The German Classics:

Heine, Grillparzer, Beethoven Kuno Francke, Isidore Singer, 1913 **The Frog Princess** Angie Beasley, 2011-09-15 The Frog Princess is the story of Angie Beasley's transformation from ugly duckling to beauty queen. With few jobs around, bland food and cold weather, the best that Angie could hope for was a job at the local Findus factory. Her family didn't have it easy. Her baby brother was a cot death and the tragedy caused her mother to turn to the Jehovah's Witness faith. Their poverty, now combined with an austere belief system, meant no Christmas, no birthdays, and little joy. But aged 16, Angie decided that she was destined for bigger things. After seeing a TV advertisement, she entered a beauty pageant and won. She went on to take 25 titles, including Miss Leeds and her home town title Miss Cleethorpes, giving her the opportunity to model while travelling the world. Just as Angie felt that life couldn't get any better, she got engaged to a man who trapped her in a terrifying cycle of domestic violence. When she eventually escaped him, she had lost all of her money and self-esteem. She was on the bottom rung of the ladder yet again. But Angie picked herself up, turned her talents to event management, and grafted her way to becoming Director of Miss England. Evoking the magical lost world of the 1970s beauty pageant, *The Frog Princess* is Angie Beasley's real-life fairytale. The eldest of six children, Angie Beasley nee Chapman was born in 1963 in Grimsby. With few prospects in life beyond the local fish factories, she decided to enter Miss Yorkshire Television at the age of 16. Within eight years, Angie had gone on to win twenty-five beauty titles, leading to work in the entertainment industry. She is now the Director of Miss England Limited and lives in Leicester with her son.

The German Classics of The Nineteenth and Twentieth Centuries: Masterpieces of German Literature Translated into English (Complete First 12 Volumes) Various Authors, *The lost heir; or, Truth and falsehood by the author of 'The little drummer'*. Lost heir, 1878 **The Medieval and Early Modern Garden in Britain** Patricia Skinner, Theresa Tyers, 2018-04-09 What was a garden in medieval and early modern British culture and how was it imagined? How did it change as Europe opened up to the wider world from the 16th century onwards? In a series of fresh approaches to these questions, the contributors offer chapters that identify and discuss newly discovered pre-modern garden spaces in archaeology and archival sources, recognize a gendered language of the garden in fictional descriptions (fictional here being taken to mean any written text regardless of its purpose) and offer new analysis of the uses to which gardens real and imagined might be put. Chapters investigate the definitions, forms and functions of physical gardens, explore how the material space of the garden was gendered as a secluded space for women and as a place of recreation, examine the centrality of garden imagery in medieval Christian culture and trace the development of garden motifs in the literary and artistic imagination to convey the sense of enclosure, transformation and release. The book uniquely underlines the current environmental turn in the humanities and increasingly recognizes the value of exploring human interaction with the landscapes of the past as a route to health and well-being in the present.
