Race War And Surveillance:

Race, War, and Surveillance Mark Ellis, 2001-07-26 In April 1917 black Americans reacted in various ways to the entry of the United States into World War I in the name of Democracy Some expressed loud support many were indifferent and others voiced outright opposition All were agreed however that the best place to start guaranteeing freedom was at home Almost immediately rumors spread across the nation that German agents were engaged in Negro Subversion and that African Americans were potentially disloyal Despite mounting a constant watch on black civilians their newspapers and their organizations the domestic intelligence agents of the federal government failed to detect any black traitors or saboteurs They did however find vigorous demands for equal rights to be granted and for the 30 year epidemic of lynching in the South to be eradicated In *Race War and Surveillance* Mark Ellis examines the interaction between the deep seated fears of many white Americans about a possible race war and their profound ignorance about the black population The result was a black scare that lasted well beyond the war years Mark Ellis is Senior Lecturer in History at the University of Strathclyde Glasgow Scotland June 2001 256 pages 6 1 8 x 9 1 4 index append cloth 0 253 33923 5 39 95 s 30 50 Contents African Americans and the War for Democracy 1917 The Wilson Administration and Black Opinion 1917 1918 Black Doughboys The Surveillance of African American Leadership W E B Du Bois Joel E Spingarn and Military Intelligence Diplomacy and Demobilization 1918 1919 Conclusion *The Great War in the Heart of Dixie* Martin T. Olliff, 2008-10-12 There has been much scholarship on how the U S as a nation reacted to World War I but few have explored how Alabama responded Did the state follow the federal government s lead in organizing its resources or did Alabamians devise their own solutions to unique problems they faced How did the state s cultural institutions and government react What changes occurred in its economy and way of life What if any were the long term consequences in Alabama The contributors to this volume address these questions and establish a base for further investigation of the state during this era Contributors David Alsobrook Wilson Fallin Jr Robert J Jakeman Dowe Littleton Martin T Olliff Victoria E Ott Wesley P Newton Michael V R Thomason Ruth Smith Truss and Robert Saunders Jr Protest and Propaganda Amy Helene Kirschke, Phillip Luke Sinitiere, 2019-01-01 In looking back on his editorship of *Crisis* magazine W E B Du Bois said We condensed more news about Negroes and their problems in a month than most colored papers before this had published in a year Since its founding by Du Bois in 1910 *Crisis* has been the primary published voice of the NAACP Born in an age of Jim Crow racism often strapped for funds the magazine struggled and endured all the while providing a forum for people of color to document their inherent dignity and proclaim their definitive worth as human beings As the magazine s editor from 1910 until 1934 Du Bois guided the content and the aim of *Crisis* with a decisive hand He ensured that each issue argued for civil rights economic justice and social equality always framing America s intractable color line in an international perspective Du Bois benefited from a deep pool of black literary and artistic genius whether by commissioning the visual creativity of Harlem Renaissance artists for *Crisis* covers or by

publishing poems and short stories from New Negro writers From North to South from East to West and even reaching across the globe Crisis circulated its ideas and marshaled its impact far and wide Building on the solid foundation Du Bois laid subsequent editors and contributors covered issues vital to communities of color such as access to resources during the New Deal era educational opportunities related to the historic Brown decision the realization of basic civil rights at midcentury American aid to Africa and Caribbean nations and the persistent economic inequalities of today's global era Despite its importance little has been written about the historical and cultural significance of this seminal magazine By exploring how Crisis responded to critical issues the essays in Protest and Propaganda provide the first well rounded in depth look at the magazine's role and influence The authors show how the essays columns and visuals published in Crisis changed conversations perceptions and even laws in the United States thereby calling a fractured nation to more fully live up to its democratic creed They explain how the magazine survived tremendous odds document how the voices of justice rose above the clamor of injustice and demonstrate how relevant such literary journalistic and artistic postures remain in a twenty first century world still in crisis

power of biography that now becomes the definitive work The Washington Post A nuanced portrait in a league with the best of Ron Chernow and David McCullough The Wall Street Journal A major new biography of J Edgar Hoover that draws from never before seen sources to create a groundbreaking portrait of a colossus who dominated half a century of American history and planted the seeds for much of today's conservative political landscape We remember him as a bulldog squat frame bulging wide set eyes fearsome jowls but in 1924 when he became director of the FBI he had been the trim dazzling wunderkind of the administrative state buzzing with energy and big ideas for reform He transformed a failing law enforcement backwater riddled with scandal into a modern machine He believed in the power of the federal government to do great things for the nation and its citizens He also believed that certain people many of them communists or racial minorities or both did not deserve to be included in that American project Hoover rose to power and then stayed there decade after decade using the tools of state to create a personal fiefdom unrivaled in U S history Beverly Gage's monumental work explores the full sweep of Hoover's life and career from his birth in 1895 to a modest Washington civil service family through his death in 1972 In her nuanced and definitive portrait Gage shows how Hoover was more than a one dimensional tyrant and schemer who strong armed the rest of the country into submission As FBI director from 1924 through his death in 1972 he was a confidant counselor and adversary to eight U S presidents four Republicans and four Democrats Franklin Roosevelt and Lyndon Johnson did the most to empower him yet his closest friend among the eight was fellow anticommunist warrior Richard Nixon Hoover was not above blackmail and intimidation but he also embodied conservative values ranging from anticommunism to white supremacy to a crusading and politicized interpretation of Christianity This garnered him the admiration of millions of Americans He stayed in office for so long because many people from the highest reaches of government down to the grassroots wanted him there and supported what he was doing thus creating the template that the political right has followed to transform its party G Man places Hoover back where he once stood in American political history not at the fringes but at the center and uses his story to explain the trajectories of governance policing race ideology political culture and federal power as they evolved over the course of the 20th century **We Ain't What We Ought To Be**
