Secret Cemetery:

The Secret Cemetery Doris Francis, Leonie Kellaher, Georgina Neophytou, 2020-07-12 Burial sites have long been recognized as a way to understand past civilizations Yet the meanings of our present day cemeteries have been virtually ignored even though they reveal much about our cultures Exploring an extraordinarily diverse range of memorial practice Greek Orthodox Muslim Jewish Roman Catholic and Anglican as well as the unchurched The Secret Cemetery is an intriguing study of what these places of death mean to the living Most of us experience cemeteries at a ritualized moment of loss What we forget is that these are often places to which we return either as a general space in which to contemplate or as a specific site to be tended These are also places where different communities can reinforce boundaries and even recreate a sense of homeland Over time ritual artefact and place shape an intensely personal landscape of memory and mourning a landscape more alive more actively engaged with than many of the other places we inhabit *The Ethics of Everyday Life* Michael Banner, 2014-10-23 The moments in Christ's human life noted in the creeds his conception birth suffering death and burial are events which would likely appear in a syllabus for a course in social anthropology for they are of special interest and concern in human life and also sites of contention and controversy where what it is to be human is discovered constructed and contested In other words these are the occasions for profound and continuing questioning regarding the meaning of human life as controversies to do with IVF abortion euthanasia and the use of bodies or body parts post mortem plainly indicate Thus the following questions arise how do the instances in Christ's life represent human life and how do these representations relate to present day cultural norms expectations and newly emerging modes of relationship themselves shaping and framing human life How does the Christian imagination of human life which dwells on and draws from the life of Christ not only articulate its own but also come into conversation with and engage other moral imaginaries of the human Michael Banner argues that consideration of these questions requires study of moral theology therefore he reconceives its nature and tasks and in particular its engagement with social anthropology Drawing from social anthropology and Christian thought and practice from many periods and influenced especially by his engagement in public policy matters including as a member of the UK's Human Tissue Authority Banner aims to develop the outlines of an everyday ethics stretching from before the cradle to after the grave *Bittersweet Memories* Gary L. Lisman, Arlene Parr, 2005 This book seeks to understand what really happened at the Peoria State Hospital during its fascinating history and to do so as accurately as possible In the end the individual reader will be allowed to draw his or her own conclusions regarding the hospital and those who call it their home [Secret Louisville: A Guide to the Weird, Wonderful, and Obscure](#) Kevin Gibson, 2017-03-15

The City in the Hebrew Bible James K Aitken, Hilary F. Marlow, 2018-10-18 These essays explore the idea of the city in the Hebrew Bible by means of thematic and textual studies

The essays are united by their portrayal of how the city is envisaged in the Hebrew Bible and how the city shapes the writing of the literature considered. In its conceptual framework the volume draws upon a number of other disciplines including literary studies, urban geography and psycho linguistics to present chapters that stimulate further discussion on the role of urbanism in the biblical text. The introduction examines how cities can be conceived and portrayed before surveying recent studies on the city and the Hebrew Bible. Chapters then address such issues as the use of the Hebrew term for city, the rhythm of the city throughout the biblical text as well as reflections on textual geography and the work of urban theorists in relation to the Song of Songs. Issues both ancient and modern, historical and literary are addressed in this fascinating collection which provides readers with a multi faceted and interdisciplinary view of the city in the Hebrew Bible.

Birth and Death in British Culture Anette Pankratz, Claus-Ulrich Viol, Ariane de Waal, 2012-04-25 Why discuss birth and death when they lie outside discourse? And why look at them together when they are so much unlike each other: one the moment of fresh beginnings, joys and the relative certainties of existence; the other the moment of life's end, grief and the relative uncertainties of non existence? Because it turns out that both events, while virtually unrepresentable, have spawned a host of representations, narratives, rites and attempts at making sense of them, and because they may have more similarities than appears at first sight. The 13 interdisciplinary articles collected in this volume prove that looking at the two phenomena in tandem throws into sharp relief the distinct patterns and functions of each, while also highlighting some of the fundamental historical developments, cultural functions and socio political issues shared by both. The contributions take stock of the discourses of birth and death prevalent in British and Western culture, probing into the way the two phenomena have been subjected to strategies of medialisation, commodification and bio politics.

Now Winegarner presents *Sacred Sonoma* completely revised and updated with new sites for the first time in print. This volume also includes all new photographs and a new introduction from the author as well as the original maps drawn by illustrator Matt Berger.
