Rabbinic Judaism:

The New Testament and Rabbinic Judaism David Daube, 2011-07-01 Among the many in the last century who explored the relationship between the New Testament and rabbinic Judaism David Daube must certainly be designated as among the pioneers And in the literature of that exploration along with works such as *Paul and Rabbinic Judaism* by W D Davies and Joachim Jeremias Jerusalem in the Time of Jesus Daube's *The New Testament and Rabbinic Judaism* must be awarded classic status Whether one is examining the social and religious history behind the New Testament text or analyzing the text itself *The New Testament and Rabbinic Judaism* will illumine the interpreter Daube's work stands on the shoulders of no one and has itself become a cornerstone for future study in this field This volume is a must for every library

Understanding Rabbinic Judaism Jacob Neusner, 2003-04-15 **Time and Difference in Rabbinic Judaism** Sarit Kattan Gribetz, 2022-08-09 How the rabbis of late antiquity used time to define the boundaries of Jewish identity The rabbinic corpus begins with a question when and is brimming with discussions about time and the relationship between people God and the hour *Time and Difference in Rabbinic Judaism* explores the rhythms of time that animated the rabbinic world of late antiquity revealing how rabbis conceptualized time as a way of constructing difference between themselves and imperial Rome Jews and Christians men and women and human and divine In each chapter Sarit Kattan Gribetz explores a unique aspect of rabbinic discourse on time She shows how the ancient rabbinic texts artfully subvert Roman imperialism by offering rabbinic time as an alternative to Roman time She examines rabbinic discourse about the Sabbath demonstrating how the weekly day of rest marked Jewish time from Christian time Gribetz looks at gendered daily rituals showing how rabbis created men's time and women's time by mandating certain rituals for men and others for women She delves into rabbinic writings that reflect on how God spends time and how God's use of time relates to human beings merging divine time with human time Finally she traces the legacies of rabbinic constructions of time in the medieval and modern periods *Time and Difference in Rabbinic Judaism* sheds new light on the central role that time played in the construction of Jewish identity subjectivity and theology during this transformative period in the history of Judaism *The Gospels and Rabbinic Judaism* Michael Hilton, Gordian Marshall OP, 2009-04-01 This book has grown out of Bible studies carried on jointly by a Dominican priest and a Jewish rabbi New Testament and rabbinic texts have been studied by various combined groups of Jews and Christians and the reactions of the groups noted by the authors From their experience a textbook has emerged for others to use ideally in similar joint groups The main topics covered are the great commandment the synagogue and its function the parable the Sabbath divorce and forgiveness These topics differ not only in subject matter but also in the type of comparison offered legal historical literary theological and even contracting themes Reading the texts will produce questions for dialogue some suggested questions for discussion are also included also with a useful glossary and a bibliography *Understanding Rabbinic Judaism* Jacob Neusner, 2003-04-15 *The Review of Rabbinic Judaism* Alan Avery-Peck, 2005-07 The Review of

Rabbinic Judaism the first and only annual to focus upon Rabbinic Judaism in particular will publish principal articles essays on method and criticism systematic debates Auseinandersetzungen occasional notes long book reviews reviews of issues of scholarly journals assessments of textbooks and instructional materials and other media of academic discourse scholarly and educational alike The Review fills the gap in the study of Judaism which is left by the prevailing division of Rabbinic Judaism among the standard historical periods ancient medieval modern that in fact do not apply and by the common treatment of the Judaism in bits and pieces philosophy mysticism law homiletics institutional history for example No annual in Jewish studies focuses upon the study of religion let alone upon the single most important Judaism of all time **Early rabbinic Judaism**

Jacob Neusner, 2023-09-25 The history of Jews from the period of the Second Temple to the rise of Islam *Roots of Rabbinic Judaism* Boccaccini, 2002 In a bold challenge to the long held scholarly notion that Rabbinic Judaism already was an established presence during the Second Temple period Boccaccini argues that Rabbinic Judaism was a daring reform movement that developed following the destruction of the Jerusalem temple and took shape in the first centuries of the common era **Understanding Second Temple and Rabbinic Judaism** Lawrence H. Schiffman, 2003 Describes the

Second Temple period the first few centuries before and after the common era and its influence on the development of Rabbinic Judaism which is the foundation for all of modern Judaism **The Annual of Rabbinic Judaism** Alan Jeffery Avery-Peck, William Scott Green, Jacob Neusner, 2000 The Annual of Rabbinic Judaism Ancient Medieval and Modern the first and only annual with a special focus on Rabbinic Judaism will publish principal articles essays on method and criticism systematic debates Auseinandersetzungen occasional notes long book reviews reviews of issues of scholarly journals assessments of textbooks and instructional materials and other media of academic discourse scholarly and educational alike The Annual fills the gap in the study of Judaism the religion which is left by the prevailing division of Rabbinic Judaism into the standard historical periods ancient medieval modern that in fact do not apply and by the common treatment of Judaism in bits and pieces philosophy mysticism law homiletics institutional history for example which obscures the fundamental unity and continuity of Rabbinic Judaism from beginning to the present The 2000 issue contains articles by Ithamar Gruenwald Dvora Weisberg Jacob Neusner Jose Faur Simcha Fishbane Norman Solomon and Dov Schwartz as well as reviews by Jacob Neusner Herbert W Basser and Gunter Stemberger **The Four Stages of Rabbinic Judaism** Jacob Neusner, 2003-09-02

This concise volume provides a lucid introduction to the genesis and development of Rabbinic Judaism Jacob Neusner outlines and examines the four stages in which the initial period of the historical development of Rabbinic Judaism divides beginning with the Pentateuch and ending with its definitive and normative statement in the Talmud of Babylonia He traces the development of Rabbinic Judaism by exploring the relationships between and among the cognate writings which embody its formative history **Texts and Traditions** Lawrence H. Schiffman, 1998 An indispensable companion text Texts and Traditions includes the essential documents of the various religious trends of the Second Temple and Rabbinic periods as

well as Josephus Greek and Aramaic inscriptions classical historians and talmudic sources Book Jacket Rabbinic Judaism Jacob Neusner, 2002-01-01 Rabbinic Judaism in its classical writings produced from the first through the seventh century of the Common Era sets forth a theological system that is orderly and reliable This work make its contribution in seeing in the principal conceptions of Rabbinic Judaism a logos a sustained rigorous coherent argument This title is also available in hardback ISBN 0 391 04143 6 Rabbinic Judaism Jacob Neusner, 1994 The history of the formation of Judaism and the description and analysis of its structure derive from the analysis of the traits of the documents of rabbinic literature The correlation between these documents and the principal events in the political world in which their authors lived forms the basis for the interpretation of this history documentary history of Rabbinic Judaism *From Text to Tradition* Lawrence H. Schiffman, 1991 From Text to Tradition examines the history of Judaism as it developed from the religion of biblical Israel to the Judaism of the talmudic rabbis Each step in this process is discussed from the historical literary and religious points of view and the context of the political history of the Jews Among the topics covered in this connection are the biblical heritage which underlies all later Judaism the importance of the Persian period for laying the groundwork for postbiblical Judaism the confrontation of Judaism with Hellenism apocrypha pseudepigrapha and the Dead Sea Scrolls Pharisees Sadducees and Essenes the Jewish Christian schism the impact of the Jewish revolts against Rome and the destruction of the Temple the rise of Rabbinic Judaism and the development of the Mishnah Talmud and Jewish law One of the books major theses is that the various approaches to Judaism shared sufficient common ground as to be classified as one albeit variegated religious tradition Diverging trends may be and are traced during this period as is the question of the role of interpretation the impact of external influences and the process by which the competing approaches were eventually supplanted by the rabbinic tradition which became the basis for medieval and modern Judaism In this way Judaism is shown to have travelled the long road from the textual heritage of the Hebrew Bible to the oral tradition of the rabbis **Rabbinic Judaism** Jacob Neusner, 2021-10-01 Rabbinic Judaism in its classical writings produced from the first through the seventh century of the Common Era sets forth a theological system that is orderly and reliable Responding to the generative dialectics of monotheism Rabbinic Judaism systematically reveals the justice of the one and only God of all creation Appealing to the truths of Scripture the Rabbinic sages constructed a coherent theology cogent structure and logical system to reveal the justice of God These writings identify what Judaism knows as the logos of God the theology fully manifest in the Torah This work make its contribution in seeing in the principal conceptions of Rabbinic Judaism a logos a sustained rigorous coherent argument A narrative story of the Rabbinic sages theological system sounds remarkably familiar the age old story of God s justice to which his mercy is integral of humanity s relationship with god as a possessor of the power of will and of humanity s sin and God s response This title is also available in paperback ISBN 0 391 04179 7 **Rabbinic Judaism** David Kraemer, 2015-09-07 In the aftermath of the conquest of the Holy Land by the Romans and their destruction of the Jerusalem

Temple in 70 CE Jews were faced with a world in existential chaos both they and their God were rendered homeless In a religious tradition that had equated Divine approval with peaceful dwelling on the Land this situation was intolerable So the rabbis aspirants for leadership of the post destruction Jewish community appropriated inherited traditions and used them as building blocks for a new religious structure Not unexpectedly given the circumstances this new rabbinic formation devoted considerable attention to matters of space and place Rabbinic Judaism Space and Place offers the first comprehensive study of spatiality in Rabbinic Judaism of late antiquity exploring how the rabbis reoriented the Jewish relationship with space and place following the destruction of the Jerusalem temple Drawing upon the insights of theorists such as Tuan and LeFebvre who define the crisis that homelessness represents and argue for the deep relationship of human societies to their places the book examines the compositions of the rabbis and discovers both a surprisingly aggressive rabbinic spatial imagination as well as places most notably the synagogue where rabbinic attention to space and place is suppressed or absent It concludes that these represent two different but simultaneous rabbinic strategies for re placing God and Israel strategies that at the same time allow God and Israel to find a place anywhere This study offers new insight into the centrality of space and place to rabbinic religion after the destruction of the Temple and as such would be a key resource to students and scholars interested in rabbinic and ancient Judaism as well as providing a major new case study for anthropologists interested in the study of space

The Origins of Organized Charity in Rabbinic Judaism Gregg E. Gardner, 2015-06-04 This book examines the origins of communal and institutional almsgiving in rabbinic Judaism It undertakes a close reading of foundational rabbinic texts Mishnah Tosefta Tannaitic Midrashim and places their discourses on organized giving in their second to third century CE contexts Gregg E Gardner finds that Tannaim promoted giving through the soup kitchen tamhui and charity fund quppa which enabled anonymous and collective support for the poor This protected the dignity of the poor and provided an alternative to begging which benefited the community as a whole poor and non poor alike By contrast later Jewish and Christian writings from the fourth to fifth centuries would see organized charity as a means to promote their own religious authority This book contributes to the study of Jews and Judaism history of religions biblical studies and ethics

Christianity and Rabbinic Judaism Jonas E. Alexis, 2013 Our way must be never knowingly support lies Having understood where the lies begin step back from that gangrenous edge Let us not glue back the flaking scale of the Ideology not gather back its crumbling bones nor patch together its decomposing garb and we will be amazed how swiftly and helplessly the lies will fall away and that which is destined to be naked will be exposed as such to the world Alexander Solzhenitsyn Enlightenment writer Voltaire was amazed that twelve fishermen some of them unlettered from an obscure place in the world called Galilee challenged an empire through self denial and patience and eventually established Christianity He seriously thought that twelve philosophers or intellectuals himself included would do the opposite and crush Christianity Voltaire s self appointed cheerleaders such as Diderot Helvitius d Holbach D Alembert Lametrie and Baron

Cloots among others tried to do just that and wrote volumes of work trying to tear down the basis of Christianity and erect an edifice of their own Diderot in particular declared I would sacrifice myself perhaps if I could annihilate forever the notion of God Cloots wrote We shall see the heavenly royalty condemned by the revolutionary tribunal of victorious Reason Lamettrie produced Man A Machine and an entire French encyclopedia was written between 1751 and 1772 by those philosophers because Christianity to a large degree had to go Voltaire would send letters to his disciples and friends saying crasez l inf me Rousseau of course was a disciple of Voltaire and declared that Voltaire s work inspired me The French Revolution failed Yet like all significant revolutions before and after that period the French Revolution indirectly had a theological root which was then a categorical and metaphysical rejection of Logos That theological substratum has jumped from one era to the next and had and still has historical political economic and spiritual ramifications This book is about the historical and theological struggle of that conflict which had its inception at the foot of the cross

Theological Dictionary of Rabbinic Judaism: Principal theological categories Jacob Neusner, 2005 Rabbinic theological language has made possible a vast range of discourse on many subjects over long spans of recorded time and in diverse cultural settings This theological dictionary defines the principal theological usages of Rabbinic Judaism as set forth in the Rabbinic canon of late antiquity Mishnah Talmuds and Midrash compilations It systematically lays 1 the theological categories that are native to those writings 2 cogent statements that can be made with them 3 coherent propositions that those statements set forth and within their own terms and framework logically demonstrate as true and self evident both Volume One of this dictionary covers vocabulary that permits the classification of religious knowledge and experience and the organization and categorization of those data into intelligible and cogent sense units Volume Two shows how these classifications combine and recombine in sentences We may deem these rules of theological discourse concerning religious experience to be the counterpart of syntax which words combine or do not combine with which other words in what inflection or signaled relationship and why Volume Three shows how the theology accomplishes its goals of analysis explanation and anticipation in order to make sense of and impose meaning upon a subject That marks the point at which constructive theology commences and systematic theology will find its language
