Love Address:

Book of Addresses Peggy Kamuf, 2005 This book consists of a series of essays that all turn around questions of the address of speech or writing They argue and demonstrate that meaning is not just a matter of the active intention of a subject for example speaker writer or other signatory of a meaningful act but also of its reception at another s address The book s main concern is therefore with a theory of meaning and of action that is not centered on the intentional self conscious subject The fifteen chapters explore this problematic within three broad areas love jealousy and sexual difference fiction or literature and political or public discourse The book engages principally with contemporary French thought and includes important new readings of work by Jacques Derrida Hélène Cixous Maurice Blanchot and Jean Luc Nancy

Addresses to the German Nation Johann Gottlieb Fichte, 2013-03-15 In the winter of 1807 while Berlin was occupied by French troops the philosopher Johann Gottlieb Fichte presented fourteen public lectures that have long been studied as a major statement of modern nationalism Yet Fichte s Addresses to the German Nation have also been interpreted by many as a vision of a cosmopolitan alternative to nationalism This new edition of the Addresses is designed to make Fichte s arguments more accessible to English speaking readers The clear readable and reliable translation is accompanied by a chronology of the events surrounding Fichte s life suggestions for further reading and an index The groundbreaking introductory essay situates Fichte s theory of the nation state in the history of modern political thought It provides historians political theorists and other students of nationalism with a fresh perspective for considering the interface between cosmopolitanism and republicanism patriotism and nationalism

Jason Miller,2015-02-03 Since Martin Luther King Jr's I Have a Dream speech some scholars have privately suspected that King's dream was connected to Langston Hughes's poetry Drawing on archival materials including notes correspondence and marginalia W Jason Miller provides a completely original and compelling argument that Hughes's influence on King's rhetoric was in fact evident in more than just the one famous speech King's staff had been wiretapped by J Edgar Hoover and suffered accusations of communist influence so quoting or naming the leader of the Harlem Renaissance who had his own reputation as a communist would only have intensified the threats against the civil rights activist Thus the link was purposefully veiled through careful allusions in King's orations In *Origins of the Dream* Miller lifts that veil and shows how Hughes's revolutionary poetry became a measurable inflection in King's voice He contends that by employing Hughes's metaphors in his speeches King negotiated a political climate that sought to silence the poet's subversive voice By separating Hughes's identity from his poems King helped the nation unconsciously embrace the incendiary ideas behind his poetry

Directions of a Pastoral Lifetime William Flewelling, 2015-03-20

I had been asked to do a Bible study when I began my first church out of seminary. I agreed so long as I could do it my way. In the fourth year of my work at Hilltop Christian Church in Mantua, Ohio, I chose to do the Song of Solomon, known in many circles as the Song of Songs. I was guided in the development in part by the then recent Anchor Bible commentary by Marvin Pope. The study influenced me greatly. In the next decade or so, I indulged in a variety of works on the Song of Songs, largely but not exclusively in the Christian mystical tradition. In 1997, I found a way to work on a devotional development from the Song of Songs, resulting in a work I found satisfying. From those two major efforts, a few minor ones arose. I have collected here the ways in which the Song of Songs has woven into my work as a pastor.
