## **Race Groupwork:**

Race and Groupwork Tara Mistry, Allan G. Brown, 1997 Groupwork literature and practice theory is largely eurocentric. The issues facing black groupworkers and the groupwork needs of service users from minority communities are inadequately addressed in available material. In some countries anti racist and race equality perspectives are now under attack. Race and Groupwork provides a coherent overview of its subject. The Editors have included innovative material by front line practitioners working with black and multiracial groups as well as articles on the theoretical and philosophical principals raised. Several articles reflect on some of the inhibiting and oppressive organisational factors which can hamper this important work and suggest approaches which might enable more facilitative policies. A-Z of Groups and Groupwork Mark Doel, Timothy Kelly, 2013-11-28 Launching Palgrave's new interdisciplinary Professional Keywords series this reader friendly reference guide distils the vast field of groupwork study and practice into digestible yet authoritative chunks. With over 60 alphabetized entries it is the perfect introduction to groupwork for health and social care practice. **Groupwork** Allan Brown, 2017-07-05 This highly successful book on groupwork practice first published in 1979 has become a standard introductory text on most social work training courses. It is very popular with social workers whatever their agency setting and is also used by health visitors, youth workers and the voluntary sector. All key sections from previous editions have been retained and updated while those on group composition, open groups, co working and consultation have been extended and revised to give more comprehensive coverage. Gender and Groupwork Marcia Cohen, Audrey Mullender, 2003-09-02 Thinking about gender can enrich the work of all groupwork practitioners and can make a real difference in people's lives. Based on practice experience in both the UK and the USA Gender and Groupwork brings together the best of groupwork knowledge, skills and values in a true transatlantic partnership. The book summarises the history of gender based groups for both women and men and outlines a wide range of exciting and challenging examples of groups in different contexts. Often moving and always engrossing these accounts encompass groups for older women and women facing inequalities in health care. Innovative work with homeless people with caregivers and lesbian and gay youth is described in detail and there is a particular focus on domestic violence where groups can often be the intervention of choice. Gender and Groupwork demonstrates that despite the challenges of post structuralism and postmodernism the practice of groupwork is alive and well. It provides new ideas and new models to help move practice forward making it a welcome addition to the groupwork literature. Race and Probation Sam Lewis, 2013-05-13 The issue of minority ethnic groups' experiences of the criminal justice process and in particular whether they are subject to disadvantageous treatment has received much attention in recent years following high profile events such as the publication of the Macpherson report in 1999 and the riots involving British born Asian youths in northern towns in 2001. At the same time there has been a burgeoning body of research evidence about the needs and experiences of minority ethnic offenders, the behaviour of racially motivated offenders and concern with

What Works to reduce recidivism by members of both groups This book reviews this field drawing upon the largest study of minority ethnic probationers ever conducted in Europe and seeks to understand the stark contrast between the experience of white and black minority ethnic people in some areas of the criminal justice system Part 1 of the book sets out the context of recent policy research and practice initiatives Part 2 focuses on the needs and experiences of minority ethnic offenders Part 3 discusses aspects of recent practice and policy Part 4 reviews conclusions and the way forward Race and Probation also contributes to the wider debate about race and crime The lessons learned will be of key importance as new arrangements linked to NOMS National Offender Management Service come in to place It will be essential reading for probation trainees and students of criminal justice for probation practitioners and managers and for academics and researchers in the field

Theory and Practice in Social Group Work  
Kenneth L. Chau, Marie Weil, Danna Southerland, 2019-06-04. Here is an important look at creative ways to successfully blend theoretical knowledge with skillful intervention in social group work. Theory and Practice in Social Group Work represents leading works in conceptual development that creatively connect practice with theory and also reflect the current diversity of interventions in group work practice. The book calls for more carefully articulated connections between knowledge and action and maps a strategy for strengthening social work curriculum and expanding group work practice. Some of the areas discussed include group work in medical and health settings, group work with people undergoing life cycle transitions, and group work interventions with vulnerable populations. A wide range of possibilities for applying theories in group work situations are presented in this thought-provoking volume. Some specific examples discussed include group work interventions with persons affected by the AIDS crisis and persons at high risk of contracting HIV; a group model for the management of chronic pain; group intervention services for the homeless mentally ill delivered through a mobile outreach team; a bingo group in an SRO hotel; group work with adults molested as children; and a model of practice for work with minority populations and communities.
