Leading Complex Projects Kaye Remington, 2016-04-22 Leadership in projects has been under represented in many of the most influential project methodologies where the focus has been on management and process The importance to project success of key roles such as project board member executive sponsor project manager client representative or team leader increases exponentially with the scale and complexity of the project Kaye Remington's Leading Complex Projects draws on original

empirical research into successful leadership of complex projects including 70 in depth interviews with people across a broad range of industries selected for their roles in guiding complex projects towards successful outcomes The book structured around the major themes from the interviews explains and applies emerging best practice in a coherent and focused way A potent combination of wisdom from leaders in practice and the latest knowledge from many fields of research will engage experienced practitioners as well as those who are teaching and researching projects complexity and leadership

Communication Skills for Business Professionals Phillip Cenere, Robert Gill, Celeste Lawson, Michael Lewis, 2015-06-29
Communication Skills for Business Professionals is a student friendly introduction to the principles and practice of effective communication in the workplace Engagingly written and full of real life examples it explains the key theories underpinning communication strategies and encourages students to consider how to apply them in a contemporary business environment After working through foundation topics such as understanding the audience persuasion and influence negotiation and conflict management and intercultural complexities students will explore the various modes and contexts of workplace communication including meetings oral communication written reports and correspondence The text incorporates discussion of new digital technologies such as virtual real time communication and dedicates an entire chapter to the specific considerations involved in writing for the web With its emphasis on Australian contexts and examples *Communication Skills for Business Professionals* is an excellent introduction to the world of professional communication Advising Upwards Lynda Bourne, 2016-03-03 Much has been written about leadership and team building but there are still major gaps in thinking and research about how to engage senior stakeholders in support of an organisation's projects The central role of stakeholders in the successful delivery of organisational strategy is becoming increasingly recognised as is the importance of developing a sponsor culture to support more collaborative practices within the organisation Building and managing relationships with senior upwards stakeholders is essential for success *Advising Upwards* brings together the ideas of experts in fields related to engaging senior stakeholders such as risk management decision making understanding cultural considerations effective communication and other disciplines that may enhance the sustainable engagement of senior stakeholders The starting point is an examination of the difficulties that senior managers face as they move through the ranks of an organisation from middle management to executive levels Senior managers usually move up through the organisation on the basis of command and control management Once in the executive ranks they must develop a more collaborative approach and adopt the principles of emotional intelligence EQ to succeed Awareness of difficulties that senior stakeholders may face drives effective approaches for communication between the team and sponsors Case studies and stories from experts illustrate practical structured approaches that enable the teams to develop robust relationships with senior stakeholders will result in teams being heard and support their being extraordinary through innovative approaches to advising upwards **Teamwork, Leadership and Communication** Deborah Lake, Krista Baerg, Teresa

Paslawski,2015-08-10 This practical straightforward guide presents the basic skills attitudes and knowledge needed for successful interprofessional collaboration in healthcare Collaboration is fundamental to quality healthcare and many regulatory bodies and accrediting agencies now have standards and benchmarks for interprofessional collaboration This guide brings together in one volume basic collaboration competencies for healthcare professionals Teamwork Leadership and Communication serves both as an introduction for novices and as a refresher for experienced practitioners It provides exceptional learning support for classes working groups and self study Topics include Group dynamics team structures decision making shared leadership conflict management communication in small groups stereotyping liability and more

Attitudes to Psychological Stress Among Construction Professionals Alan Patching,2022-03-04 This book investigates attitudes to the avoidance and management of stress by project managers within the professional construction industry The author argues that a widespread toxic culture belonging to the industry substantially contributes to industry stress and analyses stress impacts among construction professionals as well as the industry specific causes of stress The impacts and causes of stress of construction project managers are compared with those of other employees in the construction industry and with attitudes from across broader industry The author concludes by establishing a leadership model for government and private organisations to effectively address a construction industry systemic problem head on

Have a Nice Conflict Tim Scudder,Michael Patterson,Kent Mitchell,2011-12-12 How to successfully navigate and prevent conflict From the publishers of the popular Strength Deployment Inventory *Have a Nice Conflict* follows one man s fight to rescue his sinking career Sales manager John Doyle would consider his career a success he s his company s top revenue driver and his take charge attitude gets the job done However when he is passed over for promotion again after losing two direct reports who cite his abrasive style as their reason for leaving John is forced to reassess how he approaches his relationships With the help of Mac an expert in the art of Relationship Awareness Theory John learns the three stages of conflict and how he reacts in each Once John recognizes his own values and trigger points as well those of other people he becomes able to better navigate terse situations express his points in a way that resonates for other people and even avoid conflict altogether Equipped with this new understanding of how other people interpret and react to conflict John soon finds all the relationships in his life both at work and at home improving Reveals a practical understanding of how conflict really works Shows how to recognize its initial stages of conflict how to navigate it better to diffuse a situation and how to understand the values of the other person to better frame your point for them Provides guidance for moving beyond conflict to enhance relationships Includes a five step framework anticipate prevent identify manage and resolve and tools for locating conflict triggers in ourselves and others Anyone can profit from the tools in this book to understand and take control over conflict

Decolonizing Applied Linguistics Research in Latin America Harold Castañeda-Peña,Paola Gamboa,Claire Kramsch,2023-09-29 This collection explores the critical decolonial practices of applied linguistics researchers from Latin America and the Latin American

diaspora shedding light on the processes of epistemological decolonization and moving from a monolingual to a multilingual stance The volume brings together participants from an AILA 2021 symposium in which researchers reflected on applied linguistics in Latin America and on the ways in which it brought concerns around social justice the legacy of coloniality and the role of monolingual English in education to the fore Each chapter is composed of four parts an autobiographical section written both in Spanish or Portuguese and in English followed by a reflection on the epistemological differences between versions a discussion in English of the research project a critical reflection on the epistemic practices and critical pedagogies enacted in the project and the author s understanding of the concept of decolonization and recommendations for further decolonizing the monolingual mindset of language teachers and learners At once linguistic epistemological and political the collection aims to diversify the concept of decoloniality itself and showcase other ways in which decolonial thought can be implemented in language education This book will be of interest to scholars in applied linguistics sociolinguistics and language education

Career Decision Making W. Bruce Walsh, Samuel H. Osipow, 2014-01-09 Keeping up with new developments in vocational psychology is important to both psychological practitioners and researchers This volume is devoted to presenting and evaluating important advances in the field of career decision making development and maturity More specifically it identifies reports and evaluates significant contemporary developments in vocational psychology and provides both professional workers and students with an informed understanding of the progress taking place in the field The history and theory of the assessment of career development and decision making are explored as well as advances in career planning systems An expanded context for the study and evaluation of career development variables is also described
