Regionalism Among Developing Countries:

Regionalism among Developing Countries S. Page, 1999-11-09 In the last decade regionalism appears to have emerged as a major new force in the world This book puts it in its historical context Regions have emerged before few are old because they either evolve into federal systems or break up The current regions imply more integration than a simple view that they are about liberalising trade *Economic Integration and Development* Mordechai Elihu Kreinin, Michael G. Plummer, 2003-01-01 The intriguing and provocative results on the effects of the single European market and NAFTA make this short book worth a read even if one is concerned only with how developing countries have been affected by regional trade agreements that do not include them Peter J Montiel *Journal of Regional Science* This book is an excellent attempt to pin down the effects of regional economic integration on developing countries it will prove to be a good guide for researchers and students of development economics working in the area of regional trading arrangements and policymakers and governments which are in the process of exploring the possibilities of forming free trade areas Pravakar Sahoo *Development Policy Review* Students interested in either the methodological issues inherent in research on trade or on the economics of trading blocs in general would profit from the book James J Hentz *The European Journal of Development Research* Questions related to the economics of regionalism became increasingly important beginning in the late 1980s when regional groupings started to become very popular as a tool of commercial policy The goal of this book is to address the question of whether or not regionalism in developed countries has truly benefited developing countries and to what degree regionalism among developing countries and between developed and developing countries will improve economic development prospects Mordechai Kreinin and Michael Plummer consider the implications of the emerging global trend of economic regionalism for developing countries The analysis focuses on the trade and investment effects of integration in developed countries on developing countries as well as the ramifications of regional integration in the latter After an extensive review of the theoretical and empirical literature pertinent to the economics of regionalism the book considers the ex post trade and direct foreign investment effects of the Single Market Program in Europe and NAFTA followed by chapters on ASEAN and economic integration in Latin America primarily MERCOSUR The study suggests three salient conclusions First in designing preferential trading arrangements developed countries should recognize and attempt to minimize the possible discriminating effect on developing countries Second the developing countries have an abiding interest in the success of WTO negotiations that would minimize the discrimination against them of regional groupings in Europe and North America And third any customs unions or free trade areas among the developing countries themselves should be outward looking if they are to enhance the welfare of developing countries Economists and policy scholars as well as readers interested in regionalism and economic development will find this book a great resource *Regional Integration and Food Security in Developing Countries* Alan Matthews, Food and Agriculture Organization of the United Nations, 2003-01-01 Developing countries are

active participants in the formation of regional trade arrangements RTAs but viewpoints differ on the desirability and on the efficient design of regional integration The first objective of this paper is to review the regional integration debate for those involved in the preparation of food security strategies among developing countries The paper concentrates primarily on the economic arguments while acknowledging that political motivations may often be the primary driving force behind RTAs The second objective of the paper is to identify the potential role which regional integration arrangements might make to promoting food security among their members

Trading Blocs

Jagdish N. Bhagwati, Pravin Krishna, Arvind Panagariya, 1999 The recent proliferation of free trade areas and customs unions in the world trading system has led to a revival of interest in the economic analysis of Preferential Trade Agreements PTAs The principal theoretical question of the 1950s and 1960s Viner was whether PTAs encourage or discourage the worldwide nondiscriminatory freeing of trade The essays in this volume present the central contributions to the analytical approaches developed to examine these questions Provided by publisher **The Dimensions of Regional Trade Integration in Southeast Asia** Zakir Hafez, 2021-10-01 This is the first comprehensive work on the free trade area of the Association of Southeast Asian Nations ASEAN Free Trade Area AFTA The author argues that in practice the free trade area of ASEAN is a failure and that unless AFTA leaders take serious measures to improve it it will change from being not that useful into being completely useless Published under the Transnational Publishers imprint **The SAGE Handbook of Comparative Politics** Todd Landman, Neil Robinson, 2009-06-16 The SAGE Handbook of Comparative Politics presents in one volume an authoritative overview of the theoretical methodological and substantive elements of comparative political science The 28 specially commissioned chapters written by renowned comparative scholars guide the reader through the central issues and debates presenting a state of the art guide to the past present and possible futures of the field Regional Integration and Poverty Dirk Willem te Velde, the Overseas Development Institute, 2017-05-15 Relatively little is known about how regional integration affects poverty Many suggest that increased investment would be one of the benefits of agreeing on regional integration provisions but this has not been put to the empirical test for South South integration This volume examines the channels through which regional integration affects poverty and empirically analyzes the effects on foreign direct investment Development at the WTO Sonia E. Rolland, 2012-02-23 With the Doha Round on the rocks the tension between the WTO's trade liberalization agenda and the development needs of many member states is more pronounced than ever This book looks at the position of developing countries at the WTO from an institutionalist perspective and presents a range of proposals for change *Rethinking Regionalism* Fredrik Söderbaum, 2017-10-25 Since the late 1980s there has been a global upsurge of various forms of regionalist projects The widening and deepening of the European Union EU is the most prominent example but there has also been a revitalization or expansion of many other regionalist projects as well such as the African Union AU the Association of Southeast Asian Nations ASEAN the North American Free Trade Agreement NAFTA and the Southern Common Market Mercosur More or less every government in the world is engaged in regionalism which also involves a rich variety of business and civil society actors resulting in a multitude of regional processes in most fields of contemporary politics In this new text Fredrik Söderbaum draws on decades of scholarship to provide a major reassessment of regionalism and to address questions about its origins logic and consequences By examining regionalism from historical spatial comparative and global perspectives *Rethinking Regionalism* transcends the deep intellectual and disciplinary rivalries that have limited our knowledge about the subject This broad ranging approach enables new and challenging answers to emerge

as to why and how regionalism evolves and consolidates how it can be compared and what its ongoing significance is for a host of issues within global politics from security and trade to development and the environment Retaining a balanced and authoritative style throughout this text will be welcomed for its uniquely comprehensive examination of regionalism in the contemporary global age
