Race Class Women And The State:

Race, Class, and Gender in the United States Paula S. Rothenberg, 2007 This book undertakes the study of issues of race gender and sexuality within the context of class Pref Women And The State Shirin Rai, Geraldine Lievesley, 2013-07-23 Offering a wide ranging selection of case studies this book evaluates women s political social and economic involvement in Third World countries It explores both specific experiences of women as well as common themes such as identity empowerment and the conflict between tradition and modernity **Race, Class, Women and the State** Tanya Schechter, 1998 Examines the effect of Canadian immigration policies on both the public and the private worlds of Canadian women **Pobladoras, Indígenas, and the State** Patricia Richards, 2004 This critical analysis of the role of the state diversity of women s movements and the social and political position of indigenous peoples of Latin America provides an illuminating discussion of the ways in which the state defines women s interest and constructs women s citizenship The Motherless State Eileen McDonagh, 2009-08-01 American women attain more professional success than most of their counterparts around the world but they lag surprisingly far behind in the national political arena Women held only 15 percent of U S congressional seats in 2006 a proportion that ranks America behind eighty two other countries in terms of females elected to legislative office A compelling exploration of this deficiency The Motherless State reveals why the United States differs from comparable democracies that routinely elect far more women to their national governing bodies and chief executive positions Explaining that equal rights alone do not ensure equal access to political office Eileen McDonagh shows that electoral gender parity also requires public policies that represent maternal traits Most other democracies she demonstrates view women as more suited to govern because their governments have taken on maternal roles through social welfare provisions gender quotas or the continuance of symbolic hereditary monarchies The United States has not adopted such policies and until it does McDonagh insightfully warns American women run for office with a troubling disadvantage *Women and the Canadian Welfare State* Patricia Marie Evans, Gerda R. Wekerle, 1997-01-01 Explains not only how women are affected by changes in policy and programming but how they can take an active role in shaping these changes **Experiencing Race, Class, and Gender in the United States** Virginia Cyrus, 1997 Our Social World: Condensed Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2019-07-09 Our Social World Condensed by Jeanne H Ballantine Keith A Roberts and Kathleen Odell Korgen inspires you to develop your sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day to day basis The award winning author team organizes the text around the Social World model a conceptual framework that demonstrates the relationships among individuals the micro level organizations institutions and subcultures the meso level and societies and global structures the macro level The use of the Social World Model across chapters represented in a visual diagram in the chapter openers helps you to develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of

discrete subjects The Condensed version is adapted from Our Social World Introduction to Sociology The Sixth Edition of the Condensed version is made approximately 30% shorter than the full edition by removing selected boxes editing the main narrative and combining four chapters into two Family Education and Politics Economics *Investigating Social Problems* A. Javier Trevino, 2024-05-16 General Editor A Javier Trevino working with a panel of experts thoroughly examines all aspects of social problems providing a contemporary and authoritative introduction to the field Each chapter is written by a specialist on that particular topic This unique contributed format ensures that the research examples and theories described are the most current and relevant available The text is framed around three major themes intersectionality the interplay of race ethnicity class and gender the global scope of many problems and how researchers take an evidence based approach to studying problems Power and Inequality Levon Chorbajian, 2021-05-30 Successfully bringing together accessible readings that cover the broad range of issues of importance to those studying politics and society this new edition of Power and Inequality provides a unique mix of theoretical and empirical pieces such as state and electoral politics that address both classic issues in political sociology and more recent developments such as globalization With strong integration of race and gender throughout this collection offers a coherent analysis of power that reflects the contributions of a variety of critical perspectives including Marxism feminism critical race theory postmodernism and power structure theory **The Routledge History of Twentieth-Century United States** Jerald Podair, Darren Dochuk, 2018-05-02 The Routledge History of the Twentieth Century United States is a comprehensive introduction to the most important trends and developments in the study of modern United States history Driven by interdisciplinary scholarship the thirty four original chapters underscore the vast range of identities perspectives and tensions that contributed to the growth and contested meanings of the United States in the twentieth century The chronological and topical breadth of the collection highlights critical political and economic developments of the century while also drawing attention to relatively recent areas of research including borderlands technology and disability studies Dynamic and flexible in its possible applications The Routledge History of the Twentieth Century United States offers an exciting new resource for the study of modern American history **Women, Race, & Class** Angela Y. Davis, 2011-06-29 From one of our most important scholars and civil rights activist icon a powerful study of the women s liberation movement and the tangled knot of oppression facing Black women Angela Davis is herself a woman of undeniable courage She should be heard The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism from abolitionist days to the present and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation Here Davis not only contextualizes the legacy and pitfalls of civil and women s rights activists but also discusses Communist

women the murder of Emmitt Till and Margaret Sanger's racism Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape reproductive freedom housework and child care in this bold and indispensable work

Class and Inequality in the United States Berch Berberoglu,2024-09-18 Highlighting the need to find solutions for current problems in American society moving forward Berch Berberoglu provides a captivating read for anyone interested in understanding how working people today can have a lasting impact on a better and more equitable society in the future

Surgery and Salvation Elizabeth O'Brien,2023-10-16 In this sweeping history of reproductive surgery in Mexico Elizabeth O'Brien traces the interstices of religion reproduction and obstetric racism from the end of the Spanish empire through the post revolutionary 1930s Examining medical ideas about operations including cesarean section abortion hysterectomy and eugenic sterilization Catholic theology and notions of modernity and identity O'Brien argues that present day claims about fetal personhood are rooted in the use of surgical force against marginalized and racialized women This history illuminates the theological patriarchal and epistemological roots of obstetric violence and racism today O'Brien illustrates how ideas about maternal worth and unborn life developed in tandem Eighteenth century priests sought to save unborn souls through cesarean section while nineteenth century doctors aimed to salvage some unmarried women's social reputations via therapeutic abortion By the twentieth century eugenicists wished to regenerate the nation's racial profile in part by sterilizing women in public clinics The belief that medical interventions could redeem women children and the nation is what O'Brien refers to as salvation through surgery As operations acquired racial and religious significances Indigenous Afro Mexican and mixed race people's bodies became sites for surgical experimentation Even during periods of Church state conflict O'Brien argues the religious valences of experimental surgery manifested in embodied expressions of racialized and often coercive medical science

A Companion to African-American Philosophy Tommy L. Lott,John P. Pittman,2008-04-15 This wide ranging multidisciplinary collection of newly commissioned articles brings together distinguished voices in the field of Africana philosophy and African American social and political thought Provides a comprehensive critical survey of African American philosophical thought Collects wide ranging multidisciplinary newly commissioned articles in one authoritative volume Serves as a benchmark work of reference for courses in philosophy social and political thought cultural studies and African American studies

Doing Gender Diversity Rebecca F. Plante,Lis M. Mau,2018-04-17 This cutting edge reader demonstrates the multiple ways in which the universe of gender is socially culturally and historically constructed The selections focus on gender itself how gender operates socioculturally exists functions and is presented in micro and macro interactions In order to avoid balkanization the authors examine the various ways in which culture intersects with individuals to produce the range of presentations of self that we call gender from people born male who become adult men to lesbian women to transmen and everyone else on the diverse gender spectrum

Gender and Jim Crow Glenda Elizabeth Gilmore,2013-04-01 Glenda Gilmore recovers the rich nuances of southern political history by placing black women at its

center She explores the pivotal and interconnected roles played by gender and race in North Carolina politics from the period immediately preceding the disfranchisement of black men in 1900 to the time black and white women gained the vote in 1920 Gender and Jim Crow argues that the ideology of white supremacy embodied in the Jim Crow laws of the turn of the century profoundly reordered society and that within this environment black women crafted an enduring tradition of political activism According to Gilmore a generation of educated African American women emerged in the 1890s to become in effect diplomats to the white community after the disfranchisement of their husbands brothers and fathers Using the lives of African American women to tell the larger story Gilmore chronicles black women s political strategies their feminism and their efforts to forge political ties with white women Her analysis highlights the active role played by women of both races in the political process and in the emergence of southern progressivism In addition Gilmore illuminates the manipulation of concepts of gender by white supremacists and shows how this rhetoric changed once women black and white gained the vote

Sisters in the Statehouse Nadia E. Brown, 2014 Theories of descriptive representation among female legislators consistently document the ways in which women are marginalized in office However they tend to treat identity as constant over time and context and so fail to account for the substantive work of legislators *Sisters in the Statehouse* looks at the situation from a different angle taking an in depth look at African American female state legislators to examine the impact of race and gender on Black women s political experiences policy preferences and legislative influence Brown links personal narratives to the political behavior of her interview subjects to understand how their experiences with racism and sexism have influenced their legislative decision making and policy preferences As such this is the first study that empirically examines how difference is recognized and put into practice among Black women legislators Brown demonstrates that identity influences political decision making in ways that distinguish the work of Black women from that of other state legislators *Sisters in the Statehouse* is a groundbreaking inquiry into how an intersectional approach can enhance our understanding of political representation
