Love Shapes I Toddler Playskills Board:

Play Skills for Parents Kathy Eugster, 2023-10-04 Most parents and caregivers know playing with their child is beneficial. What can feel much less clear, however, is just how to go about engaging in playtime. Here to dispel any feelings of uncertainty and anxiety around this subject is *Play Skills for Parents*. This informative yet easy-to-read guide to parent-child play is based on research in developmental psychology and parent-child relationships, as well as author Kathy Eugster's over twenty years of experience in counselling and play therapy, not to mention her experience as a parent and grandparent herself. *Play Skills for Parents* goes beyond merely listing potential play activities. Instead, Eugster highlights nine essential skills for facilitating parent-child play, thoroughly explains why, when, and how to use each skill, and provides an abundance of examples showing each skill in action. In addition, Eugster guides parents and caregivers through how play can foster healthy child development and strengthen the parent-child relationship. How to engage in child-led and parent-led play. Why child-led play can especially enhance a child's development. Numerous examples of types of play activities, including calming activities for emotional regulation. How to set up play areas for different types of playtime. How the playtime skills can be applied in other life activities. And more. Perfect for any parent or caregiver of children ages three to ten, *Play Skills for Parents* won't just bolster your confidence and communication skills during playtime; it will give you a new appreciation for this special time spent with your child.

Relationship-Based Care for Infants and Toddlers Susan L. Recchia, Minsun Shin, Eleni Loizou, 2023 Learn how to create and nurture communities of care for diverse children, families, and practitioners through responsive practice. In this text, the social and emotional worlds of babies and toddlers, their peers, and their caregivers come to life in the everyday moments of infant, toddler care, and education. The authors show infants and toddlers as active, agentic, and intentional social partners from the start of life, highlighting their unique capacities for social engagement with both adults and peers. Interwoven within each chapter's narrative are insights culled from extensive observations, teacher interviews, and video analyses. Part I emphasizes play, peer friendships, and humor as essential elements of infant learning, illustrated throughout with anecdotes of praxis in early care and education settings. Building on these aspects of babies' ways of being in group care, Part II examines the complex roles of infant, toddler professionals and the critical importance of supportive and caring environments. Readers will explore the elements needed for in-depth and specialized professional preparation, including overarching principles of relationship-based practice. **Book Features:** Illuminates particular and understudied ways that infants and toddlers actively contribute to their own social learning and development. Shares how teachers learn to engage with and nurture infants and toddlers' social capacities and experiences within child care settings. Uses anecdotes and vignettes from the authors' research and practice with infants, toddlers, and caregivers to bring their experiences to life. Discusses themes that are important and unique for infancy and toddlerhood, such as play, friendships, humor, and professional love. Presents a unique set of chapters that reveal infants' and toddlers' perspectives while also
