Race In Britain Continuity Change:

Race in Britain, 1980 **Race, Faith and Planning in Britain** Richard Gale, Huw Thomas, 2020-09-21 *Race Faith and Planning in Britain* adopts a Critical Race Theory perspective to analyse and discuss challenges of planning in contemporary multi ethnic Britain Exploring how planning is affected by and affects the racialisation of social relations this book charts the history of the UK planning system s approach in terms of the spatial consequences of immigration and discourses of diversity cohesion citizenship and belonging Authors Richard Gale and Huw Thomas pay special attention to the experiences of minority groups in Britain including Gypsies and Travellers and British Muslims They underline that the struggle over planning in racialised societies must be construed as part of a wider political struggle over equality This book is an essential read for students and practitioners of planning in multi cultural contexts **Race, War and Nationalism** Glenford D.

Howe, 2002 Glenford Howe s social history of the soldiers of the British West Indies Regiment assesses the impact of World War One on West Indian history and reveals the true nature of military relations and the gradual decline in morale

Citizenship and Immigration in Postwar Britain Randall Hansen, 2000-06-01 In this contentious and ground breaking study the author draws on extensive archival research to provide a new account of the transformation of the United Kingdom into a multicultural society through an analysis of the evolution of immigration and citizenship policy since 1945 Against the prevailing academic orthodoxy he argues that British immigration policy was not racist but both rational and liberal In this ground breaking book the author draws extensively on archival material and theoretical advances in the social science literature *Citizenship and Immigration in Post war Britain* examines the transformation since 1945 of the UK from a homogeneous into a multicultural society Rejecting a dominant strain of sociological and historical inquiry emphasizing state racism Hansen argues that politicians and civil servants were overall liberal relative to the public to which they owed their office and that they pursued policies that were rational for any liberal democratic politician He explains the trajectory of British migration and nationality policy its exceptional liberality in the 1950s its restrictiveness after then and its tortured and seemingly racist definition of citizenship The combined effect of a 1948 imperial definition of citizenship adopted independently of immigration and a primary commitment to migration from the Old Dominions locked British politicians into a series of policy choices resulting in a migration and nationality regime that was not racist in intention but was racist in effect In the context of a liberal elite and an illiberal public Britain s current restrictive migration policies result not from the failing of its policy makers but from those of its institutions 'Race', Sport and British Society Ben Carrington, Ian

McDonald, 2002-01-04 Contrary to the popular belief that sport is an arena largely free from the corrosive effects of racism this book argues that racism is evident throughout British sport From playing fields and boardrooms of sports organisations to the offices of sports policy makers and the media this book breaks new ground in showing how discourses of race and nation continue to pervade our sporting life Looking at a range of sports including football rugby league and cricket this book

covers key topics such as British nationalism and nationalist ideology racial science and the images of Asian and black physicality sport racism and the law black feminism and the issues of race gender and sport the role of the media in perpetuating and challenging racial stereotypes Challenging the prevailing liberal view that sport is one area of society where good race relations are developed this book offers a wealth of research material and a strong theoretical perspective on contemporary British sport It will therefore be of vital interest to sociologists sports studies students sport policy makers and anyone with an interest in contemporary British sport

Commission for Racial Equality Ray Honeyford, 2017-11-30 In the United Kingdom as in the United States race relations are surrounded with taboos defined by the politically correct concepts of what Ray Honeyford calls the race relations lobby This lobby championed by the Commission for Racial Equality CRE has a vested interest in depicting the United Kingdom as a society rotten with endemic racism and its ethnic minorities as victims doomed to failure An outgrowth of the Race Relations Act of 1976 the Commission was founded in response to worthy concerns about race and patterned after its American prototype the Congress of Racial Equality Its constant demands for increased powers have only increased with the coming into power of the New Labour Party That makes Ray Honeyford's critique all the more urgent Honeyford exposes the policies and practices of the Commission to public view encouraging informed debate about its need to exist The CRE possesses considerable legal powers powers which seriously undermine the great freedoms of association contract and speech as associated with the United Kingdom Without denying the presence of racial prejudice Honeyford shows that the picture of the United Kingdom as a divisive nation is a serious misrepresentation Placing the CRE in its historical and political context Honeyford outlines its powers and analyzes its formal investigations in the fields of education employment and housing He also examines its publicity machine and its effect on public and educational libraries He points out the danger of uncritically replicating the American experience According to Honeyford Americans have replaced a melting pot notion of society with all citizens loyal to a national ideal with a tossed salad concept which encourages the creation of self-conscious separate and aggressive ethnic groups each claiming special access to the public purse and having little regard for national cohesion and individual liberties
