 century speculative thinker Nicholas of Cusa for his early contributions to conciliar theory but not his later ecclesiastical
 career as cardinal residential bishop preacher and reformer Richard Serina shows that as bishop in the Tyrolese diocese of
 Brixen from 1452 to 1458 and later as resident cardinal in Rome Nicolas of Cusa left a testament to his view of reform in the
 sermons he preached to monks clergy and laity These 171 sermons in addition to his Reformatio generalis of 1459 reflect an
 intellectual coming to terms with the challenge of reform in the late medieval church and in response creatively
 incorporating metaphysics mystical theology ecclesiology and personal renewal into his preaching of reform **The Book**

well as some hymn texts For most students the lessons in this book will be their only exposure to Latin For those who may wish to learn more it will provide a solid foundation for further study Rome has indicated that seminarians of the Roman rite should have at least some familiarity with Latin and the Latin theological tradition Graduate students in theology and scripture also may be required to have a reading knowledge of a classical language Reading Church Latin can be used either as a class text or a resource for independent study In each lesson the grammar and syntax encountered in the Latin reading are explained The exercises provide a way to reinforce the learned grammar syntax and vocabulary of each lesson Students will be able to deal competently with or at least understand the basic meaning of untranslated Latin readings and have the ability to compare a text that they translate to its original Reading Church Latin also contains a Glossary an Answer Key to the exercises and a useful Morphology

The Saint as Censor Peter Godman, 2024-02-26 The opening of the archives of the Roman Inquisition and of the Index of Prohibited Books in January 1998 enables us to think afresh about the history of two organisations more notorious than understood Both have been considered almost exclusively from the perspective of their victims such as Galileo Galilei This book uses hitherto secret sources of the Inquisition and Index to reconstruct the history of Roman censorship in its first formative years from the standpoint of Galileo's judge Robert Bellarmine 1542-1621 was a censor for the Index and a consultor to the Holy Office before becoming cardinal inquisitor and three centuries after his death a saint and Doctor of the Church His career provides a paradigm of how an intellectual could make his way to the top in Counter Reformation Rome Censored by Pope Sixtus V Bellarmine responded by suppressing the pontiff's version of the Vulgate and by repressing the Sistine Index of Prohibited Books A new interpretation including a revaluation of Galileo's first trial of Roman censorship is offered in this book Based on unpublished sources from the archives which it edits and interprets for the first time *The Saint as Censor* will alter our understanding of the Roman Inquisition and the Index

Augustine: Confessions Books V-IX Augustine, 2019-09-12 Books V IX of the Confessions trace five crucial years in the life of Augustine from his debut as a teacher of rhetoric in North Africa to his baptism as a Christian and the renunciation of a worldly career in Milan This commentary will be invaluable for those wishing to read his story in the original Latin Through careful glosses and notes Augustine's Latin is made accessible to students of patristics and of classics His extensive quotations from Scripture are translated and explained in light of the variant Bible texts and the interpretative assumptions through which he came to understand them The unfolding of his career is set against the background of political cultural and religious change in the fourth century and the art with which he created a form of narrative without precedent in earlier Latin literature is illustrated in close detail The Transactions of the Royal Irish Academy, 1886 **S. Ecclesiastical History, Volume 3 John C. L. Gieseler, 2021-11-25 **Religious Language and Asian American Hybridity** Julius-Kei Kato, 2016-08-10 In this book Julius Kei Kato lets the theories and experiences of Asian American hybridity converse with and bear upon some aspects of Christian biblical and theological language Hybridity has become a key feature of today's globalized world and is of course a key concept in postcolonial thought However despite its crucial importance hybridity is rarely used as a paradigm through which to analyze and evaluate the influential concepts and teachings that make up religious language This book fills a lacuna by discussing what the concept of hybridity challenges and resists what over simplifications it has the power to complicate and what forgotten or overlooked strands in religious tradition it endeavors to recover and reemphasize Shifting seamlessly between biblical theological and modern real world case studies Kato shows how hybridity permeates and can illuminate religious phenomena as lived and believed The ultimate goal of the move toward an embrace of hybridity is a further dissolution of the thick wall separating ideas of us and them In this book Kato suggests the possibility of a world in which what one typically considers the other is increasingly recognized within oneself *Apocalyptic Thought in Early Christianity (Holy Cross Studies in Patristic Theology and History)* Robert Daly, S.J., 2009-06-01 This volume explores how early Christian understandings of apocalyptic writings and teachings are reflected in the theology social practices and institutions of the early church It enables pastors and serious students of the Bible particularly those interested in patristics and church history to read the book of Revelation and related writings

through ancient Christian eyes This is the second volume in Holy Cross Studies in Patristic Theology and History a partnership between Baker Academic and the Stephen and Catherine Pappas Patristic Institute of Holy Cross Greek Orthodox School of Theology in Brookline Massachusetts The series is a deliberate outreach by the Orthodox community to Protestant and Catholic seminarians pastors and theologians In these multiauthor books contributors from all traditions focus on the patristic especially Greek patristic heritage
