Love Is A Story A New Theory Of Relationships:

Love Is a Story Robert J. Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashingly incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out

description of types and cultural models of love The comprehensive reviews of methodology and findings provide a solid empirical basis for the creation of formal typologies This book will be useful for researchers interested in cross cultural studies of love across many disciplines Its accessible language also makes it ideal for undergraduate and graduate students Readers will gain a comprehensive understanding of Cultural conceptions of love and methods for their research Multiple perspectives in the studies of love across world cultures Cultural models and typologies in an international perspective Cultural models and typologies from an interdisciplinary scientific perspective The First Love Story Bruce Feiler,2018-03-20 An exploration of the way Adam and Eve introduced the idea of love into the world and how they continue to shape our deepest feelings about relationships family and togetherness Since antiquity Adam and Eve have stood at the center of every conversation about men and women Yet instead of celebrating them history has blamed them for bringing sin deceit and death into the world In this fresh retelling of their story Bruce Feiler travels from the Garden of Eden in Iraq to the Sistine Chapel in Rome discovering how Adam and Eve should be hailed as exemplars of a long term healthy resilient relationship At a time of discord and fear over the strength of our social fabric Feiler shows how history s first couple can again be role models for unity forgiveness and love **Rosie's Daughters** Matilda Butler,Kendra Bonnett,2007 Meet Rosie s Daughters in this collective memoir of American women born during World War II precursors of the Baby Boom generation Their stories will inform entertain and surprise you In these in depth interviews they are declaring their place in history

Handbook of Relationship Initiation Susan Sprecher,Amy Wenzel,John Harvey,2018-09-05 The Handbook of Relationship Initiation is the first volume to focus specifically on the very beginning stage of relationships their origin In this Handbook leading scholars on relationships review the literature on various processes related to the initiation of relationships how people meet communicate for the first time and begin to define themselves as being in a relationship Topics include attraction mate selection influence of social networks on relationship initiation initiation over the internet hook ups among young adults and flirting and opening gambits In addition the dark side of relationship initiation is considered including unwanted relationship pursuit and barriers to relationship initiation including social anxiety This volume provides an overdue synthesis of the literature on this topic It is especially timely in view of the growing prevalence on relationship initiation online through matchmaking and other social networking sites which has increased awareness that science can be used to understand create and facilitate compatible matching This Handbook provides an essential resource for an interdisciplinary range of researchers and students who study relationships including social psychologists communication scientists and scholars of marriage and the family **Introduction to Family Processes** Denise Ann Bodman,Bethany Bustamante Van Vleet,Randal D. Day,2022-05-02 Introduction to Family Processes Diverse Families Common Ties serves to provide an explanation of the complex workings of inner family life The text primarily focuses on family processes and dynamics the inside of families as opposed to sociological trends political topics or the individual psychological approach The text further

presents the research underlying these processes and effectively presents ways to increase the positive aspects of family life. This edition has been updated to include current research and contemporary topics. The text has been divided into four parts: Foundations, Building and Establishing Families, Maintaining Families and Change, Turbulence, Gains, Losses, and While the research methods chapter still provides an introductory examination of family science research, it now includes an expanded discussion on research design methods and advances in the area. A new chapter titled Forgiveness, Kindness, Hope, and Gratitude has been incorporated to amplify positive family processes and highlight emerging research. This edition provides added emphasis on diverse families, e.g., race, ethnicity, family structure, LGBTQIA, ability, culture, and family formation, and each chapter includes a new Discussions in Diversity section related to that chapter. The authors have consciously included an epilogue as a way of reflecting on what they have learned along with what they hope to learn in the future. Aimed at courses related to family studies and family dynamics, this text provides a comprehensive review of family processes. Whether it is used for undergraduate or graduate classes, professional growth, or personal enrichment, the text assists readers in enhancing the positive aspects of family life, avoiding undesirable aspects, and more effectively managing the challenges and obstacles families face that cannot be avoided. Thus, the text holds an appeal for people who live or will live in families, as well as those who want to work with families.
