

RACIALLY MIXED PEOPLE IN AMERICA

EDITED BY
MARIA P. P. ROOT

Racially Mixed People In America

Loretta I. Winters, Herman L. DeBose

Racially Mixed People In America:

Racially Mixed People in America Maria P. P. Root, 1992-02-03 Recipient of the Gustavus Myers Center for the Study of Human Rights in the United States 1993 Outstanding Book Award America has been the breeding ground of a biracial baby boom for the past 25 years Unfortunately there has been a dearth of information regarding how racially mixed people identify and view themselves and how they relate to one another Racially Mixed People in America steadily bridges this gap and offers a comprehensive look at the social and psychological adjustment of mixed race people models for identity development contemporary immigration and marriage patterns and methodological issues involved in conducting research with mixed race people all in the context of America's mixed race past and present Including contributions by ethnohistorians psychologists and sociologists this powerful volume will provide the reader a tool for examining ideologies surrounding race race relations and the role of social science in the deconstruction of race Racially Mixed People in America is essential reading for researchers and practitioners in cross cultural studies psychology family studies sociology and social work Racially Mixed People in America is not just a feel good affirmation of mixed race people It offers explanations of how possibly the constructed notions of race operate in our society through an examination of mixed race people from the margins of psychological and sociological studies to the center of race relations discourse This perhaps is its greatest contribution Amerasia Journal A compendium of articles on the experiences and identities of racially mixed people it takes a scholarly approach to understanding the issues of racial identity It is a book we highly recommend for an overview of the psychological implications of the personal conflicts inherent in multiracial identity Minority Markets Alert Maria P P Root and her coauthors have performed a service to society in general and to biracial multiracial people and families in particular By dispelling myths and showing the biracial multiracial experience to be a healthy normal one the book will help demolish barriers of fear and ignorance and will hopefully enable all of us to banish the lingering miasma of obsolete concepts Joe Cunningham The Interracial Club Newsletter An especially timely and well documented book Recommended to mental health professionals who wish to heighten their sensitivity in working with racially mixed people Readings A Journal of Review and Commentary in Mental Health Racially Mixed People in America is an important book effectively presenting a comprehensive multidisciplinary examination by ethnohistorians psychologists and sociologists of America's multiracial past and present

Racially Mixed People in America Maria P. P. Root, 1992-02-03 Although America has been experiencing a biracial baby boom for the last 25 years there has been a dearth of information about how racially mixed people identify and view themselves as well as relate to one another Racially Mixed People in America bridges this gap and offers a comprehensive look at all the issues involved in doing research with mixed race people all in the context of America's multiracial past and present **Racially Mixed People in America** Maria P. P. Root, 1992-02-03 Although America has been experiencing a biracial baby boom for the last 25 years there has been a dearth of information about how racially mixed people identify and

view themselves as well as relate to one another **Racially Mixed People in America** bridges this gap and offers a comprehensive look at all the issues involved in doing research with mixed race people all in the context of America's multiracial past and present

Beyond Black Kerry Ann Rockquemore, David L. Brunsma, 2008 The urgent debate over a multiracial category in the 2000 census forced the nation to reflect upon the important questions of what it means to construct and maintain a racial identity Using in depth interviews and survey data **Beyond Black** documents how biracial people develop many different racial identities and how these self understandings are derived from historical and contemporary social cultural interactional and psychological processes

New Faces in a Changing America Loretta I. Winters, Herman L. DeBose, 2002-11-14 **New Faces in a Changing America** is a comprehensive penetrating authoritative and provocative examination of what it means to be multiracial in this country With contributions by the leading thinkers activists and researchers on the subject it admirably links theory and the powerful lived experiences of mixed race people This book will be the most important reference source on the subject for many years James P Allen California State University Northridge Not since the work of Root has there been as important of an anthology as **New Faces in a Changing America** This book explores the reality of multiracial people from a variety of theoretical and conceptual perspectives It is a must read for anybody who want to understand the multiracial movement and the multiracial people who lead that movement Any teacher who wants to introduce the concept of multiraciality to his her class must also have this book Winters and Debose are to be commended for putting together this first rate academic examination of an important social phenomenon George Yancey University of North Texas How multiracial people identify themselves can have major consequences on their positions in their families communities and society Even the U S Census has recognized the rapidly increasing numbers of those who consider themselves multiracial adding a new racial category to the 2000 Census form two or more races **New Faces in a Changing America** **Multiracial Identity in the 21st Century** examines the multiracial experience its history and the political issues and consequences surrounding biracial and multiracial identity bringing together top names in the field to give readers cutting edge views and insights gained from contemporary research This important new text follows the trail blazed by Maria Root who contributes its opening chapter An introduction places the issues of multiracial identity into context via a discussion of U S Census data and debates providing an overview of the varied readings to come covering such topics as Race as a social rather than biological construction The Multiracial Movement Racial Ethnic Groups in America and Beyond Race Gender human service professionals including psychologists counselors social workers and school personnel and importantly multiracial individuals themselves

'Mixed Race' Studies Jayne O. Ifekwunigwe, 2015-03-24 **Mixed race studies** is one of the fastest growing as well as one of the most important and controversial areas in the field of race and ethnic relations Bringing together pioneering and controversial scholarship from both the social and the biological sciences as well as the humanities this reader charts the evolution of debates on race and mixed race from the nineteenth to the

twenty first century The book is divided into three main sections tracing the origins miscegenation moral degeneracy and genetics mapping contemporary and foundational discourses mixed race identities politics and celebration debating definitions multiraciality census categories and critiques This collection adds a new dimension to the growing body of literature on the topic and provides a comprehensive history of the origins and directions of mixed race research as an intellectual movement For students of anthropology race and ethnicity it is an invaluable resource for examining the complexities and paradoxes of racial thinking across space time and disciplines

We are a People Paul R. Spickard, W. Jeffrey Burroughs, 2000 As the twentieth century closes ethnicity stands out as a powerful force for binding people together in a sense of shared origins and worldview But this emphasis on a people's uniqueness can also develop into a distorted rationale for insularity inter ethnic animosity or as we have seen in this century armed conflict Ethnic identity clearly holds very real consequences for individuals and peoples yet there is not much agreement on what exactly it is or how it is formed The growing recognition that ethnicity is not fixed and inherent but elastic and constructed fuels the essays in this collection Regarding identity as a dynamic on going formative and transformative process *We Are a People* considers narrative the creation and maintenance of a common story as the keystone in building a sense of peoplehood Myths of origin triumph over adversity migration and so forth chart a group's history while continual additions to the larger narrative stress moving into the future as a people Still there is more to our stories as individuals and groups Most of us are aware that we take on different roles and project different aspects of ourselves depending on the situation Some individuals who have inherited multiple group affiliations from their families view themselves not as this or that but all at once So too with ethnic groups The so called hyphenated Americans are not the only people in the world to recognize or embrace their plurality This relatively recent acknowledgment of multiplicity has potentially wide implications destabilizing the limited and limiting categories inscribed in for example public policy and discourse on race relations *We Are a People* is a path breaking volume boldly illustrating how ethnic identity works in the real world

Author note Paul Spickard is Professor and Chair of Asian American Studies at UC Santa Barbara and is author of *Mixed Blood* W Jeffrey Burroughs is Professor of Psychology at Brigham Young University Hawaii

Beyond Black Kerry Ann Rockquemore, David L. Brunsma, 2007-12-14 *Beyond Black* is a groundbreaking study of the dynamic meaning of racial identity for multiracial people in post Civil Rights America Kerry Ann Rockquemore and David Brunsma document the wide range of racial identities that individuals with one Black and one White parent develop and they provide a incisive sociological explanation of the choices facing those who are multiracial Stemming from the controversy of the 2000 Census and whether an additional multiracial category should be added to the survey this second edition of *Beyond Black* uses both survey data and interviews of multiracial young adults to explore the contemporary dynamics of racial identity formation The authors raise even larger social and political questions posed by expanding racial categorization on the U S Census

Philosophy and the Mixed Race Experience Tina Fernandes Botts, 2016-01-21

Philosophy and the Mixed Race Experience is a collection of essays by philosophers about the mixed race experience Each essay is meant to represent one of three possible things 1 what the philosopher sees as the philosopher s best work 2 evidence of the possible impact of the philosopher s mixed race experience on the philosopher s work or 3 the philosopher s philosophical take on the mixed race experience The book has two primary goals 1 to collect together for the first time the work of professional academic philosophers who have had the mixed race experience and 2 to bring these essays together for the purpose of adding to the conversation on the question of the degree to which factual identity and philosophical work may be related The book also examines the possible relationship between the mixed race experience and certain philosophical positions

Mixed Race America and the Law Kevin R. Johnson,2003-02 This ground breaking anthology examines the mixed race experience and the impact of law on mixed race citizens in America

New Faces in a Changing America Loretta I. Winters,Herman L. DeBose,2003 New Faces in a Changing America is a comprehensive penetrating authoritative and provocative examination of what it means to be multiracial in this country With contributions by the leading thinkers activists and researchers on the subject it admirably links theory and the powerful lived experiences of mixed race people This book will be the most important reference source on the subject for many years James P Allen California State University Northridge Not since the work of Root has there been as important of an anthology as New Faces in a Changing America This book explores the reality of multiracial people from a variety of theoretical and conceptual perspectives It is a must read for anybody who want to understand the multiracial movement and the multiracial people who lead that movement Any teacher who wants to introduce the concept of multiraciality to his her class must also have this book Winters and Debose are to be commended for putting together this first rate academic examination of an important social phenomenon George Yancey University of North Texas How multiracial people identify themselves can have major consequences on their positions in their families communities and society Even the U S Census has recognized the rapidly increasing numbers of those who consider themselves multiracial adding a new racial category to the 2000 Census form two or more races New Faces in a Changing America Multiracial Identity in the 21st Century examines the multiracial experience its history and the political issues and consequences surrounding biracial and multiracial identity bringing together top names in the field to give readers cutting edge views and insights gained from contemporary research This important new text follows the trail blazed by Maria Root who contributes its opening chapter An introduction places the issues of multiracial identity into context via a discussion of U S Census data and debates providing an overview of the varied readings to come covering such topics as Race as a social rather than biological construction The Multiracial Movement Racial Ethnic Groups in America and Beyond Race Gender human service professionals including psychologists counselors social workers and school personnel and importantly multiracial individuals themselves

Multiracial Experience Maria P. P. Root, 1995-11-21 How might a multiracial concept dismantle our negative construction of race How do we redefine ethnicity when race is less central to the definition The Multiracial Experience challenges current theoretical and political conceptualizations of race using the multiracial experience of individuals as a tool for examining these and other questions Each contribution opens with a personal sketch of the multiracial experience Topics explored in the book include the differences between race and ethnicity colour gender and sexuality in a multiracial context and ethnicity and its role in identity formation

Contemporary Asian America (second Edition) Min Zhou, J. V. Gatewood, 2007-10 When Contemporary Asian America was first published it exposed its readers to developments within the discipline from its inception as part of the ethnic consciousness movement of the 1960s to the more contemporary theoretical and practical issues facing Asian America at the century's end This new edition features a number of fresh entries and updated material It covers such topics as Asian American activism immigration community formation family relations gender roles sexuality identity struggle for social justice interethnic conflict coalition and political participation As in the first edition Contemporary Asian America provides an expansive introduction to the central readings in Asian American Studies presenting a grounded theoretical orientation to the discipline and framing key historical cultural economic and social themes with a social science focus This critical text offers a broad overview of Asian American studies and the current state of Asian America

Multiracial Identity and Racial Politics in the United States Natalie Masuoka, 2017 Policy makers academic administrators scholars and members of the public are clamoring for indicators of the value and reach of research The question of how to quantify the impact and importance of research and scholarly output from the publication of books and journal articles to the indexing of citations and tweets is a critical one in predicting innovation and in deciding what sorts of research is supported and whom is hired to carry it out There is a wide set of data and tools available for measuring research but they are often used in crude ways and each have their own limitations and internal logics Measuring Research What Everyone Needs to Know R will provide for the first time an accessible account of the methods used to gather and analyze data on research output and impact Following a brief history of scholarly communication and its measurement from traditional peer review to crowdsourced review on the social web the book will look at the classification of knowledge and academic disciplines the differences between citations and references the role of peer review national research evaluation exercises the tools used to measure research the many different types of measurement indicators and how to measure interdisciplinarity The book also addresses emerging issues within scholarly communication including whether or not measurement promotes a publish or perish culture fraud in research or citation cartels It will also look at the stakeholders behind these analytical tools the adverse effects of these quantifications and the future of research measurement

The New Colored People Jon M. Spencer, 2000-08 Most Americans remain oblivious of a new racial phenomenon that may radically alter the political landscape of the United States In recent years dramatic increases in racial intermarriage have

given birth to a generation of mixed race children whose interracially married parents refuse to allow them to be shoehorned into neat pre existing racial categories The parents through organizations they have founded or joined have lobbied aggressively for the category multiracial to be added to official racial classifications at the state and federal levels including the United States census Since a nonracial society is one of the stated goals of the multiracialists Spencer suggests that the undoing of racial classification will come not by initiating a new classification which will only give Americans the impression that mixed race people can be neatly classified but by our increased recognition that there are millions of people who simply defy classification

Biracial in America Nikki Khanna, 2011-09-16 Elected in 2008 Barack Obama made history as the first African American president of the United States Though recognized as the son of a white Kansas born mother and a black Kenyan father the media and public have nonetheless pigeonholed him as black and he too self identifies as such Obama s experience as an American with black and white ancestry though compelling because of his celebrity is not unique and raises several questions about the growing number of black white biracial Americans today How are they perceived by others with regard to race How do they tend to identify And why Taking a social psychological approach *Biracial in America* identifies influencing factors and several underlying processes shaping multidimensional racial identities This study also investigates the ways in which biracial Americans perform race in their day to day lives One s race isn t simply something that others prescribe onto the individual but something that individuals do The strategies and motivations for performing black white and biracial identities are explored

Race, Racism, and Multiraciality in American Education Christopher Bodenheimer Knaus, 2006 This research monograph analyses and describes how multiracial undergraduates have come to think about race and racism The work begins with an overview of the problem of race and racism in education then discusses the way in which race is typically construed along a continuum of mono racial thinking The text is then split into seven distinct case studies based on individuals with multiracial multicultural and ambiguous racial identities and their K 12 experience

The United States of the United Races Greg Carter, 2013-04-22 This provocative ambitious and important book rewrites U S history placing foundational leaders unheralded prophets insurgent social movements pivotal judicial decisions and central cultural values within an unfolding story of ongoing appeals to interracial mixing as a positive good Deeply researched deftly argued and impressively able to move beyond the two categories of black and white *The United States of the United Races* makes the mixed race movements of the recent past resonate with their many antecedents showing the complex ways in which an emphasis on mixture has both deployed and destabilized racial categories David Roediger co author of *The Production of Difference* Barack Obama s historic presidency has re inserted mixed race into the national conversation While the troubled and pejorative history of racial amalgamation throughout U S history is a familiar story *The United States of the United Races* reconsiders an understudied optimistic tradition one which has praised mixture as a means to create a new people bring equality to all and fulfill an American destiny In this genealogy Greg Carter re

envisioned racial mixture as a vehicle for pride and a way for citizens to examine mixed America as a better America. Tracing the centuries-long conversation that began with Hector St. John de Crèvecoeur's *Letters of an American Farmer* in the 1780s through to the Multiracial Movement of the 1990s and the debates surrounding racial categories on the U.S. Census in the twenty-first century, Greg Carter explores a broad range of documents and moments unearthing a new narrative that locates hope in racial mixture. Carter traces the reception of the concept as it has evolved over the years from decade to decade and century to century, wherein even minor changes in individual attitudes have paved the way for major changes in public response. *The United States of the United Races* sweeps away an ugly element of U.S. history, replacing it with a new understanding of race in America. Greg Carter is Assistant Professor of History at the University of Wisconsin-Milwaukee.

Decoding **Racially Mixed People In America**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
