[Intimacies](#) Alan Frank, Patricia T. Clough, Steven Seidman, 2013-07-24 In the last decade or so there has been a shift in the popular and

academic discussion of our personal lives Relationships and not necessarily marriage have gravitated to the center of our relational lives Many of us feel entitled to seek intimacy an emotionally depthful social bonding rather than simply security or companionship from our relationships Unlike in a marriage centred culture intimacy is today pursued in varied relationships from familial to friends and to romances And intimacies are being forged in multiple venues from face to face to virtual cyber contexts A new scholarship has addressed this changing terrain of personal life there is today a vast literature on cohabitation parenthood without marriage sex and love outside marriage queer families cyber intimacies and friendships However much theorizing and research has focussed either on the interior subjective or sociocultural aspects of intimacies not their interaction This volume aims to break new ground Intimacies explores the psychological terrain of intimacy in depthful ways without abandoning its sociohistorical context and the centrality of power dynamics Drawing on a rich archive that includes the social sciences feminism queer studies and psychoanalysis the contributors examine changing cultures of intimacy fluid and solid attachments and intimacies from hook ups to sibling bonds to erotic love a politics of intimacy that may involve state enforced hierarchies class misrecognition social exclusion and violence embodied experiences of intimacy and dynamics of endings and loss a pluralization of intimacies that challenge established ethical hierarchies This volume aims to define the cutting edge of this emerging field of scholarship and politics It challenges existing paradigms that assume rigid hierarchical approaches to relational life Intimacies will be of interest for psychoanalysts and for students or scholars in sexualities gender studies family studies feminism studies queer studies social class cultural studies and philosophy The Illustrated Guide to Extended Massive Orgasm Steve Bodansky,Vera Bodansky,2013-03-15 In this companion to their best selling book Extended Massive Orgasm Steve and Vera Bodansky give much more detail about the best hand and body positions for performing and receiving EMO More than 70 photographs and drawings illustrate genital anatomy and optimum positions for manually stimulating a partner And while the first book focused mainly on female sexual pleasure The Illustrated Guide to Extended Massive Orgasm covers new ground in the area of male arousal and orgasm The Bodanskys also highlight topics such as unknown erogenous zones the introitus and the hidden cock enhancing sensitivity the relationship between hand position and stroking communication how to ask for what you like and how to talk dirty Written for people of all sexual orientations this book is a playful tool for partners of any age wishing to explore new depths of sexual pleasure Orgasm is no longer just a fleeting moment but the beginning of lasting arousal that goes far beyond the bedroom

Female Arousal and Orgasm: Anatomy, Physiology, Behaviour and Evolution Donald Lambert Jesse Quicke,2023-12-28 Female Arousal and Orgasm Anatomy Physiology Behaviour and Evolution is the first comprehensive and accessible work on all aspects of human female sexual desire arousal and orgasm The book attempts to answer basic questions about the female orgasm and questions contradictory information on the topic The book starts with a summary of important early research on human sex before providing detailed descriptions of female sexual anatomy histology and

neuromuscular biology It concludes with a discussion of the high heritability of female orgasmicity and evidence for and against female orgasm providing an evolutionary advantage The author has attempted to gather as much information on the subject as possible including medical images anonymized survey data and previously unreported trends The groundbreaking book gives a scientific perspective on sexual arousal in women and helps to uncover information gaps about this fascinating yet complex phenomenon Readership Biologists general readers psychologists The Multi-Orgasmic Woman Mantak Chia, Rachel Carlton Abrams, 2006-08-08 A holistic guide to female sexuality integrates the latest in Western medical research with the wisdom of the East to explain how any woman can enhance her pleasure in lovemaking and reach her full sexual potential Reprint 20 000 first printing Frigidity in Woman in Relation to Her Love Life Wilhelm Stekel, 1926 *Love's Curriculum* Jenny Hogg Ashwell, 2015-11-11 As our companions through the current spiritual Awakening Jesus the archangels and other spiritual teachers have gathered as the High Council and now share with us in Love's Curriculum their messages of enlightenment These Divine messages have a clear goal To awaken us to the Love that connects all You hold in your hands the High Council's gift to you a guidebook for this journey Through Divine grace and enormous trust Jenny Hogg Ashwell travelled a path from lawyer to student of spirituality and mother of three to spiritual counselor and intuitive to learn of her soul's assignment to scribe Love's Curriculum for the High Council and bring forth their messages to the world It is with great humility courage and gratitude that she has done just this Now it is your turn Let Love's Curriculum gently awaken within you the memory of Love as you uncover your soul's Divine purpose Let it guide you to ignite Love in the world The time has come to join in the Awakening We wish for you to read Love's Curriculum Within its pages you will find the Bounty of Love and Light to which you have been called for which you have been dreaming and desiring to fill within you the void Within its pages are the answers contained the magic brought forth the truth illuminated for all to hear and see Let Love's Curriculum help you on your journey to awaken to Love It is time The High Council *Sex Matters* Osho, 2003-07-11 One of the greatest spiritual thinkers of the twentieth century explores the physical and emotional intimacies of men and women in Sex Matters Sex to Superconsciousness Sex matters to us all The Osho approach to sex begins with an understanding of how important love is in our lives while at the same time acknowledges that the journey into love cannot exclude our innate biological energies With this perspective it becomes clear that the tendency for religions and for society in general to associate sex with sin and morality has been a great misfortune Sex Matters begins by deconstructing the layers of sexual repression that the condemnation of sex has inflicted on humans Throughout the book in response to questions about everything from jealousy to premature ejaculation the role of intimacy and the differences between men and women Osho proposes a vision that embraces sex as a fundamental gift from nature We learn how orgasm offers a glimpse of timelessness thoughtlessness and pure awareness biology's way of pointing toward the consciousness that helps us to understand ourselves Finally we are presented with a clear choice a repressed sexuality that leads to pornography perversion and a

stunted humanity or a playful respectful and relaxed innocence that supports us in becoming fulfilled and whole as nature intended Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world Five Minutes to Orgasm Every Time You Make Love D. Ussher,Christine D. Baker,1993 The regulation of sexuality and the careful distinction between normality and abnormality has a long and checkered history with psychologists at the forefront of this debate Yet any attempt to identify a simple and unitary psychology of sexual problems inevitably becomes the focus of a great deal of criticism particularly from the disciplines of psychoanalysis and feminism The aim of Psychological Perspectives on Sexual Problems is both to provoke and to promote a glasnost between those whose work directly involves research and intervention in the arena of sexuality and those who would deconstruct criticize and reframe any understanding of sexuality outside of the dominant discourse of psychology The contributors examine the psychological theories associated with sexuality and sexual problems and at the same time present examples of positive and empowering practice with groups of individuals whose sexuality is often ignored or marginalized These individuals include those with learning difficulties or physical disabilities sex offenders gay men with AIDS and women with eating disorders Psychological Perspectives on Sexual Problems is the first text to integrate critical theory and current clinical practice in an attempt to arrive at a revolutionary approach to the psychology of sexuality
