## **Lorca The Gay Imagination:**

**Lorca** Paul Binding,1985 The first book length publication to examine Lorcass writing specifically from the standpoint of his sexuality **Lorca** Paul Binding,1985 **Federico Garcia Lorca and the Culture of Male Homosexuality** Ángel Sahuquillo,2007-05-31 Spain in the twentieth century gave birth to an array of astounding artistic and literary talent including the passionately iconoclastic writer Federico Garcia Lorca But his works were ill received in the homophobic atmosphere of institutionalized Spanish criticism Because of this atmosphere even today s critics have effectively marginalized and disavowed intimations of homo affectivity and homoeroticism in the great Spanish works This book first appeared in Spain in 1991 as counter discourse against those prevailing ideological structures Before its appearance no significant work had focused on the position of Spanish culture towards homosexuality or on how homosexuality could affect the works of canonical writers Engaging with homosexuality as an imperative source of meaning in artistic work this volume rigorously studies the works of Federico Garcia Lorca and several of his marginalized homosexual contemporaries including Emilio Prados Luis Cernuda Juan Gil Albert and Salvador Dali The study relies on the textual evidence presented by these authors to define the homosexual culture as one plagued by the realities of rejection fear of the law self doubts the lack of an authorized language with which to convey emotions the awareness of disgust around the individual the need to accept marginality to find sexual or emotional satisfaction and the knowledge of one s own social divergence all of which have an enormous influence on any artist s work With this new and updated translation this work offers English speaking readers the opportunity to focus on formal aspects of literary expressions of homosexuality [A Companion to Federico García Lorca](#) Federico Bonaddio,2007 Lorca icon and polymath in all his manifestations [The Theatre of García Lorca](#) Paul Julian Smith,1998-05-28 A study of the plays of Garcia Lorca the greatest Spanish dramatist of the twentieth century [Queer Rebels](#) Łukasz Smuga,2022-01-31 Queer Rebels is a study of gay narrative writings published in Spain at the turn of the 20th century The book scrutinises the ways in which the literary production of contemporary Spanish gay authors Jos Luis de Juan Luis G Mart n Juan Gil Albert Juan Goytisolo Eduardo Mendicutti Luis Antonio de Villena and lvaro Pombo engages with homophobic and homophile discourses as well as with the vernacular and international literary legacy The first part revolves around the metaphor of a rebellious scribe who queers literary tradition by clandestinely weaving changes into copies of the books he makes This subversive writing act named Mazuf s gesture after the protagonist of Jos Luis de Juan s This Breathing World 1999 is examined in four highly intertextual works by other writers The second part of the book explores Luis Antonio de Villena and lvaro Pombo who in their different ways seek to coin their own definitions of homosexual experience in opposition both to the homophobic discourses of the past and to the homonormative regimes of the commercialised and trivialised gay culture of today In their novels Mazuf s gesture involves playing a sophisticated queer game with readers and their expectations *Routledge Revivals: Homosexuality: A Research Guide (1987)* Wayne R. Dynes,2017-02-17 First

*Bob Dylan and Leonard Cohen* David Boucher, Lucy Boucher, 2021-04-08 Both Dylan and Cohen have been a presence on the music and poetry landscape spanning six decades This book begins with a discussion of their contemporary importance and how they have sustained their enduring appeal as performers and recording artists The authors argue that both Dylan and Cohen shared early aspirations that mirrored the Beat Generation They sought to achieve the fame of Dylan Thomas who proved a bohemian poet could thrive outside the academy and to live his life of unconditional social irresponsibility While Dylan's and Cohen's fame fluctuated over the decades it was sustained by self consciously adopted personas used to distance themselves from their public selves This separation of self requires an exploration of the artists relation to religion as an avenue to find and preserve inner identity The relationship between their lyrics and poetry is explored in the context of Federico Garc a Lorca's concept of the poetry of inspiration and the emotional depths of duende Such ideas draw upon the dislocation of the mind and the liberation of the senses that so struck Dylan and Cohen when they first read the poetry and letters of Arthur Rimbaud and Lorca The authors show that performance and the poetry are integral and the duende or passion of the delivery is inseparable from the lyric or poetry and common to Dylan Cohen and the Beat Generation
