Mother-Texts Julie Kelso,Marie Porter,2010-07-12 Every day human beings tell and are told stories sometimes in obvious ways sometimes not Most of our communication with each other direct or indirect involves narrative production and reception Narrative is constitutive of human being However whose narratives are heard Feminists argue that the relations between language knowledge gender and power particularly the question as to whether man made and controlled language is a material fit to receive and convey woman s stories are critical issues because historically patriarchy has worked to silence women s dialogue Male knowledge unsurprisingly created and continues to create unrepresentative maternal narratives which lead to unreal expectations of mothers and motherwork It is therefore disconcertingly significant for mothers that neither mothers nor their motherwork have been considered worthy of historical record nor are historical records usually written from a mother s perspective Hence the narrative research in this book which gives recognition to motherhood mothers and or the work they do is valuable It adds to the rapidly accumulating maternal research research that is now available for the historical record Mothers are speaking up developing a canon of literature research narrated in maternal language and claiming maternal knowledge and power

this book will be a revelation to its readers *The End of Transgression in Japanese Women's Writing* David S. Holloway, 2024-12-31 This book argues for a new articulation of the ways in which transgression is theorized in contemporary literature by Japanese women Exploring the rhetorical and discursive mechanics of literary bad girls from fiction produced during the millennial turn 1990 2010 the book contends that women writers today deploy truant unruly restless and aggressive female protagonists not to challenge the status quo but rather to reaffirm it While Japanese women's fiction has long been invested in cultivating an uncomfortable politics of opposition through unladylike themes such as sex sexuality and violence the book argues that today authors turn to such acts of defiance to quietly advocate for the primacy of Japanese social order Showing how transgression has not only lost its political and disruptive valence in contemporary women's fiction this book further reveals how discourses of dissent can be retooled to promote a conservative worldview A fascinating literary analysis which reads Japanese literature in relation to the receding value of rebellion today this book will be of huge interest to students and scholars of Japanese literature gender and cultural studies *The Mountain is Moving* Patricia Morley, 1999 In Imperial times in Japan women were subservient inferiors in theory they were liberated by the democratic constitution imposed by the US after World War II but in real life Japan change is glacially slow Here that slow changing reality is juxtaposed with the fast moving aspirations of Japanese women The author achieves this through wide ranging interviews with Japanese women and by using a range of contemporary Japanese literature **Handbook of Modern and Contemporary Japanese Women Writers** Rebecca Copeland, 2025-10-01 The Handbook of Modern and Contemporary Japanese Women Writers offers a comprehensive overview of women writers in Japan from the late 19th century to the early 21st Featuring 24 newly written contributions from scholars in the field representing expertise from North America Europe Japan and Australia the Handbook introduces and analyzes works by modern and contemporary women writers that coalesce loosely around common themes tropes and genres Putting writers from different generations in conversation with one another reveals the diverse ways they have responded to similar subjects Whereas women writers may have shared concerns the pressure to conform to gendered expectation the tension between family responsibility and individual interests the quest for self affirmation each writer invents her own approach As readers will see we have writers who turn to memoir and autobiography while others prefer to imagine fabulous fictional worlds Some engage with the literary classics whether Japanese Chinese or European and invest their works with rich intertextual allusions Other writers grapple with colonialism militarism nationalism and industrialization This Handbook builds a foundation which invites readers to launch their own investigations into women's writing in Japan **The Postwar Developments of Japanese Studies in the United States** Helen Hardacre, 1998 This volume of twelve essays with useful bibliographies in the fields of history art religion literature anthropology political science and law documents the history of United States scholarship on Japan since 1945 **The Columbia Companion to Modern East Asian Literature** Joshua S. Mostow, 2003-07-10 This extraordinary one volume

Hane,2018-04-27 This book presents the essential facts of modern Japanese history It covers a variety of important developments through the 1990s giving special consideration to how traditional Japanese modes of thought and behavior have affected the recent developments **The Postwar Development of Japanese Studies in the United States** Helen

Hardacre,2023-07-17 The present volume documents the postwar history of United States scholarship on Japan A careful selection of North American scholars under the general editorship of Helen Hardacre Reischauer Institute Professor of Japanese Religions and Society at Harvard University shows that a range of factors have directed Japanese studies in the United States since 1945 Among these factors are social and political change in Japan and the United States shifts in dominant scholarly concerns about Japan and changing evaluations of area studies The work consists of twelve essays in a wide variety of fields history art religion literature anthropology political science and law Each essay chronicles postwar scholarship in its particular discipline and provides a useful bibliography to serve further reference The general aim of the volume is to put current debates in historical perspective and to help assess the field s achievements It identifies areas requiring more work and charts directions for the future **The Woman's Hand** Paul Gordon Schalow,Janet A.

Walker,1996 This volume has a dual purpose It aims to define the state of Japanese literary studies in the field of women s writing and to present cross cultural interpretations of Japanese material of relevance to contemporary work in gender studies and comparative literature **Lost Leaves** Rebecca L. Copeland,2000-06-01 Most Japanese literary historians have

suggested that the Meiji Period 1868 1912 was devoid of women writers but for the brilliant exception of Higuchi Ichiyo 1872 1896 Rebecca Copeland challenges this claim by examining in detail the lives and literary careers of three of Ichiyo s peers each representative of the diversity and ingenuity of the period Miyake Kaho 1868 1944 Wakamatsu Shizuko 1864 1896 and Shimizu Shikin 1868 1933 In a carefully researched introduction Copeland establishes the context for the development of female literary expression She follows this with chapters on each of the women under consideration Miyake Kaho often regarded as the first woman writer of modern Japan offers readers a vision of the female vitality that is often overlooked when discussing the Meiji era Wakamatsu Shizuko the most prominent female translator of her time had a direct impact on the development of a modern written language for Japanese prose fiction Shimizu Shikin reminds readers of the struggle women endured in their efforts to balance their creative interests with their social roles Interspersed throughout are

excerpts from works under discussion most never before translated offering an invaluable window into this forgotten world of women's writing

Be a Woman Joan E. Ericson, 1997-09-01 Joan Ericson's magnificent survey of writing by Japanese women significantly advances the current debate over the literary category of women's literature in modern Japan and demonstrates its significance in the life and work of twentieth century Japan's most important woman writer Hayashi Fumiko 1903 1951 Until the early 1980s the literary category of women's literature joryu bungaku segregated most writing by modern Japanese women from the literary canon Women's literature was viewed as a sentimental and impressionistic literary style that was popular but was critically disparaged A close scrutiny of Hayashi Fumiko's work in particular the two pieces masterfully translated here the immensely popular novel Horoki Diary of a Vagabond and Suisen Narcissus shows the inadequacies of categorizing her writing as women's literature Its originality and power are rooted in the clarity and immediacy with which Hayashi is able to convey the humanity of those occupying the underside of Japanese society especially women
