A History of the British Army, Vol.2 (of 2) J. W. Fortescue, The work of disbanding the Army began some months before the final conclusion of the Peace of Utrecht By Christmas 1712 thirteen regiments of dragoons twenty two of foot and several companies of invalids who had been called up to do duty owing to the depletion of the regular garrisons had been actually broken The Treaty was no sooner signed than several more were disbanded making thirty three thousand men discharged in all More could not be reduced until the eight thousand men who were left in garrison in Flanders could be withdrawn but even so the total force on the British Establishment including all colonial garrisons had sunk in 1714 to less than thirty thousand men The soldiers received as

usual a small bounty on discharge and great inducements were offered to persuade them to take service in the colonies or in other words to go into perpetual exile But this disbandment was by no means so commonplace and artless an affair as might at first sight appear One of the first measures taken in hand by Bolingbroke and by his creature Ormonde was the remodelling of the Army by which term was signified the elimination of officers and of whole corps that favoured the Protestant succession to make way for those attached to the Jacobite interest Prompted by such motives and wholly careless of the feelings of the troops they violated the old rule that the youngest regiments should always be the first to be disbanded and laid violent hands on several veteran corps The Seventh and Eighth Dragoons the Thirty fourth Thirty third Thirty second Thirtieth Twenty ninth Twenty eighth Twenty second and Fourteenth Foot were ruthlessly sacrificed nay even the Sixth one of the sacred six old regiments and distinguished above all others in the Spanish War was handed over for dissolution like a regiment of yesterday There were bitter words and stormy scenes among regimental officers over such shameless unjust and insulting procedure All these designs however were suddenly shattered by the death of Queen Anne The accession of the Elector of Hanover to the throne was accomplished with a tranquillity which must have amazed even those who desired it most Before the new King could arrive the country was gladdened by the return of the greatest of living Englishmen Landing at Dover on the very day of the Queen s death Marlborough was received with salutes of artillery and shouts of delight from a joyful crowd Proceeding towards London next day he was met by the news that his name was excluded from the list of Lords Justices to whom the government of the country was committed pending the King s arrival Deeply chagrined but preserving always his invincible serenity he pushed on to the capital intending to enter it with the same privacy that he had courted during his banishment in the Low Countries But the people had decided that his entry must be one of triumph and a tumultuous welcome from all classes showed that the country could and would make amends for the shameful treatment meted out to him two years before On the 18th of September King George landed at Greenwich and shortly afterwards the new ministry was nominated Stanhope the brilliant soldier of the Peninsular War became second Secretary of State William Pulteney afterwards Earl of Bath Secretary at War Robert Walpole Paymaster of the Forces while Marlborough with some reluctance resumed his old appointments of Captain General Master General of the Ordnance and Colonel of the First Guards He soon found however that though he held the titles he did not hold the authority of the offices and that the true control of the Army was transferred to the Secretary at War To be continue in this ebook

Bruseth and employing a team of archaeologists and volunteers Amid the shallow waters of Matagorda Bay a steel cofferdam was constructed around the site creating one of the most complex nautical archaeological excavations ever attempted in North America and allowing the archaeologists to excavate the sunken wreck much as if it were located on dry land The ship's hold was discovered full of everything the would-be colonists would need to establish themselves in the New World more than 1.8 million artifacts were recovered from the site More than two decades in the making due to the immensity of the find and the complexity of cataloging and conserving the artifacts this book thoroughly documents one of the most significant North American archaeological discoveries of the twentieth century

Hastenbeck 1757 Olivier Lapray, 2021-10-15 The outbreak of the Seven Years War saw the formation of new alliances and led to the conduct of military operations in several theaters simultaneously The campaign of 1757 saw large-scale maneuvers with their necessary operational corollaries of supply and logistics as France put an army of 100,000 men into the field The conduct of the campaign also testifies to the difficulty of exercising command in the face of a court and a government for which short-term results took precedence over means Notwithstanding such difficulties the campaign of the French armies in Westphalia saw its climax play out around the village of Hastenbeck on 26 July 1757 where the forces of Marshal d'Estrées gained a victory

that came close to knocking Hanover out of the war The story of the campaign can be told from the human perspective thanks to the large body of memoirs and letters from officers both general and subordinate of cavalry and infantry regiments Having left their garrisons four months earlier they had come to battle at the gates of Hanover after having traveled more than 600 kilometers through the Low Countries and into Germany *Protestant Exiles From France* David C.
