Kirsten Süselbeck, Ulrike Mühlischlegel

Regimes Of Language Ideologies Politics Identities:

Regimes of Language Paul V. Kroskrity, 2000 In this text ten linguistic anthropologists integrate two often segregated domains politics and language It addresses the role of language ideologies in state formation nationalism and the maintenance of ethnic groups as well as the creation of national ethnic and professional identities **Sign Language**

Ideologies in Practice Annelies Kusters, Mara Green, Erin Moriarty, Kristin Snoddon, 2020-08-10 This book focuses on how sign language ideologies influence manifest in and are challenged by communicative practices Sign languages are minority languages using the visual gestural and tactile modalities whose affordances are very different from those of spoken languages using the auditory oral modality *Language in the Trump Era* Janet McIntosh, Norma

Mendoza-Denton, 2020-09-03 Early in his campaign Donald Trump boasted that I know words I have the best words yet despite these assurances his speech style has sown conflict even as it has powered his meteoric rise If the Trump era feels like a political crisis to many it is also a linguistic one Trump has repeatedly alarmed people around the world while exciting his fan base with his unprecedented rhetorical style shock tweeting and weaponized words Using many detailed examples this fascinating and highly topical book reveals how Trump s rallying cries boasts accusations and mockery enlist many of his supporters into his alternate reality From Trump s relationship to the truth to his use of gesture to the anti immigrant tenor of his language it illuminates the less obvious mechanisms by which language in the Trump era has widened divisions along lines of class gender race international relations and even the sense of truth itself **Language Variation - European**

Perspectives IV Peter Auer, Javier Caro Reina, Göz Kaufmann, 2013-05-28 The eighteen contributions in this volume are based on papers presented at the 6th International Conference on Language Variation in Europe ICLaVE 6 which was held at the University of Freiburg Germany from June 29 to July 1 2011 The volume includes plenaries by Sjef Barbiers Where is syntactic variation and Arnulf Deppermann Stefan Kleiner Deppermann Kleiner and Kn bl Katerbow Moosm ller and Scheutz Sch tzler Schleef West Zeller Ziegler but morphological variation Cornips and Hulk Dal Negro morphosyntactic variation Melissaropoulou Themistocleous Tsiplakou and Tsolakidis and syntactic variation Barbiers H kansson Rothmayr are also represented Additional papers deal with code switching Europe Un-Imagined Damien Stankiewicz, 2017-01-01 Damien

Stankiewicz s ground breaking ethnographic study of the various contexts of media production work at ARTE the newsroom the editing studio the screening room reveals how ideas about French German and European culture coalesce and circulate at the channel **Language Policy and Planning in Universities** Anthony J. Liddicoat, 2018-10-18 In a world where

higher education is increasingly internationalised questions of language use and multilingualism are central to the ways in which universities function in teaching research and administration Contemporary universities find themselves in complex linguistic environments that may include national level language policies local linguistic diversity an internationalised student body increasing international collaboration in research and increased demand for the use and learning of

international languages especially English The book presents a critical analysis of how universities are responding these complexities in different contexts around the world The contributions show that language issues in universities are complex and often contested as universities try to negotiate the national and the international in their work In some contexts universities language policies and the ways in which they are implemented may have a negative impact on their ways of working In other contexts however universities have embraced multilingualism in ways that have opened up new academic possibilities for staff and students Collectively the chapters show that universities language policy and planning are a work in progress and that much further work is needed for universities to achieve their language goals This book was originally published as a special issue of Current Issues in Language Planning Language and Political Subjectivity Miki Makihara, Juan L. Rodríguez, 2025-07-01 Politics and power are understood as interconnected yet opposed forms of agency that do not exist without each other and depend on transgressions and the upholding of social boundaries Language and Political Subjectivity is an ethnographic and historical piece of research that considers how Indigenous and diasporic communities with their political subjectivities expand over significant sociohistorical changes debates and struggles in the transformation of Chilean democracy and Venezuela s Bolivarian Revolution It offers an innovative approach to stancemaking as a rhetorical semiotic process that produces truth beliefs and certainties about social realities and relations **The Routledge Handbook of Language and Emotion** Sonya Pritzker, Janina Fenigsen, James Wilce, 2019-12-06 The Routledge Handbook of Language and Emotion offers a variety of critical theoretical and methodological perspectives that interrogate the ways in which ideas about and experiences of emotion are shaped by linguistic encounters and vice versa Taking an interdisciplinary approach which incorporates disciplines such as linguistic anthropology sociolinguistics applied linguistics psychology communication studies education sociology folklore religious studies and literature this book explores and illustrates the relationship between language and emotion in the five key areas of language socialisation culture translation and transformation poetry pragmatics and power the affective body self and emotion communities situates our present day thinking about language and emotion by providing a historical and cultural overview of distinctions and moral values that have traditionally dominated Western thought relating to emotions and their management provides a unique insight into the multiple ways in which language incites emotion and vice versa especially in the context of culture With contributions from an international range of leading and emerging scholars in their fields The Routledge Handbook of Language and Emotion is an indispensable resource for students and researchers who are interested in incorporating interdisciplinary perspectives on language and emotion into their work *The Idea of English in Japan* Philip Seargeant, 2009-08-04 This book examines the ways in which English is conceptualised as a global language in Japan and considers how the resultant language ideologies drawn in part from universal discourses in part from context specific trends in social history inform the relationships that people in Japan have towards the language The book analyses the specific nature of the language s symbolic meaning in

Japan and how this meaning is expressed and negotiated in society It also discusses how the ideologies of English that exist in Japan might have implications for the more general concept of English as a global language To this end it considers the question of what constitutes a global language and how if at all a balance can be struck between the universal and the historically contingent when it comes to formulating a theory of English within the world

Salsa, Language and Transnationalism Britta Schneider, 2014-05-29 What happens in globalised social contexts if people identify with a language that is not traditionally considered to be their language This unique contribution to the field of sociolinguistics scrutinises language ideologies of German and Australian Communities of Practice constituted by Salsa dance and asks what languages symbolise in transnational non ethnic cultures Using ethnographic methodology and a deconstructive approach to language it examines these different Salsa communities and gives insight into the interaction of social discourses from local national and transnational realms examining differences similarities and a simultaneous multiplicity of languages symbolic functions This book will be welcomed by postgraduates professional sociolinguists and linguistic anthropologists as well as scholars of cultural anthropology sociology and cultural studies who are interested in the development of modernist categories in transnational culture

A Political History of Spanish José Del Valle, 2013-08-29 Spanish is spoken as a first language by almost 400 million people in approximately 60 countries and has been the subject of numerous political processes and debates since it began to spread globally from Iberia in the thirteenth century A Political History of Spanish brings together a team of experts to analyze the metalinguistic origins of Spanish and evaluate it as a discursively constructed artefact that is to say as a language which contains traces of the society in which it is produced and of the discursive traditions that are often involved and invoked in its creation This is a comprehensive and provocative new work which takes a fresh look at Spanish from specific political and historical perspectives combining the traditional chronological organization of linguistic history and spatial categories such as Iberia Latin America and the US whilst simultaneously identifying the limits of these organizational principles

Social Class and Education Lois Weis, Nadine Dolby, 2012-04-27 Social Class and Education Global Perspectives is the first empirically grounded volume to explore the intersections of class social structure opportunity and education on a truly global scale Fifteen essays from contributors representing the US Europe China Latin America and other regions offer an unparalleled examination of how social class differences are made and experienced through schooling By underscoring the consequences of our new global reality this volume takes seriously the transnational migration of commerce capital and peoples and the ramifications of such for education and social structure Moving beyond national confines internationally recognized scholars Lois Weis and Nadine Dolby offer a set of emblematic essays that break new theoretical and empirical ground on the ways class is produced and maintained through education around the world

Approaches to Language and Culture Svenja Völkel, Nico Nassenstein, 2022-08-22 This book provides an overview of approaches to language and culture and it outlines the broad interdisciplinary field of anthropological linguistics and

linguistic anthropology It identifies current and future directions of research including language socialization language reclamation speech styles and genres language ideology verbal taboo social indexicality emotion time and many more Furthermore it offers areal perspectives on the study of language in cultural contexts namely Africa the Americas Australia and Oceania Mainland Southeast Asia and Europe and it lays the foundation for future developments within the field In this way the book bridges the disciplines of cultural anthropology and linguistics and paves the way for the new book series Anthropological Linguistics

Political Independence with Linguistic Servitude Samuel Gyasi Obeng, Beverly Hartford, 2002 This book addresses important issues to the democratisation and development initiatives of developing countries In many former colonies the government remains centralised and many in the population are unable to fully participate in its functioning A critical difference between being a subject and a citizen is the ability to partake in governance Such involvement requires knowledge literacy and the availability of literature in local and national languages This book challenges policy makers and scholars to find creative ways of fostering political empowerment through developing language programmes

Lengua, nación e identidad Kirsten Süselbeck, Ulrike Mühlischlegel, 2008 Papers presented at the Coloquio Internacional Relaciones entre Lengua Nación e Identidad y Poder en España Hispanoamérica y Estados Unidos held June 24 2005 in Berlin

Discourse, Ideology and Heritage Language Socialization Martin Guardado, 2018-03-19 The book examines the development and maintenance of a minority language engaging on both micro and macro levels to address open questions in the field Guardado provides a history of the study of language maintenance including discussion of language socialization cosmopolitan identities and home practices In particular the author uses discourse as a primary tool to understand minority language development and maintenance

Ethnography and Language Policy Teresa L. McCarty, 2014-04-04 Seeking to expand policy discourses in ways that lead to social justice for all this volume uses a critical sociocultural and ethnographic approach to address a variety of pressing language planning and policy issues contextualized in case studies

Encyclopedia of Sex and Gender Carol R. Ember, Melvin Ember, 2003-12-31 The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender gender differences gender roles relationships between the genders and sexuality The encyclopedia is divided into two volumes Topics and Cultures The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for students researchers and teachers interested in gender studies and cross cultural variation in sex and gender It deserves a place in the library of every university and every social science and health department Contents Glossary Cultural Conceptions of Gender Gender Roles Status and Institutions Sexuality and Male Female Interaction Sex and Gender in the World's Cultures Culture Name Index Subject Index

Language Revitalisation in Gaelic Scotland Dunmore Stuart S. Dunmore, 2019-07-17 Situated within the interrelated disciplines of sociolinguistics and sociology of language this book explores the language use and attitudinal perceptions of a sample of 130 adults who received Gaelic

medium education GME at primary school during the first years of that system's availability in Scotland. As the first students to have attended GME are now in their late 20s and 30s, this volume offers a timely examination of the long-term outcomes of the system in its earliest years and of the future prospects for Gaelic language maintenance and revitalisation in Scotland. The book presents in depth discussion and analysis of narratives in order to demonstrate former Gaelic medium students' present-day relationships to the languages they speak, offering fascinating insights into the possible reasons, historical, ideological and personal, for these relationships. This book presents the first open assessment of the outcomes of Gaelic medium education in Scotland and offers suggestions for individuals and policymakers seeking to revitalise languages internationally.

Thematising Multilingualism in the Media Helen Kelly-Holmes, Tommaso M. Milani, 2013-06-12. This volume analyses the complex relations between multilingualism and the media: how the media manage multilingualism, how multilingualism is presented and used as media content, and how the media are discursive sites where debates about multilingualism and other language-related issues unfold. It is precisely this inter-relatedness that we want to flag up when we talk about thematising multilingualism in the media. More specifically, the focus of this volume is on the empirical and theoretical opportunities and challenges posed by the thematisation of multilingualism in the media. The volume, originally published as a special issue of the *Journal of Language and Politics* 10.4 (2011), presents a number of case studies from a variety of linguistic media: political, social and economic contexts; from print media debates on trilingual policies in Luxembourg to new media discussions about the sexiness of Irish or the national value of Welsh; from issues of linguistic authority and authenticity in an American television programme to Wikipedia's multilingual policy and practice.

Yeah, reviewing a book **Regimes Of Language Ideologies Politics Identities** could be credited with your near associates listings. This is just one of the solutions for you to be successful. As understood, achievement does not suggest that you have extraordinary points.

Comprehending as competently as understanding even more than other will allow each success. neighboring to, the notice as with ease as perception of this Regimes Of Language Ideologies Politics Identities can be taken as skillfully as picked to act.
