Love Ruins Everything:

Love Ruins Everything Karen X. Tulchinsky, 2011-09-30 Nomi Rabinovitch is heartbroken when her lover unexpectedly dumps her for a burly buzzcut man. When she is invited to return to Toronto for her mother's wedding, she jumps at the chance to see her friends and family again. However, once she's there, she is drawn into a bizarre scheme by her gay cousin and her long lost crush that threatens to ruin her opportunity to do some serious soul searching. Some strong language and descriptions of sex. *Romantic Vs. Screwball Comedy* Wes D. Gehring, 2002 It is an informative resource for film students and scholars and a thoroughly engaging read for film buffs. BOOK JACKET **Trust in the World** Josef Früchtl, 2017-09-20 This book examines the theory originally raised in Gilles Deleuze's philosophy of film that cinema has the power to restore our trust in the world. Früchtl demonstrates that cinema does this in three main ways: by restoring our belief in the absurd in the body and in a sceptical abstention from judging and acting. Cinema shares this ability with other arts, but what sets it apart in particular is that it evokes Modernity and its principle of subjectivity. This book further develops the idea of trust and cinema by synthesizing the philosophies of complementary thinkers such as Kant, Nancy, Agamben, Benjamin, and Rancière. It concludes with an examination of Cavell's solution to the problem of scepticism and a synthesis of Kantian aesthetic theory with Cavellian pragmatism. Originally published in German under the title *Vertrauen in die Welt*, this English language translation features a new introduction that situates Früchtl's work within contemporary analytical philosophy of film. It will be of interest to scholars working in Continental aesthetics, philosophy of film, and film theory. *Happy Endings in Hollywood Cinema* James MacDowell, 2013-07-22 Hollywood happy ending has long been considered among the most famous and standardised features in the whole of narrative filmmaking. Yet while ceaselessly invoked, this notorious device has received barely any detailed attention from the field of film studies. This book is thus the first in-depth examination of one of the most overused and under-analysed concepts in discussions of popular cinema. What exactly is the happy ending? Is it simply a cliché as commonly supposed? Why has it earned such an unenviable reputation? What does it or can it mean? Concentrating especially on conclusions featuring an ultimate romantic union, the final couple, this wide-ranging investigation probes traditional associations between the happy ending and homogeneity, closure, unrealism, and ideological conservatism, testing widespread assumptions against the evidence offered by a range of classical and contemporary films. **25 Movies to Mend a Broken Heart** Roger Ebert, 2012-05-08 Ahh, love. It can be a many splendored thing, but it can also lead to the pain of a broken heart. For those experiencing such a sad eventuality, turn to this e-book: only a selection of Ebert's Essentials and consider these reviews of movies to help get you through the heartbreak. While not a cure for a broken heart, what could be watching these films can bring hope and appreciation for the possibility of love again or just help you laugh at the total absurdity of it all. Enjoy such classic romantic comedies as *Moonstruck* and *Annie Hall* to the decidedly offbeat *Lars and the Real Girl* that will help bring a smile back. Appreciate quiet looks into love with films like *The Scent of Green Papaya* and *Once*. *I Like Being*

Comic Grace James Combs, 2013-07-26 Comic Grace is Comb's third book on the movies for Cambridge Scholars Publishing These books hardly form a trilogy but they do express a pragmatic interest of the author namely the aspects of movies that we have not adequately studied More specifically the first Movie Time examines the inadequately understood temporal appearance of movies in movies set in the past the present and the future attempting to make sense of such questions as to why certain past periods still fascinate how an emergent present is accompanied by cinematic treatment and what kind of futures we like to speculate about by watching alternative futures on film This temporal interest was complemented in the second book Wit's End by examination of qualitative interest discussing how and why certain movies come to be regarded and remembered by

the movie culture as great and memorable Even though there is obviously no unanimous agreement on which movies are canonical there is enough consensus among those who study and value films for us to constitute inquiry into why some films are thought great This third book in this sustained inquiry poses the question of not only why we think some movie comedies are great but also what is unique and enduring in the legacy of comedy on film The book looks at comedy with humane interest entertaining the proposition that comedy may well be motion picture s greatest achievement If so then it behooves inquirers to understand what movie audiences enjoy and cherish about movie comedy and what it is about the film medium that so adequately communicates the comedic across such vast audiences and why they never tire of certain kinds of comedy These interests will inspire students of the remarkable medium of film to inquire further into not only these questions but also others that they find interesting and illuminating about the film experience

Overhearing Film Dialogue Sarah Kozloff, 2000-03-30 Since the birth of cinema film has been lauded as a visual rather than a verbal medium this sentiment was epitomized by John Ford's assertion in 1964 that When a motion picture is at its best it is long on action and short on dialogue Little serious work has been done on the subject of film dialogue yet what characters say and how they say it has been crucial to our experience and understanding of every film since the coming of sound Through informative discussions of dozens of classic and contemporary films from Bringing Up Baby to Terms of Endearment from Stagecoach to Reservoir Dogs this lively book provides the first full length study of the use of dialogue in American film Sarah Kozloff shows why dialogue has been neglected in the analysis of narrative film and uncovers the essential contributions dialogue makes to a film's development and impact She uses narrative theory and drama theory to analyze the functions that dialogue typically serves in a film The second part of the book is a comprehensive discussion of the role and nature of dialogue in four film genres westerns screwball comedies gangster films and melodramas Focusing on topics such as class and ethnic dialects censorship and the effect of dramatic irony Kozloff provides an illuminating new perspective on film genres
