Relegation And Stock Control In Libraries:

Relegation and Stock Control in Libraries J. A. Urquhart, N. C. Urquhart, 1976 **Relegation and stock control in libraries** J. A. Urquhart, N. C. Urquhart, 1978 *Library Services in Theory and Context* Michael K. Buckland, 2014-05-09

Library Services in Theory and Context provides a theoretical framework for considering the nature of library services. This book is organized into four parts encompassing 16 chapters that focus on the management of library services. The first part presents some basic problems in librarianship along with the scope and probable nature of appropriate theory. The second part considers the five key aspects and use of library services including inquiries, retrieval, the process of becoming informed, the demand for library services, and the allocation of resources to and within library services. The third part deals with the connection and extensions of library services, specifically the problem of achieving internal consistency and the generalizability of conceptual framework to information services. The fourth part reconsiders some of the basic conceptual problems in library services. This book will be of great value to school administrators and librarians.

Encyclopedia of Library and Information Science Allen Kent, Harold Lancour, Jay E. Daily, 1980-05-01. The Encyclopedia of Library and Information Science provides an outstanding resource in 33 published volumes with 2 helpful indexes. This thorough reference set, written by 1300 eminent international experts, offers librarians, information computer scientists, bibliographers, documentalists, systems analysts, and students convenient access to the techniques and tools of both library and information science. Impeccably researched, cross-referenced, alphabetized by subject, and generously illustrated, the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field.

Library Off-Site Shelving Danuta A. Nitecki, Curtis L. Kendrick, 2001-06-15. As libraries strive to maintain collections with limited space, many have turned to high efficiency off-site shelving facilities. This work addresses virtually all major issues in planning, building, and operating high density storage. Using the Harvard Depository model but applying the issues and activities to other models, as well, a host of contributors cover such issues as governance and cost, design and construction, preservation, selection, pre-shelving, preparation, systems, access, and management services and transportation. An essential guide to anyone considering or involved in high efficiency shelving, this book is also a valuable reference.

Collection Development Maureen Pastine, 2013-10-18. With the prolific changes in the electronic environment, do you sometimes feel overwhelmed by the multiplying of electronic information resources, the different methods of access, and their combined impact on collection development? If so, *Collection Development* is the book to help you get a handle on what's out there. In no time at all, you'll be able to select and integrate electronic resources into collection development programs at even the most traditional of libraries. In the process, you will learn alternative approaches for dealing with electronic databases, on-line access, and fiscal planning for the integration of the new information technologies into collection development.

Development offers useful strategies for dealing with electronic resources in terms of selection and evaluation collection development policies organizational structure and budgeting You also acquire important information on Internet information resources accessible through Gophers and World Wide Web sites access vs ownership issues serving the remote user at an extended campus site the relationship of selection to acquisitions managing a CD Rom collection development process planning issues of cooperation collaboration and change pricing and planning issues and their impact on library budgets negotiating site licenses Librarians in collection development academic librarians and personnel in technology automation development will find Collection Development an indispensable tool for grappling with the demands and pressures of screening and choosing the most suitable information resources from the dynamic even saturated world of technology The book's insights and practical methodologies will help you integrate new on line and electronic information resources into your program with relative ease

Double Fold Nicholson Baker, 2002-08-13 The ostensible purpose of a library is to preserve the printed word But for fifty years our country's libraries including the Library of Congress have been doing just the opposite destroying hundreds of thousands of historic newspapers and replacing them with microfilm copies that are difficult to read lack all the color and quality of the original paper and illustrations and deteriorate with age With meticulous detective work and Baker's well known explanatory power Double Fold reveals a secret history of microfilm lobbyists former CIA agents and warehouses where priceless archives are destroyed with a machine called a guillotine Baker argues passionately for preservation even cashing in his own retirement account to save one important archive all twenty tons of it Written the brilliant narrative style that Nicholson Baker fans have come to expect Double Fold is a persuasive and often devastating book that may turn out to be The Jungle of the American library system *British Librarianship and Information Work*, 1976 ARBA Guide to Library Science Literature, 1970-1983 Donald G. International Encyclopedia of Information and Library Science John Feather, Rodney Paul Sturges, 2003 The International Encyclopedia of Information and Library Science was published to widespread acclaim in 1996 and has become the major reference work in the field This eagerly awaited new edition has been fully revised and updated to take full account of the many and radical changes which have taken place since the Encyclopedia was originally conceived With nearly 600 entries written by a global team of over 150 contributors the subject matter ranges from mobile library services provided by camel and donkey transport to search engines portals and the World Wide Web The new edition retains the successful structure of the first with an alphabetical organization providing the basic framework of a coherent collection of connected entries Conceptual entries explore and explicate all the major issues theories and activities in information and library science such as the economics of information and information management A wholly new entry on information systems and enhanced

entries on the information professions and the information society are key features of this new edition Topical entries deal with more specific subjects such as collections management and information services for ethnic minorities New or completely revised entries include a group of entries on information law and a collection of entries on the Internet and the World Wide Web Weeding Library Collections Stanley J. Slote,1989 Based on the author s ongoing research field observations and interviews with library professionals this edition thoroughly updates the previous one and simplifies the process of weeding Slote shows librarians how to identify the core collections versus the weedable items After reviewing current weeding practices and standards he discusses a variety of traditional and computer assisted methods for weeding His approach is based on the new understanding of the relationship between in library use and circulation use A section dealing with reference noncirculating collections has been added and the chapter on computer assisted weeding has been completely rewritten to help librarians streamline the weeding process All forms have been redesigned **Management, a Continuing Literature Survey with Indexes** ,1975 **Collection Development in Libraries** Robert D.
