Race On The Edge Of Time:

A Woman on the Edge of Time Jeremy Gavron, 2016-09-20 London 1965 A brilliant young woman a prescient advocate for women's rights at the dawn of modern feminism has just gassed herself to death leaving behind a suicide note two young sons and a soon to be published sociological study *The Captive Wife* Conflicts of Housebound Mothers Hannah Gavron had seemingly led a charmed life since childhood She had been a champion equestrian had studied acting alongside Peter O Toole As a bright sophisticated adult swept up in the progressive politics of the 60s she was a promising academic and the wife of a rising entrepreneur No one who knew Hannah ever imagined that she might take her own life Jeremy Gavron was just four when his mother died Afterward a silence descended so completely on her family and friends that it was as if she had never lived In this searching portrait of Hannah Jeremy embarks on a quest to break forty years of silence to try to understand who his mother was and what drove her to suicide He's left to piece her life together from what remains letters diaries and the faded memories of old acquaintances As he digs into her past he uncovers a darker side to Hannah's life societal pressure marital strife and inescapable sexism that discounted her desire for more as a sign of mental illness Ultimately Jeremy not only comes as close as he can to knowing his mother he also vividly captures the suffocating constrictions placed on every ambitious woman in the mid twentieth century

Sailing to the Edge of Time John Kretschmer, 2018-11-13 John Kretschmer is sailing's practical philosopher as much a doer as a thinker And that is the overarching theme of this chronicle of a sailing life Often amusing sometimes poignant occasionally terrifying but always inspiring his deeply personal account is a welcome reminder of the good life waiting at sea With hundreds of thousands of nautical miles under his keel John's adventures have taken him several times around the world with challenging crossings of the Atlantic and the Pacific a narrow escape from a coup in Yemen an unlikely deliverance from a coral reef off Belize as well as more serene introspective passages where trade winds are blowing and stories are flowing His crew has included CEOs actors writers teachers kids in essence everyone John's narrative is interwoven with practical tips and advice in seamanship but also and just as importantly his hard won insights about making the most of our lives He truly believes we find out who we really are and what we are capable of far from the shackles of land when we find a place where time changes shape days may merge into one another but minutes are memorable To live adventurously is to live more fully and that is the life John Kretschmer continues to live In this book he shares his simple profundities that will inspire those who live to sail and those seeking something more rewarding from life

Secret Weapons and World War II Walter E. Grunden,2005 Grunden s analysis of this fundamental flaw in the Japanese war effort seamlessly weaves together science technology and military history to provide an entirely unique look at a crucial but understudied aspect of World War II Comparing the science and weapons programs of all the major combatants he demonstrates that Japan s failure was nearly inevitable given its paucity of strategic resources an inadequate industrial base the absence of effective centralized management to coordinate research military hostility toward civilian scientists and bitter interservice rivalries In the end Japan could not overcome these obstacles and thus failed to make the transition to the kind of Big Science it needed to ward off its enemies and dominate the Far East BOOK JACKET

suffering that either ends in death or in the triumph of the soul It looks at the struggle of the church to remain faithful and the servants of the church who seek to bring sense and solace to the victims It discusses antisemitism racism and war itself from biblical perspectives It reveals the unjustifiable reasons for engaging in war and how this brings catastrophic results for all peoples the mental instability of the survivors and the loss and grief of those on the home front In war how can men and women carry out the actions that they do As Viktor Frankl writes After all man is that being who has invented the gas chambers of Auschwitz however he is also that being who has entered those gas chambers upright with the Lord's Prayer or the Shema Yisrael on his lips

Dialogues at the Edge of American Psychological Discourse Heather Macdonald, David Goodman, Brian Becker, 2017-09-15 This book explores the discipline of psychology through in depth dialogues with scholars who have lived at the turbulent edges of mainstream psychology in the USA and who have challenged the most cherished theoretical frameworks It includes researchers whose work has been widely esteemed in recent decades but has ultimately not been taken up to reconstitute the theoretical direction of the field This volume chronicles perspectives from select scholars on the current states of their respective areas of the field their understanding of how their work has been metabolized and their concerns about the conceptual frames that currently set the theoretical boundaries of the discipline These authors demand a reinterpretation of thresholds to allow for a less monological emphasis in the adoption of particular frameworks and to demonstrate historical social economic and political consequences of their chosen frameworks The contents of the volume will assist theoreticians and clinicians in their understanding of how particular kinds of knowledge are determined accepted and produced in the field at large

through the 1970s The story told covers the particulars of the background for these events relating to the University of Massachusetts the political activism of the period and the state of the economics profession On the Edge of Eternity Ivano Dal Prete,2022 On the Edge of Eternity overturns the paradigm of the eighteenth century discovery of geological time showing that the antiquity of our planet was a widespread and culturally acceptable notion in pre 1800 Europe In this ground breaking study Ivano Dal Prete brings to life a long forgotten world in which the biblical story of the creation and of the Flood was only one among many doctrines that could be freely taught and discussed University scholars and students artists like Leonardo da Vinci and the readers of easily accessible vernacular books envisaged painted and debated an ageless Earth scarred by innumerable deluges raised and submerged continents annihilated and resurgent humanities Rather than discover deep time the eighteenth century erased its rich and complex history replacing it with a simplistic account that suited its political agendas and still informs our culture On the Edge of Eternity invites the reader to revisit engrained beliefs on the relationship of science and religion the history of the Earth sciences and the cultural assumptions that have underpinned the modern controversy on young Earth creationism The City on the Edge of Forever Harlan Ellison,2014-04-01 The award winning original teleplay that produced the most beloved episode of the classic Star Trek series with an introductory essay by the author USS Enterprise Starfleet officers Capt James T Kirk and Mr Spock escort a renegade criminal to a nearby planet for capital punishment and they discover the remains of a city This ancient civilization is inhabited by the alien Guardians of Forever who are tasked with protecting a time machine When the criminal escapes through the portal into the past he alters Earth s timeline damaging humanity s future role among the stars Pursuing their prisoner Kirk and Spock are transported to 1930s Depression era New York City where they meet pacifist Edith Koestler a woman whose fate is entwined with the aftermath of the most devastating war in human history A woman whom Kirk has grown to love and has to sacrifice to restore order to the universe In its original form The City on the Edge of Forever won the Writers Guild of America Award for best teleplay As aired it won the Hugo Award But as Harlan Ellison recounts in his expanded introductory essay Perils of the City the televised episode was a rewrite of his creative vision perpetrated by Star Trek creator Gene Roddenberry and the show s producers In his trademark visceral no holds barred style the legendary author broke a thirty year silence to set the record straight about the mythologized controversy surrounding the celebrated episode revealing what occurred behind the scenes during the production Presented here as Ellison originally intended it to be filmed this published teleplay of The City on the Edge of Forever remains a masterpiece of speculative fiction and a prime example of his uncanny ability to present humanity with all its virtues and faults **Edge of Apocalypse** Tim F. LaHaye,Craig Parshall,2010-04-20 FOR DISTRIBUTION OUTSIDE THE USA In Tim LaHaye creator and co author of the world renowned Left Behind series and Craig Parshall s Edge of Apocalypse Joshua Jordan s new weapons defense system will secure America against an array of new enemies including a nuclear strike on New York City by North Korea But global forces are mounting and corrupt government leaders
