Relationships In Our Hands:

Relationships in Our Hands Yael Haft-Pomrock, 2002-12-02 **Palmistry: What Your Hands Reveal About Love, Sex and Relationships (The Art of Predicting Your Future and Achieving Success through Your Hands)** James Daniel, 101-01-01 The book begins with an introduction to the basics of palmistry including the different types of hand shapes sizes and textures and what they can reveal about a person s personality and character The author then goes on to discuss the different lines and features found on the hands including the life line head line heart line and fate line and how they can provide insight into a person s health well being and overall life path In addition to the lines and features on the hands the author also covers the importance of the mount fingers and nails in palmistry The author explains how the mount can provide insight into a person s talents potential for success and overall well being while the fingers and nails can indicate a person s approach to life and potential for success in specific areas Discover Hidden Traits Faithlessness Mean with Money Secret Gambler Irresponsible Emotional Immaturity Provides a comprehensive guide to this fascinating practice giving you everything you need to know to become a master palmist You ll learn how to identify the unique qualities of each hand and read the stories they tell gaining insights into your own life and the lives of those around you With clear explanations and beautiful illustrations this book is a must read for anyone interested in palmistry Destiny in your hands P. John Brusasco, 2024-09-06 In this book the first of a quadrilogy the author discusses Holistic Palmistry which teaches us to investigate the surface of the palm enabling us to recognize the entirety in which a person s becoming is placed This helps us make decisions and alter our destiny Unlike Chiromancy which interprets destiny as inevitable Holistic Palmistry believes destiny is in our hands because the signs of existence are drawn and imprinted on them in a continuous exchange and transformation Thus the hands speak to those who know how to read and listen to them This text presents theoretical suggestions and reflections with simple historical and philosophical indications but mainly guides us through the main points and methods for reading hands This offers everyone new possibilities and knowledge God in Our Relationships Rabbi Dennis S. Ross, 2011-12-06 Deepen connections with the people you love Build relationships with the people you meet We can go through each day or a lifetime as sleepwalkers while awake tossing and turning on pillows that are as hard as appointment books wandering a paved spiritual wilderness from bank window to house of worship to hospital bedside But if we are fortunate enough to happen upon a vision of the Divine in a chance chat with a semi stranger or a lingering conversation with a good friend we can awaken to the spirituality between people that Martin Buber called I Thou from God in Our Relationships It is possible to infuse every moment of life with meaning from the routine act to the once in a lifetime situation and this first of its kind introduction to Martin Buber s I Thou shows you how Drawing on Jewish tradition the science of human behavior Buber s ideas and the Hasidic stories that he loved Rabbi Dennis Ross illuminates a theology of relationships in easy to understand accessible language You will clearly see how to use the principles of I Thou to create new

answers to critical issues in life such as How do I react to others in times of stress How do I relate to strangers How can I take full advantage of the time I have to spend with my loved ones By unlocking the depths in Buber's concepts for spiritual growth Ross supplies you with the tools you need to communicate better love more completely and find the sacred in everyday life
