Rehearsal for Reconstruction Willie Lee Rose, 1998-08-01 Just seven months into the Civil War a Union fleet sailed into South Carolina's Port Royal Sound landed a ground force and then made its way upriver to Beaufort Planters and farmers fled before their attackers allowing virtually all their major possessions including ten thousand slaves to fall into Union hands Rehearsal for Reconstruction winner of the Allan Nevins Prize the Francis Parkman Prize and the Charles S Sydnor Prize is historian Willie Lee Rose's chronicle of change in this Sea Island region from its capture in 1861 through Reconstruction With epic sweep Rose demonstrates how Port Royal constituted a stage upon which a dress rehearsal for the South's postwar era was acted out A Great Civil War Russell Frank Weigley, 2000 Major new interpretation of the events which continue to dominate the American imagination and identity *The Oxford Handbook of History and Material Culture* Ivan Gaskell, Sarah Anne Carter, 2020-04-07 Most historians rely principally on written sources Yet there are other traces of the past available to historians the material things that people have chosen made and used This book examines how material culture can enhance historians understanding of the past both worldwide and across time The successful use of material culture in history depends on treating material things of many kinds not as illustrations but as primary evidence Each kind of material thing and there are many requires the application of interpretive skills appropriate to it These skills overlap with those acquired by scholars in disciplines that may abut history but are often relatively unfamiliar to historians including anthropology archaeology and art history Creative historians can adapt and apply the same skills they honed while studying more traditional text based documents even as they borrow methods from these fields They can think through familiar historical problems in new ways They can also deploy material culture to discover the pasts of constituencies who have left few or no traces in written records The authors of this volume contribute case studies arranged thematically in six sections that respectively address the relationship of history and material culture to cognition technology the symbolic social distinction and memory They range across time and space from Paleolithic to Punk Songs of Sorrow Samuel Charters, 2015-04-29 In the spring of 1862 Lucy McKim the nineteen year old daughter of a Philadelphia abolitionist Quaker family traveled with her father to the Sea Islands of South Carolina to aid him in his efforts to organize humanitarian aid for thousands of newly freed slaves During her stay she heard the singing of the slaves in their churches as they rowed their boats from island to island and as they worked and played Already a skilled musician she determined to preserve as much of the music as she could quickly writing down words and melodies some of them only fleeting improvisations Upon her return to Philadelphia she began composing musical settings for the songs and in the fall of 1862 published the first serious musical arrangements of slave songs She also wrote about the musical characteristics of slave songs and published in a leading musical journal of the time the first article to discuss what she had witnessed In *Songs of Sorrow* Lucy McKim Garrison and Slave Songs of the United States renowned music scholar Samuel Charters tells McKim's personal story Letters reveal the

story of young women's lives during the harsh years of the war. At the same time that her arrangements of the songs were being published, a man with whom she had an unofficial attachment was killed in battle and the war forced her to temporarily abandon her work. In 1865 she married Wendell Phillips Garrison, son of abolitionist William Lloyd Garrison, and in the early months of their marriage she proposed that they turn to the collection of slave songs that had long been her dream. She and her husband, a founder and literary editor of the recently launched journal *The Nation*, enlisted the help of two associates who had also collected songs in the Sea Islands. Their book *Slave Songs of the United States* appeared in 1867. After a long illness ultimately ending in paralysis, she died at the age of thirty-four in 1877. This book reclaims the story of a pioneer in ethnomusicology, one whose influential work affected the Fisk Jubilee Singers and many others. *The Palmetto State* Jack Bass, W. Scott Poole, 2009.
