**Rabin** Lea Rabin,1997 Beginning with the brutal murder of her husband before her eyes Leah Rabin recounts in clear sighted detail the events of her forty eight years with Rabin from their dramatic courtship during service in the Palmach the elite strike force of the underground Jewish army to their marriage during the 1948 War of Independence from his ascent as a brilliant military tactician and his role as chief of staff of Israel s armed forces during the breathtaking victories of the 1967 Six Day War to his entry into political life first as Israeli ambassador to the United States then as cabinet minister to Golda Meir after the Yom Kippur War and later as Israel s sixth and then youngest prime minister in 1974 BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [The Alster Files](#) Joseph Alster,2001 [The Middle East and South Asia 2017-2018](#) Seth Cantey,2017-08-25 This volume is designed to place in context the passionate controversies and emotional attachments of the two billion people who live study work love and die in the Middle East and South Asia Understanding these regions means more than annually updated details of the governments politics cultures and economies of the twenty four nations and assorted territories Special chapters address significant issues of continuing international importance including access to water the role of oil and the 2011 Arab spring Both regions after all contain types of people misunderstood and often intensely disliked by others Where religion intrudes on politics the Afghan Taliban oppose educating girls Hindu fanatics rampage in India Iranian militiamen shoot demonstrators Islamic extremists impose sharia and Jewish Ultra Orthodox send women to the back of the bus readers bombarded with superficial news bites and slanted reporting might never sense the other accomplishments of these same societies Islamic charities and societies bring relief to the impoverished Israel s scholars win Nobel prizes and most Indians cherish long standing religious toleration The author of this volume attempts to let the reader draw conclusions from the evidence *The Middle East and South Asia 2020-2022* Elisabeth Yarbakhsh,2021-09-15 The World Today Series The Middle East and South Asia More than a quarter of the world s population live in the Middle East and South Asia yet our knowledge and understanding of the region is often limited to news updates about the latest conflicts and crises This edition of the annually updated volume of the World Today Series provides important insights that take the reader beyond the headlines It offers detailed and up to date information about the politics economies and societies of the twenty four states that make up the region Contemporary events are placed in their historical context through an examination of major civilizations and key historical events This volume introduces major themes that have shaped the region including the struggles of ordinary people to achieve democratic rights the role of oil in shaping society burgeoning environmental threats and the rise and fall of the Islamic State caliphate While there is reason for optimism in regards to the Middle East and South Asia this is tempered by the very real challenges that confront the region The general reader will gain an understanding of these challenges and opportunities through an exploration of current and past developments **The Brink of Peace** Itamar Rabinovich,2009-07-01 A major casualty of the assassin s

bullet that struck down Israeli Prime Minister Yitzhak Rabin was a prospective peace accord between Syria and Israel For the first time a negotiator who had unique access to Rabin as well as detailed knowledge of Syrian history and politics tells the inside story of the failed negotiations His account provides a key to understanding not only U S diplomacy in the Middle East but also the larger Arab Israeli peace process During the period from 1992 to 1996 Itamar Rabinovich was Israel s ambassador to Washington and the chief negotiator with Syria In this book he looks back at the course of negotiations terms of which were known to a surprisingly small group of American Israeli and Syrian officials After Benjamin Netanyahu s election as Israel s prime minister in May 1996 a controversy developed Even with Netanyahu s change of policy and harder line toward Damascus Syria began claiming that both Rabin and his successor Peres had pledged full withdrawal from the Golan Heights Rabinovich takes the reader through the maze of diplomatic subtleties to explain the differences between hypothetical discussion and actual commitment To the students of past history and contemporary politics he writes nothing is more beguiling than the myriad threads that run across the invisible line which separates the two The threads of this story include details of Rabin s negotiations and their impact through two subsequent Israeli administrations in less than a year the American and Egyptian roles and the ongoing debate between Syria and Israel on the factual and legal bases for resuming talks The author portrays all sides and participants with remarkable flair and empathy as only a privileged player in the events could do In any assessment of future negotiations in the Middle East Itamar Rabinovich s book will prove indispensable

Effective Leadership in Nigeria Dr. Onyema G. Nkwocha, 2012-01-04 Effective Leadership In Nigeria Practical Ways To Build an Effective Inspiring Transformational and Visionary Leadership and Governance in Nigeria is mostly based on the current apathetic and virtual lack of effective and visionary leadership situation in contemporary Nigeria and distills the golden gems principles processes procedures and practical applications inherent in effective inspiring visionary and enthusiastic leadership It attempts at instituting building and encouraging good effective and visionary leadership in the nation and that is currently virtually lacking From the outset the author makes it clear that this writing is not designed to model or fit any known leadership paradigm theory or management style Rather based on relevant research on leadership as it impacts the Nigerian situation the book attempts to explore what it takes for there to be an effective and good leadership to successfully lead and change Nigeria for the better The book is written and organized in a way that reflects and captures the contemporary experiences

frustrations psychological emotions aspirations and hopes of every Nigerian and perhaps of promising politicians and future leaders who are honestly touched by the virtual vacuum of real and effective leadership in the country their concerns questions dreams and the expectations that have virtually gone unmet in the past more than half a century Properly elucidating what leadership means and differentiating it from rulership this book couldn't have come at a better time to assist Nigeria's leadership struggles A masterpiece Dr Nkwocha has taken the current apathetic leadership lull and almost leadership void in the nation and set the leadership principles and processes on the cutting edge The book is a definitive guide to anyone aspiring to the leadership of Nigeria and is therefore in search of meaningful leadership its principles processes and pragmatic applications The book is a must read

**To Kill a Country** Pamela J. Ray, 2006-05-01 **Shifting Lines, Entangled Borderlands** Jan Musekamp, 2024-03-05 Tracing multiple mobilities entangled borderlands microhistory and space and human and nonhuman actors Jan Musekamp demonstrates how an inner Prussian railroad line turned into a transnational force overcoming borders and connecting Europeans in a time of rising nationalism Shifting Lines Entangled Borderlands investigates the dichotomy between a globalizing world and tighter border control in nineteenth century Central and Eastern Europe focusing on the Royal Prussian Eastern Railroad Ostbahn between the 1830s and 1930s The line was initially planned as a major internal modernizing project to connect Prussia's capital of Berlin to East Prussia's provincial capital of Königsberg today's Kaliningrad Soon the Ostbahn connected to the growing Imperial Russian railroad network thus becoming a backbone of European East West transportation in trade tourism technological exchange and migration The First World War temporarily disrupted and reconfigured existing networks adapting them to new political regimes and borders However World War II and its aftermath altered mobility patterns more permanently dividing not only the Ostbahn tracks but the whole continent for decades to come From border towns and major cities to unique structures such as stations or bridges this volume analyzes the obvious and not so obvious nodes of the Central and Eastern European rail network and the spaces in between

**Negotiating Under Fire** Matthew Levitt, 2008-08-28 The impact of severe security crises on peace negotiations represents one of the most significant facets of modern conflict resolution theory to remain under researched It also stands out as the factor most likely to derail inherently sensitive negotiations Negotiating Under Fire explores how such crises between two nations impact diplomatic initiatives between those countries How do the negotiators willingness and ability to continue influence the outcome Do the levels of legitimacy trust and confidence within and between the parties change in such strained negotiations Through a detailed analysis of three critical moments in the Oslo peace process the Baruch Goldstein Hebron massacre of 1994 the Nachshon Wachsman kidnapping and execution of 1994 and the nine day string of suicide bus bombings carried out in Israel in March of 1996 the author concludes that insurgents or those hostile to peace talks can and do undermine negotiations

**Culture in International Negotiation** Anas Alabbadi, 2015-09-23 As our world advances in the fields of communication transportation and commerce among others it becomes smaller more interlinked and interdependent as well Geographical borders have hardly any power in controlling the flow of information and ideas However it is not only good ideas that are crossing borders but also challenges and conflicts Such factors require higher forms of cooperation and communication among governments institutions and people Together with cooperation and communication come agreements and disagreements and the development of methods that can be used in reaching such agreements and overcoming disagreements

**The Political Psychology of Israeli Prime Ministers** Yael S. Aronoff, 2014-05-29 This book examines leaders of the seemingly intractable conflict between Israel and its Palestinian neighbors It takes as an intellectual target of opportunity six Israeli prime ministers asking why some of them have persisted in some hard line positions but others have opted to become peacemakers This book argues that some leaders do change and above all it explains why and how such changes come about This book goes beyond arguing simply that leaders matter by analyzing how their particular belief systems and personalities can ultimately make a difference to their country's foreign policy especially toward a long standing enemy Although no hard liner can stand completely still in the face of important changes only those with ideologies that have specific components that act as obstacles to change and who have an orientation toward the past may need to be replaced for dramatic policy changes to take place

**Israeli Politics and the Middle East Peace Process, 1988-2002** Hassan A. Barari, 2004-07-31 The book is a fresh interpretation of Israeli foreign policy vis vis the peace process one that deems domestic political factors as

the key to explain the shift within Israel from war to peace The main assumption is that peacemaking that entails territorial compromise is an issue that can only be completely comprehended by understanding the interaction of domestic factors such as inter party politics ideology personality and the politics of coalition Although the bulk of the book focuses on how internal inputs informed the peace process the book takes into account the external factors and how they impacted on the internal constellation of political forces in Israel
