Rekindling a Lost Passion Russell Burrill, 1999-01-01 **Church Planting Movements** V. David Garrison, 2007 David Garrison PhD University of Chicago defines Church Planting Movements as rapidly multiplying indigenous churches planting churches that sweep across a people group or population segment Garrison's Church Planting Movements How God Is Redeeming a Lost World signaled a breakthrough in missionary church planting After the publication of Garrison's book in 2004 it became impossible to talk about missions without referencing Church Planting Movements Church Planting Movements examines more than two dozen movements of multiplying churches on five continents After presenting these case studies Garrison identifies ten universal elements present in each movement He then broadens the circle of examination to identify a further ten common characteristics factors identified in most but not all of the movements He concludes his examination with a list of Seven Deadly Sins i.e. harmful practices that stifle or impede Church Planting Movements Important for evangelical readers the author returns to his findings to see how they stand up to the light of Scripture What he discovers is that Church Planting Movements are much more consistent with the New Testament lay led house church movements that swept rapidly through the Mediterranean world in the face of hostile opposition than today's more sedentary professional institutionalized Christianity Learn more about Church Planting Movements from the book's website www.ChurchPlantingMovements.com

Planting Churches That Reproduce Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only God's supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirit's power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and

work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1 8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts

planting! Douglas Hwan Yoon,2021 The Southern Baptist Convention SBC is the largest Protestant denomination in the United States The International Mission Board IMB as its Mission agency has gone beyond the traditional method of planting churches and has launched a new bold and efficient the Church Planting Movements CPM Former President Jerry Rankin received positive responses from Southern Baptist Churches for 14 years 1997 2010 with this CPM In addition the IMB received increased its mission funds significantly increasing the number of new missionaries to about 1 400 persons The

CPM has produced multiple results in evangelization in the communist regions and the ministries of unreached peoples. However, as the CPM progressed, many problems arose, and with the retirement of Rankin in 2010, the CPM also lost its power. Nevertheless, IMB did not have other strategies to replace the CPM. The next president, David Platt, cut 21% of all missionaries through the voluntary Retirement Incentive, and the CPM was terminated. Despite the end of the CPM, church planting remains the top strategy for the SBC and the IMB. Therefore, this writer argues that by analyzing the CPM of the IMB, it should have a new vision and strategy by using its strengths and complementing its problems.

Church Planting Movements - India Frederick Osborn, 2014-12-11 In the year 1999, David Garrison, the Associate Vice President, Strategy Coordination and Mobilization for the International Mission Board of the Southern Baptist Convention, completed an assignment to profile the growing number of Church Planting Movements that were appearing in their work around the world. The final result of this assignment was published by the Southern Baptist Convention SBC in a small pamphlet of 60 pages appropriately titled Church Planting Movements. Although many people in India were involved in missions work long before this report was written, and there are many missionaries still working in India today, the major emphasis of their work so far has been making new converts, social works, and building church buildings. There are a number of reasons why missionaries have not been successful in initiating true Church Planting Movements (CPMs), which will be examined in detail in this book, but the primary reasons are because traditional methods of planting churches involve enormous costs in purchasing land and building church buildings, and there remains a shortage of seminary-trained ministry leaders who have studied and understood what a CPM is all about. However, if they were encouraged, equipped, and educated, there are enough indigenous workers ready, willing, and able to evangelize the lost and start Church Planting Movements across India. Today, there is an increased desire among village pastors to plant new churches, but they are often delayed because of the tremendous burden and crippling financial drain involved in obtaining land and building church buildings. Following the traditional model, it would not take long before all of the efforts of church planters would be poured into fundraising for building churches. However, after reading David Garrison's report, one will realize two things: first, is how important it is to place more emphasis on biblical church planting strategies among the marginalized communities, and second, is how important it is to understand from the book of Acts what are the qualities and characteristics of a genuine Church Planting Movement.
