Maus, 2012-10-15 Unvarnishing Reality draws original insight to the literature politics history and culture of the cold war by closely examining the themes and goals of American and Russian satirical fiction As Derek C Maus illustrates the paranoia of nuclear standoff provided a subversive storytelling mode for authors from both nations including Thomas Pynchon Robert Coover John Barth Walker Percy Don DeLillo Kurt Vonnegut Jr Vasily Aksyonov Yuz Aleshkovsky Alexander Zinoviev Vladimir Voinovich Fazil Iskander and Sasha Sokolov Maus surveys the background of each nation s culture language sociology politics and philosophy to map the foundation on which cold war satire was built By highlighting common themes of utopianism technology and propaganda Maus effectively shows the ultimate motive of satirists on both sides was to question the various forces contributing to the cold war and to expose the absurdity of the continuous tension that pulsed between the United States and the Soviet Union for nearly half a century Although cold war literature has been studied extensively few critics have focused so keenly on comparisons of satirical fictions by Russian and American writers that condemn and subvert the polarizing ideologies inherent in superpower rivalry Such a comparison reveals thematic and structural similarities that transcend specific national and cultural origins In considering these works together Maus locates a thoroughgoing humanistic refutation of the cold war and its operative doctrines as well as a range of proposed alternatives Just as the cold war combatants ultimately reconciled in 1991 with the fall of the Soviet Union Maus seeks to bring these two literary canons together now Their thematic scope transcends cultural differences and as Maus demonstrates these writers saw that there was not only the atomic bomb to fear but also the dangers of complete national militarization and the constant polarizing threat of emergency Thus their cold war critiques still resonate today and invite further comparative studies such as this one      Russian Experimental Fiction Edith W. Clowes, 2014-07-14 In the three decades following Stalin s death major underground Russian writers have subverted Soviet ideology by using parody to draw attention to its basis in utopian thought Referring to utopian writing as diverse as Defoe s Robinson Crusoe Dostoevsky s Notes from Underground and Orwell s Animal Farm they have tested notions of truth reality and representation They have gone beyond their precursors by experimenting with the tensions between ludic and didactic art Edith Clowes explores these meta utopian narratives which address a wide range of attitudes toward utopia to expose the challenge that literary play poses to dogmatism and to elucidate the sense of renewal it can bring to social imagination Using both structural analysis and reception theory she introduces readers outside Russia to a fascinating body of literature that includes Aleksandr Zinoviev s The Yawning Heights Abram Terts s Liubimov Vladimir Voinovich s Moscow 2042 and Liudmila Petrushevskaya s The New Robinsons Not advocating its own utopian alternative to current social realities meta utopian fiction investigates the function of a deep

human impulse to imagine project and enforce alternative social orders Clowes examines the technical innovations meta utopian writers have made in style image and narrative structure that inform fresh modes of social imagination Her analysis leads to an inquiry into the intended and real audiences of this fiction and into the ways its authors try to move them toward more sophisticated social discourse Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Stalin in Russian Satire, 1917-1991** Karen L. Ryan, 2009-11-24 During Stalin's lifetime the crimes of his regime were literally unspeakable More than fifty years after his death Russia is still coming to terms with Stalinism and the people's own role in the abuses of the era During the decades of official silence that preceded the advent of glasnost Russian writers raised troubling questions about guilt responsibility and the possibility of absolution Through the subtle vehicle of satire they explored the roots and legacy of Stalinism in forms ranging from humorous mockery to vitriolic diatribe Examining works from the 1917 Revolution to the fall of the Soviet Union in 1991 Karen L Ryan reveals how satirical treatments of Stalin often emphasize his otherness distancing him from Russian culture Some satirists portray Stalin as a madman Others show him as feminized animal like monstrous or diabolical Stalin has also appeared as the unquiet dead a spirit that keeps returning to haunt the collective memory of the nation While many writers seem anxious to exorcise Stalin from the body politic for others he illuminates the self in disturbing ways To what degree Stalin was and is in us is a central question of all these works Although less visible than

public trials policy shifts or statements of apology Russian satire has subtly yet insistently participated in the protracted process of de Stalinization     **The Living Age** ,1851     **IN AND OUT OF THE RABBIT HOLE** Valerie Conner,2025-08-28
