The Function of Religion in Man's Struggle for Existence George Burman Foster, 1909 Man, Faith and God Terry Hayes, 2018 A quick study into the three major religions that say there is only one God for all men A Man's Religion William Fraser McDowell, 1913 The Function of Religion in Man's Struggle for Existence, 1910 **The Religion of Man** Rabindranath Tagore, 1931 A classic of religious literature packaged in an elegant and durable format last published in 1988 *The Modern Man's Religion* Charles Reynolds Brown, 1911 The Collected Works of Eric Voegelin Eric Voegelin, 1998 Annotation Examining the emergence of modernity within the philosophical and political debates of the sixteenth century Religion and the Rise of Modernity resumes the analysis of the great confusion introduced in Volume IV of History of Political Ideas Encompassing a vast range of events ignited by Luther's Ninety Five Theses this period is one of controversy revolution and partiality Despite the era's fragmentation and complexity Voegelin's insightful analysis clarifies its significance and suggests the lines of change converging at a point in the future the medieval Christian understanding of a divinely created closed cosmos was being replaced by a distinctly modern form of human consciousness that posits man as the proper origin of meaning in the universe Analyzing the most significant features of the great confusion Voegelin examines a vast range of thought and issues of the age From the more obvious thinkers to those less frequently studied this volume features such figures as Calvin Althusius Hooker Bracciolini Savonarola Copernicus Tycho de Brahe and Giordano Bruno Devoting a considerable amount of attention to Jean Bodin Voegelin presents him as a prophet of a new true religion amid the civilizational disorder of the post Christian era Focusing on such traditional themes as monarchy just war theory and the philosophy of law this volume also investigates issues within astrology cosmology and mathematics Religion and the Rise of Modernity is a valuable work of scholarship not only because of its treatment of individual thinkers and doctrines influential in the sixteenth century and beyond but also because of its close examination of those experiences that formed the modern outlook *Science, Politics and Gnosticism* Eric Voegelin, 2012-03-27 Science Politics and Gnosticism comprises two essays by Eric Voegelin 1901 85 arguably one of the most provocative and influential political philosophers of the last century In these essays Voegelin contends that certain modern movements including positivism Hegelianism Marxism and the God is dead school are variants of the gnostic tradition he identified in his classic work The New Science of Politics Voegelin attempts to resolve the intellectual confusion that has resulted from the dominance of gnostic thought by clarifying the distinction between political gnosticism and the philosophy of politics **This Is the Faith** Rev. Fr. Francis J. Ripley, 1999-12 This Is the Faith covers everything the convert or inquirer needs to know about the Catholic faith and does so with a thoroughness that is at once completely satisfying but

never trying Moreover its approach is always dignified reverent and commanding of respect The result is that the reader will garner a true picture of the reasonableness thoroughness and beauty of the Catholic religion that with grace will all but guarantee the assent of his will if he approaches the book with honesty and integrity This book belongs in every Catholic home It is unparalleled as a review as a catch up course for the poorly informed or as an introduction to the truth of the Catholic Faith for converts Great sadly needed and destined to do great good in our time *An Illustrated and Popular Story of the World's First Parliament of Religions ...* ,1893 [The Function of Religion in Man's Struggle for Existence \(1909\)](#) George Burman Foster,2009-04 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Hearings* United States. Bradby,1920 **Religion and the Christian Faith** Hendrik Kraemer,2003-06 A rich and profound contribution to the debate on the position of modern Christianity opened up Kraemer s The Christian Message in a

Non Christian World In Religion and the Christian Faith he deals with many of the criticisms of his position and offers an apologia at once luminous and massive of the Christian religion as the revelation of God to Man and the faith for all mankind There is a decisive Christian finality about Kraemer s writing and his book is a significant contribution to the sharp discipline of faith and action under which the universal Christian community lives All the way through his formidably marshalled arguments run the undertones of Christian involvement in a real world a world which by his astonishing grasp of philosophy Biblical theology and the claims of religion and religions the Author brings alive to the reader The reading of this formative book with its strenuous demands on the reader s intelligence and Christian understanding is a rewarding experience Its significance for the Christian Church throughout the world is obvious but it is also a monumental witness to the Christian religion for all those who ask not only for a faith once delivered but a faith to believe in their own day and generation
