Louisiana History An Annotated Bibliography

William C Davis

Louisiana History An Annotated Bibliography:

Louisiana History Florence M. Jumonville, 2002-08-30 From the accounts of 18th century travelers to the interpretations of 21st century historians Jumonville lists more than 6 800 books chapters articles theses dissertations and government documents that describe the rich history of America s 18th state Here are references to sources on the Louisiana Purchase the Battle of New Orleans Carnival and Cajuns Less explored topics such as the rebellion of 1768 the changing roles of women and civic development are also covered It is a sweeping guide to the publications that best illuminate the land the people and the multifaceted history of the Pelican State Arranged according to discipline and time period chapters cover such topics as the environment the Civil War and Reconstruction social and cultural history the people of Louisiana local parish and sectional histories and New Orleans It also lists major historical sites and repositories of primary materials As the only comprehensive bibliography of the secondary sources about the state ILouisiana History R is an invaluable resource for scholars and researchers

Historical Maps of Louisiana Joyce Nelson Rolston, Anne G. Stanton, 1999 **A Bibliography of American Natural History: An annotated bibliography of the publications relating to the history, biography and bibliography of American natural history and to institutions, during colonial times and the pioneer century, which have been published up to 1924; with a classified subject and geographic index; and a**

bibliography of biographies Max Meisel, 1924 Subtitle The role played by the scientific societies scientific journals natural history museums and botanic gardens state geological and natural history surveys federal exploring expeditions in the rise and progress of American botany geology mineralogy palentology and zoology *Gerstäcker's Louisiana* Irene S. Di Maio, 2006-09-01 A global traveler and adventurer the German author Friedrich Gerst cker 1816 1872 first arrived in Louisiana in March 1838 paddling the waterways leading from the wilds of the northwestern part of the state near Shreveport south to cosmopolitan New Orleans He returned to the state in 1842 living for a year in the areas of Bayou Sara St Francisville and Pointe Coup e then considered the most beautiful garden and plantation land along the Mississippi River In 1867 he briefly visited Louisiana again observing the devastation wrought by the Civil War and the turmoil of Reconstruction No mere armchair tourist Gerst cker fully engaged himself in exploring Louisiana its landscapes peoples and Peculiar Institution He was in the unique position of being both an insider and an outsider and his sojourns in the state served as the basis for travel books short stories and novels Gerst cker was a remarkable raconteur and a highly popular author During his lifetime and beyond his writings conveyed the tenor of southern life to a German speaking audience Now compiled and translated into English by Irene S Di Maio they offer a window on nineteenth century Louisiana across several decades of growth and upheaval Gerst cker s aim as a writer was to inform and entertain especially through humor drama and suspense His works including his fiction sustain an almost ethnographic level of detail The stories travel sketches and novel excerpts included here comment on slavery and its aftermath ethnic and racial diversity transcultural relations and

immigration and multilingualism Gerstcker's impressions of Louisiana remain relevant and deeply engaging

A Bibliography of American Natural History: An annotated bibliography of the publications relating to the history, biography, and bibliography of American natural history and its institutions, during colonial times and the pioneer century, which have been published up to 1924; with a classified subject and geographic index; and a bibliography of bibliographies Max Meisel, 1924

Louisiana History, 1994

A Creole Lexicon Jay Edwards, Nicolas Kariouk Pecquet du Bellay de Verton, 2004-09 Throughout Louisiana's colonial and postcolonial periods there evolved a highly specialized vocabulary for describing the region's buildings, people, and cultural landscapes. This creolized language, a unique combination of localisms and words borrowed from French, Spanish, English, Indian, and Caribbean sources, developed to suit the multiethnic needs of settlers, planters, explorers, builders, surveyors, and government officials. Today, this historic vernacular is often opaque to historians, architects, attorneys, geographers, scholars, and the general public who need to understand its meanings. With *A Creole Lexicon*, Jay Edwards and Nicolas Kariouk provide a highly organized resource for its recovery. Here are definitions for thousands of previously lost or misapplied terms, including watercraft and land vehicles, furniture, housetypes, unique to Louisiana people, and social categories. Drawn directly from travelers' accounts, historic maps, and legal documents, the volume's copious entries document what would actually have been heard and seen by the peoples of the Louisiana territory. Newly produced diagrams and drawings, as well as reproductions of original eighteenth and nineteenth-century documents and *Historic American Buildings Surveys*, enhance understanding. Sixteen subject indexes list equivalent English words for easy access to appropriate Creole translations. *A Creole Lexicon* is an invaluable resource for exploring and preserving Louisiana's cultural heritage.

The Greatest Fury William C. Davis, 2019-10-15 Davis's accounts of small fights won by hot blood and cold steel are thrilling. *The Wall Street Journal*. From master historian William C. Davis, the definitive story of the Battle of New Orleans, the fight that decided the ultimate fate, not only of the War of 1812, but the future course of the fledgling American republic. It was a battle that could not be won. Outnumbered, farmers, merchants, backwoodsmen, smugglers, slaves, and Choctaw Indians, many of them unarmed, were up against the cream of the British army, professional soldiers who had defeated the great Napoleon and set Washington, D.C. ablaze. At stake was nothing less than the future of the vast American heartland, from the Gulf Coast to the Great Lakes, as the ragtag American forces fought to hold New Orleans, the gateway of the Mississippi River, and an inland empire. Tipping the balance of power in the New World, this single battle irrevocably shifted the young republic's political and cultural center of gravity and kept the British from ever regaining dominance in North America. In this gripping, comprehensive study of the Battle of New Orleans, William C. Davis examines the key players and strategy of King George's Red Coats and Andrew Jackson's makeshift army. A master historian, he expertly weaves together narratives of personal motivation and geopolitical implications that make this battle one of the most impactful ever fought on American soil.

Histories of Southeastern Archaeology Shannon Tushingham, Jane Hill, Charles H.

McNutt,2002-03-18 This volume provides a comprehensive broad based overview including first person accounts of the development and conduct of archaeology in the Southeast over the past three decades *Histories of Southeastern Archaeology* originated as a symposium at the 1999 Southeastern Archaeological Conference SEAC organized in honor of the retirement of Charles H McNutt following 30 years of teaching anthropology Written for the most part by members of the first post depression generation of southeastern archaeologists this volume offers a window not only into the archaeological past of the United States but also into the hopes and despairs of archaeologists who worked to write that unrecorded history or to test scientific theories concerning culture The contributors take different approaches each guided by experience personality and location as well as by the legislation that shaped the practical conduct of archaeology in their area Despite the state by state approach there are certain common themes such as the effect or lack thereof of changing theory in Americanist archaeology the explosion of contract archaeology and its relationship to academic archaeology goals achieved or not achieved and the common ground of SEAC This book tells us how we learned what we now know about the Southeast s unwritten past Of obvious interest to professionals and students of the field this volume will also be sought after by historians political scientists amateurs and anyone interested in the South Additional reviews A unique publication that presents numerous historical topical and personal perspectives on the archaeological heritage of the Southeast *Southeastern Archaeology*

Sounds American Ann Ostendorf,2011-09-15 *Sounds American* provides new perspectives on the relationship between nationalism and cultural production by examining how Americans grappled with musical diversity in the early national and antebellum eras During this period a resounding call to create a distinctively American music culture emerged as a way to bind together the varied changing and uncertain components of the new nation This played out with particular intensity in the lower Mississippi River valley and New Orleans especially Ann Ostendorf argues that this region often considered an exception to the nation with its distance from the center of power its non British colonial past and its varied population actually shared characteristics of many other places eventually incorporated into the country thus making it a useful case study for the creation of American culture Ostendorf conjures the territory s phenomenally diverse music ways including grand operas and balls performances by church choirs and militia bands and itinerant violin instructors Music was often associated with foreigners in particular Germans French Irish and Africans For these outsiders music helped preserve collective identity But for critics concerned with developing a national culture this multitude of influences presented a dilemma that led to an obsessive categorization of music with racial ethnic or national markers Ultimately the shared experience of categorizing difference and consuming this music became a unifying national phenomenon Experiencing the unknown became a shared part of the American experience *Spanish Activities in the Louisiana Territory* Roxana Galletly

Johnson,1920 **Thank God My Regiment an African One** Clare P. Weaver,2000-03-01 *Incredible* Anyone interested in the hardship frustration and courage of soldiers at war will be enthralled by this book James G Hollandsworth author of *The*

Louisiana Native Guards Until now Union army colonel Nathan W Daniels has been a forgotten man with a forgotten regiment The white commanding officer of the 2nd Louisiana Native Guard Volunteers a black regiment he was removed with his men from mainland military activity and confined to obscure duty on Ship Island ten miles off the coast of Mississippi However as Daniels intriguing diary documents despite an unrenowned existence that has earned them little attention from historians the 2nd Native Guards represent a pioneering stage in the history of black troops at war The story of the Louisiana Native Guards is essentially the story of the first black commissioned officers in the Civil War Ordered by General Benjamin F Butler the promotion of seventy six educated free blacks was an experimental step taken during the early days of black enlistment However within one year nearly all the officers including their white colonels were forced out or had resigned in frustration Daniels lived the tale of these removals and confided his thoughts to his diary a rare surviving narrative from someone of his rank and position Woven through daily entries of routine life on the military post are his comments about his responsibilities and frustrations of being caught between the black and white military worlds of the day He vividly recalls a fierce skirmish on the mainland at East Pascagoula Mississippi in which his black troops having fought superbly suffered most of their casualties from apparently intentional friendly fire from the Union gunboat Jackson sent there to protect them In May 1863 Daniels was arrested in New Orleans on seemingly trifling charges related to his duty on Ship Island He continued his diary in the Federally occupied city giving fascinating details of life there and chronicling his slow torture in the machinery of the military bureaucracy He eventually separated from the army under circumstances that remain curious The diary also provides never before published pictures from wartime Ship Island including photographs of members of Daniels regiment visiting ship captains and Major Francis E Dumas the highest ranking black officer to see combat during the war A superb resource in and of themselves these photographs will fascinate Civil War enthusiasts The first published personal narrative by a regimental commander of free black troops Thank God My Regiment an African One offers a unique glimpse into the daily lives of white leaders of the earliest black soldiers It is a significant contribution to the ongoing documentation of the experience of black troops in the Civil War

Research in Education ,1971 **A Research Guide to Cartographic Resources** Eva H. Dodsworth,2018-09-22 The interdisciplinary uses of traditional cartographic resources and modern GIS tools allow for the analysis and discovery of information across a wide spectrum of fields A Research Guide to Cartographic Resources navigates the numerous American and Canadian cartographic resources available in print and online offering researchers academics and students with information on how to locate and access the large variety of resources new and old Dozens of different cartographic materials are highlighted and summarized along with lists of map libraries and geospatial centers and related professional associations A Research Guide to Cartographic Resources consists of 18 chapters two appendices and a detailed index that includes place names and libraries structured in a manner consistent with most reference guides including cartographic categories such as atlases dictionaries gazetteers handbooks maps plans

GIS data and other related material Almost all of the resources listed in this guide are categorized by geography down to the county level making efficient work of the type of material required to meet the information needs of those interested in researching place specific cartographic related resources Additionally this guide will help those interested in not only developing a comprehensive collection in these subject areas but get an understanding of what materials are being collected and housed in specific map libraries geospatial centers and their related websites Of particular value are the sections that offer directories of cartographic and GIS libraries as well as comprehensive lists of geospatial datasets down to the county level This volume combines the traditional and historical collections of cartography with the modern applications of GIS based maps and geospatial datasets

American Folk Art Kristin G. Congdon, Kara Kelley Hallmark, 2012-03-19 Folk art is as varied as it is indicative of person and place informed by innovation and grounded in cultural context The variety and versatility of 300 American folk artists is captured in this collection of informative and thoroughly engaging essays American Folk Art A Regional Reference offers a collection of fascinating essays on the life and work of 300 individual artists Some of the men and women profiled in these two volumes are well known while others are important practitioners who have yet to receive the notice they merit Because many of the artists in both categories have a clear identity with their land and culture the work is organized by geographical region and includes an essay on each region to help make connections visible There is also an introductory essay on U S folk art as a whole Those writing about folk art to date tend to view each artist as either traditional or innovative One of the major contributions of this work is that it demonstrates that folk artists more often exhibit both traits they are grounded in their cultural context and creative in the way they make work their own Such insights expand the study of folk art even as they readjust readers understanding of who folk artists are
