It provides teachers a way to negotiate the often conflicting goals of high stakes testing, confident writing, the culturally inclusive classroom, and the teaching of standard English while also honoring other varieties of English. Novice and veteran teachers alike will appreciate the hands-on approach to grammar in the classroom that includes numerous examples and practical vignettes describing real teachers' real classroom experiences with specific grammar lessons including ESL issues as well as the chapters that review grammar basics. A grammar glossary and annotated list of sources are also included.
