thomas canon. The result is a fascinating guide to more than 50 years of writing. The breadth of Ward's knowledge together with his own practice as a poet ensures he is equally at home with theological argument or the use of metaphor, nationalism or naturalism, Romanticism or the philosophy of Wittgenstein. Ward offers stimulating insights into the character and work of the 20th century's greatest religious poet in English, from the early hill-farmer poems which brought him fame through those allied to visual art, the lost faith poems to the philosophical later work. In the process, Ward confirms his own position as one of the most profound thinkers about poetry today. *Collected Poems: 1945-1990* R.S. Thomas R.S. Thomas, 2012-04-26 Published to mark the poet's 80th birthday, this collection confirms R S Thomas as our pre-eminent poet. This is the book I've been waiting for. Ted Hughes Selected Prose Ronald Stuart Thomas, 1983 A Masterwork of Doubting-Belief John G. McEllhenney, 2013-02-13 R S Thomas 1913-2000 was a major poet of the twentieth century. He was respected by luminaries of the literary establishment, recognized with numerous awards and nominated for the Nobel Prize in 1996. Thomas was also a priest of the Anglican Communion who wrestled ceaselessly with problems of faith and doubt in his poetry. John G. McEllhenney makes R S Thomas' poems, ministry and irascible character come brilliantly alive in his new book *A Masterwork of Doubting-Belief*. R S Thomas and His Poetry. McEllhenney, who developed a personal relationship with Thomas during the last decade of the poet's life, draws on his conversations and correspondence with Thomas as well as his experiences as a clergyman and lover of poetry and offers readers a unique experience that is part biography, part

appreciation and part religious meditation *A Masterwork of Doubting Belief* is an important new contribution to our understanding of R S Thomas and an inspiring source of insights for all who struggle with their faith R S Thomas R. S. THOMAS,1996 *R. S. Thomas* Daniel Westover,2011-09-15 R S Thomas 1913 2000 is the most recognizable literary figure in twentieth century Wales His controversial politics and public personality made him a cultural icon during his life and the merits of his poetry have continued to be debated in the years after his death Yet these debates have too often circled familiar ground returning to the assumed personality of the poet or to the received narrative of his experience Even the best studies have focused almost exclusively on ideas and themes As a result the poetry itself has frequently been marginalized This book argues that Thomas s reputation must be grounded in poetry not personality Unlike traditional literary biography which combines historical facts with the conventions of narrative in an attempt to understand the life of a literary figure this stylistic biography focuses on the essential relationship between the maker and the made object giving priority to the latter R S Thomas began his career by writing sugary derivative lyrics inspired by Palgrave s *Golden Treasury* yet he ended it as a form seeking experimentalist This study guides the reader through that journey tracing Thomas s stylistic evolution over six decades In so doing it asserts a priority not to look at poetry as many have as a way of affirming existing notions about an iconic R S Thomas but to come to terms with the tensions within him as they reveal themselves in the tensions rhythmic linguistic structural of the poetry itself R.S.
