Race War The Theory:

Race War La-Temus Marshall,2004-11-15 After decades and decades of trying to unify the country across color lines two politicians along with some of their racist corporate friends hatched a plot to bring a national vote to divide the United States into separate state hood countries so that every race of people can now have their own country to be among their own people When the day of division came things went smooth as expected Little did we know that not only were we being monitored by foes but after capturing two enemy soldiers while out on patrol during the race war a black recon team captain interagated the two and found out that the mission by the two powerful countries was to invade occupy and place into slavery all Americans into concentration camps to be used as labor As the plot was discovered the captain contacted each country s central command and after reveiling the plot to the leaders all races had no choice but to come back together as one America to defeat this formidable force and to prove once and for all thatUnited We Stan Divided We Fall *Conspiracies and Conspiracy Theories in American History* Christopher R. Fee,Jeffrey B. Webb,2019-05-24 This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society s disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach **Weird Scenes Inside The Canyon** David McGowan,2014-03-19 The very strange but nevertheless true story of the dark underbelly of a 1960s hippie utopia Laurel Canyon in the 1960s and early 1970s was a magical place where a dizzying array of musical artists congregated to create much of the music that provided the soundtrack to those turbulent times Members of bands like the Byrds the Doors Buffalo Springfield the Monkees the Beach Boys the Turtles the Eagles the Flying Burrito Brothers Frank Zappa and the Mothers of Invention Steppenwolf CSN Three Dog Night and Love along with such singer songwriters as Joni Mitchell Judy Collins James Taylor and Carole King lived together and jammed together in the bucolic community nestled in the Hollywood Hills But there was a dark side to that scene as well Many didn t make it out alive and many of those deaths remain shrouded in

mystery to this day Far more integrated into the scene than most would like to admit was a guy by the name of Charles Manson along with his murderous entourage Also floating about the periphery were various political operatives up and coming politicians and intelligence personnel the same sort of people who gave birth to many of the rock stars populating the canyon And all the canyon s colorful characters rock stars hippies murderers and politicians happily coexisted alongside a covert military installation
