The Romances of Chrétien de Troyes Douglas Kelly,1985 **Love Cures** Laine E. Doggett,2012-04-30 What is love Popular culture bombards us with notions of the intoxicating capacities of love or of beguiling women who can bewitch or heal to the point that it is easy to believe that such images are timeless and universal Not so argues Laine Doggett in *Love Cures* Aspects of love that are expressed in popular music such as love is a drug sexual healing and love potion number nine trace deep roots to Old French romance of the high Middle Ages A young woman heals a poisoned knight A mother prepares a love potion for a daughter who will marry a stranger in a faraway land How can readers interpret such events In contrast to scholars who have dismissed these women as fantasy figures or labeled them witches Doggett looks at them in the light of medical and magical practices of the high Middle Ages *Love Cures* argues that these practitioners as represented in romance have shaped modern notions of love *Love Cures* seeks to engage scholars of love marriage and magic in disciplines as diverse as literature history anthropology and philosophy *The British Sources of the Abduction and Grail Romances* Flint Johnson,2002 This very uneven book undertakes an analysis of two romances by Chretien de Troyes *Le chevalier de la charrette* and *Le conte du graal* that seeks to uncover Welsh sources for the stories The work was written as a doctoral thesis

Johnson, 2012-09-06 There are three archetypal and widespread Arthurian stories the abduction of Guinevere the Holy Grail and Tristan Through the author's painstaking research of the literature and comparative literature of the stories and by studying the history laws and archaeology of the post Roman period a new methodology was found for approaching sources This led to strong reasons for making a number of groundbreaking conclusions Arthurian literature is a potential wealth of information on Arthur's Britain More importantly the nature of the holy grail has been in the grail literature and related materials all along The Trials and Joys of Marriage Eve Salisbury, 2002-05-01 The disparate texts in this anthology produced in England between the late thirteenth and the early sixteenth centuries challenge and in some cases parody and satirize the institution of marriage In so doing according to the Introduction they allow us to interrogate the traditional assumptions that shape the idea of the medieval household The trials of marriage seem to outweigh its joys at times and as some of these texts suggest maintaining a sense of humor in the face of what must have been great difficulty could have been no easy task The texts bridge generic categories Some are obscure written by anonymous authors others are familiar written by the likes of John Lydgate John Wyclif and William Dunbar Taken together they suggest that despite the fact that marriage had become a sacrament in the twelfth century and was increasingly recognized by ecclesiastical and secular authorities as a valuable social institution it was not always a stabilizing and orderly social force Medium Aevum Charles Talbot Onions, Jack Arthur Walter Bennett, 1937 Includes section Reviews *Out of Love for My Kin* Amy Livingstone, 2011-02-23 In *Out of Love for My Kin* Amy Livingstone examines the personal dimensions of the lives of aristocrats in the Loire region of France during the eleventh and twelfth centuries She argues for a new conceptualization of aristocratic family life based on an ethos of inclusion Inclusivity is evident in the care that medieval aristocrats showed toward their families by putting in place strategies practices and behaviors aimed at providing for a wide range of relatives Indeed this care and in some cases outright affection for family members is recorded in the documents themselves as many a nobleman and woman made pious benefactions out of love for my kin In a book made rich by evidence from charters which provide details about life events including birth death marriage and legal disputes over property Livingstone reveals an aristocratic family dynamic that is quite different from the fictional or prescriptive views offered by literary depictions or ecclesiastical sources or from later historiography For example she finds that there was no single monolithic mode of inheritance that privileged the few and that these families employed a variety of inheritance practices Similarly aristocratic women long imagined to have been excluded from power exerted a strong influence on family life as Livingstone makes clear in her gender conscious analysis of dowries the age of men and women at marriage lordship responsibilities of women and contestations over property The web of relations that bound aristocratic families in this period of French history she finds was a model of family based on affection inclusion and support not domination and exclusion **Women and Gender in Medieval Europe** Margaret C.

Jones,Roy Albert Wisbey,1993 Studies showing the influence of the French Arthurian romances of Chr tien de Troyes on German medieval literature **Eleanor of Aquitaine** William W. Kibler,2012-03-21 Eleanor of Aquitaine was the wife of two kings Louis VII of France and Henry II Plantagenet of England and the mother of two others Richard the Lionhearted and John Lackland In her eventful often stormy life she not only influenced the course of events in the twelfth century but also encouraged remarkable advances in the literary and fine arts In this book experts in five disciplines history art history music French and English literature evaluate the influence of

Capellanus, Scholasticism, and the Courtly Tradition Don A. Monson, 2005-11 This book the first study in English devoted entirely to Andreas Capellanus s *De Amore* presents a comprehensive inquiry into the influence of scholasticism on the structure and organization of the work applying methods of medieval philosophy and intellectual history to an important problem in medieval literary studies **The Curious History of Love** Jean-Claude Kaufmann, 2011-12-12 The one emotion that matters most to many people is the one about which social thinkers rarely speak love For many people love is the thing that matters most in their lives they are searching for love hoping to find in love a kind of happiness that they cannot find in their work or by surrounding themselves with material goods But where does this peculiar and powerful blending together of love and happiness come from and why do we find it such a compelling idea today In this short book Jean Claude Kaufmann offers a fresh account of the history of a feeling unlike any other The modern idea of love as passion was born in the 12th century but it was marginalized by the rise of a kind of instrumental calculating reason that became increasingly central to modern societies As calculating reason began to encroach on the personal domain many individuals sought to escape from it searching for happiness elsewhere As our societies become dominated by calculating reason and selfish individualism we search elsewhere for the kind of happy love that will heal all our wounds This is why we experience so many changes of heart in our personal lives at times we are coldly calculating and then a few moments later we sacrifice ourselves to love without a second thought Written by one of France s leading sociologists this highly readable book sheds new light on love and happiness and will resonate with many readers To Love, Honor, and Obey in Colonial Mexico Patricia Seed, 1988 An account of the transformation of cultural assumptions affecting parental authority and children s freedom to choose marriage partners this book traces colonial period changes in ideas about free will love and honor and in the views of the Catholic church
