Reign Of Ideology

Patrick Wing

Reign Of Ideology:

The Reign of Adad-nīrārī III Luis Robert Siddall,2013-07-11 In The Reign of Adad n r r III Luis Siddall examines the evidence and edits new inscriptions from the king s reign to investigate the chronology campaigns imperial administration and royal ideology of the period While historians have typically viewed this period as one of turmoil imperial recession political weakness and decentralisation Siddall shows that Adad n r r s reign marked a period of imperial stability chiefly through changes to the administration However while politically successful the imperial policy affected the king s ideological expression particularly in terms of the description of the campaigns in Adad n r r s inscriptions and his limited use of royal titles Scholars working on the Neo Assyrian period cannot afford to miss Siddall s fresh assessment of the evidence for Adad nirari s reign He offers a re evaluation of several texts but perhaps more importantly he proposes a few methodological innovations that shed new light on the history of Assyria in the 9th century Bill T Arnold Asbury Theological Seminary

The Characterization of an Empire Mary Katherine Yem Hing Hom, 2018-07-06 Assyria the missing link in the superpower oppressor type in the Hebrew Bible Old Testament still suffers from modern scholarly neglect The Characterization of an Empire aims to alleviate this neglect while also elucidating the historical biblical books that convey characterizations of Assyrians The narratological insights gained throughout this study contribute to biblical literary studies at rigorous detailed sometimes deep and sometimes complex levels. Thus this book offers to be not only a contribution to the general corpus of biblical literary studies but also an expansion of our paradigms regarding the detail depth and complexity at which narratological intention and artistry function in the biblical text **Jalayirids** Patrick Wing, 2016-01-18 This book traces the origins history and memory of the Jalayirid dynasty a family that succeeded the Mongol Ilkhans in Iran and Iraq in the 14th and early 15th centuries The story of how the Jalayirids came to power is illustrative of the political dynamics that shaped much of the Mongol and post Mongol period in the Middle East The Jalayirid sultans sought to preserve the social and political order of the Ilkhanate while claiming that they were the rightful heirs to the rulership of that order Central to the Jalayirids claims to the legacy of the Ilkhanate was their attempt to control the Ilkhanid heartland of Azarbayjan and its major city Tabriz Control of Azarbayjan meant control of a network of long distance trade between China and the Latin West which continued to be a source of economic prosperity through the 8th 14th century Azarbayjan also represented the center of Ilkhanid court life whether in the migration of the mobile court camp of the ruler or in the complexes of palatial religious and civic buildings constructed around the city of Tabriz by members of the Ilkhanid royal family as well as by members of the military and administrative elite The Book of Psalms Peter W. Flint, Patrick D. jr Miller, Aaron Brunell, Ryan Roberts, 2005 This landmark volume covers the main aspects of modern Psalms study from the formation of individual Psalms down into the first centuries of the Common Era the formation of the Psalter individual Psalms and smaller collections social setting literary context textual history nachleben and theology The Reign of Constantius II Nicholas

Baker-Brian, 2022-07-15 Constantius II son of Constantine the Great ruled the Roman Empire between 337 and 361 CE Constantius reign is characterised by a series of political and cultural upheavals and is rightly viewed as a time of significant change in the history of the fourth century Constantius initially shared power with his brothers Constantine II and Constans but this arrangement lasted a short period of time before Constantine II was killed in a contest over authority by Constans Further threats to the stability of the empire arose with the usurpation of the ambitious Roman general Magnentius between 350 and 353 and additional episodes of imperial instability occurred as Constantius relations with his junior Caesars Gallus and Julian deteriorated the latter to the point where civil war would have been on the cards once again if Constantius had not died on 3 November 361 This book examines the dynastic political and cultural impact of Constantius reign as a member of the Constantinian family on the later empire first as a joint ruler with his brothers and then as sole Augustus The chapters investigate the involvement of Constantius in the imperial administrative legal religious and cultural life of the Roman Empire in the fourth century Constantius handling of various threats to Roman hegemony such as the ambitions of the neighbouring Sasanian Empire and his relationships with Gallus and with Julian are explored The book s analysis is guided by the epigraphic iconographic literary and legal evidence of the Roman and Byzantine periods but it is not a conventional imperial biography Rather it examines the figure of Constantius in light of the numerous historiographical issues surrounding his memorialisation in the historical and literary sources for instance as Arian tyrant or as internecine murderer The over arching aim is to investigate power in the post Constantine period and the way in which imperial and episcopal networks related to one another with the ambition of participating in the exercise of power The Reign of Constantius II will appeal to those interested in the Later Roman Empire the Constantinian imperial family Roman Sasanian relations and the role of religion in shaping imperial dynamics with Christianity The Mission Driven Parish Patrick J. Brennan, 2007-01-01 A pastor of one of the most vibrant parishes in the United States inspires and challenges all Catholics to renew the church from where they are Fr Brennan offers fresh ideas on empowerment of the laity evangelization governance mercy and justice youth and young adults worship and much more The Justices of the Peace 1679 - 1760 Norma Landau, 2023-11-10 In the eighteenth century the justices of the peace governed England While Parliament debated questions of trade taxation and foreign policy the justices administered England's internal affairs So powerful were the later Stuart and early Hanoverian justices that they were virtually independent and it is their independence which makes them fascinating Neither the central government nor Parliament told them what to do closely supervised their activity or even insured that they at at all What tid the justices choose to do In what manner did they do it why indeed did they assume the burdens of local government Norma Landau examines the office of justice of the peace from the viewpoint of the justices themselves delineating those ideals and inducements inherent in local government which prompted the English elite to assume their distinctive role as paternal rulers Through analysis of the appointment of justices the political and social composition of the bench the institutions of

local government the justices administrative and judicial activities and manuals written for justices this study traces the evolution of the elite's conduct of government an dof their concept of their relation to those they governed Through analysis of the appointment of justices the political and social composition of the bench the institutions of local government the justices administrative and judicial activities and manuals written for justices this study traces the evolution of the elite s conduct of government and of their concept of their relation to those they governed Because the justices were so important discussion of their role touches upon some of the major debates in current historiography the debate on the nature of politics on the relation of rulers to the governed in a deferential society on the definition of the elite in early modern society on the course of of administrative development and on the relation of law to images of authority This portrait of the justices illuminates a crucial stage in the tranformation of England's rulers from local patriarchs to administrators for the nation This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was Hermeneutics and the Human Sciences Paul Ricoeur, 2016-08-26 Collected and translated by originally published in 1984 John B Thompson this collection of essays by Paul Ricoeur includes many that had never appeared in English before the volume s publication in 1981 As comprehensive as it is illuminating this lucid introduction to Ricoeur s prolific contributions to sociological theory features his more recent writings on the history of hermeneutics its central themes and issues his own constructive position and its implications for sociology psychoanalysis and history Presented in a fresh twenty first century series livery and including a specially commissioned preface written by Charles Taylor illuminating its enduring importance and relevance to philosophical enquiry this classic work has been revived for a new generation of readers The Politics of Regime Survival Young Whan Kihl, Hong Nack Kim, 2014-12-18 Featuring contributions by some of the leading experts in Korean studies this book examines the political content of Kim Jong Il's regime maintenance including both the domestic strategy for regime survival and North Korea s foreign relations with South Korea Russia China Japan and the United States It considers how and why the Democratic People's Republic of Korea DPRK became a hermit kingdom in the name of Juche self reliance ideology and the potential for the barriers of isolationism to endure This up to date analysis of the DPRK s domestic and external policy linkages also includes a discussion of the ongoing North Korean nuclear standoff in the The Early Seleukids, their Gods and their Coins Kyle Erickson, 2018-11-12 Before Alexander the Near East region was ruled by dynasts who could draw on the significant resources and power base of their homeland but this was not the case for the Seleukids who never controlled their original homeland of Macedon The Early Seleukids their Gods and their Coins argues that rather than projecting an imperialistic Greek image of rule the Seleukid kings deliberately produced images that represented their personal power and that were comprehensible to the majority of their subjects within their

own cultural traditions These images relied heavily on the syncretism between Greek and local gods in particular their ancestor Apollo The Early Seleukids their Gods and their Coins examines how the Seleukids from Seleukos I to Antiochos IV used coinage to propagandise their governing ideology It offers a valuable resource to students of the Seleukids and of Hellenistic kingship more broadly numismatics and the interplay of ancient Greek religion and politics Emperor of Byzantium Alessandra Bucossi, Alex Rodriguez Suarez, 2016-06-03 The Emperor John II Komnenos 1118 1143 has been overshadowed by both his father Alexios I and his son Manuel I Written sources have not left us much evidence regarding his reign although authors agree that he was an excellent emperor However the period witnessed territorial expansion in Asia Minor as well as the construction of the most important monastic complex of twelfth century Constantinople What else do we know about John s rule and its period This volume opens up new perspectives on John s reign and clearly demonstrates that many innovations generally attributed to the genius of Manuel Komnenos had already been fostered during the reign of the second great Komnenos Leading experts on twelfth century Byzantium Jeffreys Magdalino Ousterhout are joined by representatives of a new generation of Byzantinists to produce a timely and invaluable study of the unjustly neglected figure of John Komnenos The Rise of the Chinese Empire: Nation, state, & imperialism in early China, ca. 1600 B.C.-A.D. 8 Chun-shu Chang, 2007 A comprehensive reconstruction of ancient and early Imperial Chinese history based on literary and archaeological texts and over 60 000 Han time documents on bamboo wood and silk Law and Morality in Ancient China Randall P. Peerenboom, 1993-01-01 Huang Lao thought a unique and sophisticated political philosophy which combines elements of Daoism and Legalism dominated the intellectual life of late Warring States and Early Han China providing the ideological foundation for post Qin reforms In the absence of extant texts however scholars of classical Chinese philosophy remained in the dark about this important school for over 2000 years Finally in 1973 archaeologists unearthed four ancient silk scrolls the Silk Manuscripts of Huang Lao This work is the first Žižek and Freedom Bradley Kaye, 2023-11-03 This book detailed book length treatment in English of these lost treasures is an exploration of i ek s theory of freedom By examining key passages in i ek s work the aim is to provide a functional serviceable philosophy of power and ideology and show how this philosophy of power relates to freedom Although some like Noam Chomsky have criticized i ek s work as having no guiding principles it is suggested that this misses the fact that i ek s philosophy utilizes a dialectical methodology that often appears contradictory Though a highly astute reader with a background in the philosophical texts he frequently cites the German Idealists Freud and modern philosophers it becomes clear that there is a uniquely Zizekian philosophy that mobilizes a radical hermeneutics of freedom **Tradition and** Innovation in the Ancient Near East Alfonso Archi, 2015-01-23 In July 2011 the International Association for Assyriology met in Rome Italy for 5 days to deliver and listen to papers on the theme Tradition and Innovation in the Ancient Near East This volume the proceedings of the conference contains more than 40 of the papers read at the 57th annual Rencontre

including 3 plenary lectures papers many papers directly connected with the theme as well as a workshop on parents and children The papers covered every period of Mesopotamian history from the third millennium through the end of the first millennium B C E The attendees were warmly hosted by faculty and students from the Universit di Roma La Sapienza

Discourse, Peace, and Conflict Stephen Gibson, 2018-11-29 This first of its kind volume brings discursive psychology and peace psychology together in a compelling practical synthesis An array of internationally recognised contributors examine multiple dimensions of discourse official and casual speech rhetoric and text in creating and maintaining conflict and building mediation and reconciliation Examples of strategies for dealing with longstanding conflicts the Middle East significant flashpoints the Charlie Hebdo case and current heated disputes the refugee crisis in Europe demonstrate discursive methods in context as they bridge theory with real life This diversity of subject matter is matched by the range of discursive approaches applied to peace psychology concepts methods and practice Among the topics covered Discursive approaches to violence against women The American gun control debate a discursive analysis Constructing peace and violence in the Palestinian Israeli conflict Discursive psychological research on refugees Citizenship social injustice and the quest for a critical social psychology of peace The emotional and political power of images of suffering discursive psychology and the study of visual rhetoric Discourse Peace and Conflict offers expansive ideas to scholars and practitioners in peace psychology as well as those in related areas such as social psychology political psychology and community psychology with an interest in issues pertaining to peace and conflict **Paul and the Rise of the Slave** K. Edwin Bryant, 2016-04-18 Paul and the Rise of the Slave locates Paul's description of himself as a slave of Messiah Jesus in the epistolary prescript of Paul's Epistle to Rome within the conceptual world of those who experienced the social reality of slavery in the first century C E The Althusserian concept of interpellation and the Life of Aesop are employed throughout as theoretical frameworks to enhance how Paul offered positive ways for slaves to imagine an existence apart from Roman power An exegesis of Romans 6 12 23 seeks to reclaim the earliest reception of Romans as prophetic discourse aimed at an anti Imperial response among slaves and lower class readers Christ over All Things James P. Crockett, 2024-11-01 Colossians and Ephesians present some of the highest statements of Christology in the New Testament How is it that Christ came to be conceived not only as the Savior of humanity but also as the divine Lord over the whole cosmos While previous scholars have looked to Wisdom traditions and Greco Roman cosmology to provide background for the Christology of Colossians and Ephesians James Crockett demonstrates that Jewish royal ideology provides the key conceptual background through which the Christology of these letters was formed Crockett begins by demonstrating how Jewish literature reveals God's intent to enact his rule over creation through his enthroned king a plan which begins with Adam and continues with the promise of the ideal Davidic king Crockett then shows how Paul utilizes and expands upon Jewish royal ideological themes to portray Christ as the supreme cosmic king through whom God reestablishes cosmic harmony The State and Terrorism Dr Joseph H Campos

II,2013-03-28 Adopting an innovative approach to the ongoing debate over homeland security and state response to terrorism Joseph Campos investigates the contextualizing of national security discourse and its management of terrorism New ideas developed in this book reflect ways in which national security is mobilized through specific discourse to manage threats In addition a review of presidential rhetoric over the last 30 years reveals that national security discourse has maintained an ideological hegemony to determine what constitutes violence and appropriate responses The volume incorporates historical depth and critical theory in a comparative framework to provide an invaluable insight into how national security is developed and how it works with the concept of terrorism to secure the state **The Reigns of Charles II and James VII & II** Lionel K.J. Glassey,1997-03-10 British history in the period from the restoration of 1660 to the revolution of 1688 no less than in other periods has been subject to revisionism This volume examines and analyses some of the challenging new theories relating to politics society religion and culture that have attracted attention in recent years It provides both a wide ranging survey of the principal themes of the post restoration era and a series of insights derived from the detailed research of individual contributors
