truth of God and man divinely revealed within Scripture Tradition and the Gospel Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology Next discussed is the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church's faithful striving to live in the love and communion that is grounded in Christ

Families, Labour and Love Maureen Baker, 2020-07-29 We think of our family life as very personal but in fact it is shaped by influences well beyond our control Families Labour and Love identifies the

ways in which family and personal life in three settler societies Australia New Zealand and Canada has been shaped by colonisation immigration globalisation demographic changes law and policy Baker shows that these three countries each a former colony developed similar family trends and similar family policies Strongly gendered patterns of paid and unpaid work played a major role in family life The family practices of indigenous people were largely overlooked as were those of recent immigrant groups However local conditions also produced significant differences in family experiences among the three countries Richly illustrated with examples comparative data and textual sources Families Labour and Love provides a broad ranging analysis of the family which will appeal to students researchers and policy makers Maureen Baker outlines with great clarity the diversity of families and the way in which they are shaped by historical and cultural forces The focus on Australia New Zealand and Canada is not only refreshing but throws into sharp relief the impact on contemporary families of the colonial experience industrialisation large scale immigration and globalisation David de Vaus La Trobe University

Love, Joy, and Sex Stan Chu Ilo, 2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as Pope Francis's *Amoris Laetitia* This document which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life This volume has gathered seminal commentaries on *Amoris Laetitia* by African Catholic theologians social scientists and pastoral workers They offer African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage and reception and denial of Holy Communion in the church among other divisive issues These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling The authors here also call for the inclusion of Africa's own unique challenges like polygamy childless marriages and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the global discussion on marriage and family life They also challenge uncritical clichés in world Christianity that Africa's opposition to same sex marriages or Western propaganda about population or birth control and contraception are conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent

A Road Too Short for the Long Journey Quentin P. Kinnison, 2019-02-04 The inevitability of death in our broken world means that grief and mourning are a normal part of the human experience Too often though this normal journey of grief is cut short by a culture intent on pretending bad things don't really happen In *A Road Too Short for the Long Journey* readers are invited to consider how we might travel this road of mourning with those who grieve and how we might join them as partners in a reorientation of the world experienced through loss

Negotiating Non-Motherhood Jenny

Björklund, Dovilė Kuzminskaitė, Julie Rodgers, 2024-11-14 This open access edited volume focuses on the representations, perceptions and experiences of women who do not have children against the backdrop of traditional gender norms, pronatalist policies and patriarchal structures. While involuntary and voluntary childlessness have typically been treated separately and studied within different disciplines, in most previous scholarship contributing authors explore non motherhood beyond the involuntary/voluntary divide and consider a wide range of conceptualizations of women who do not become mothers. The editors bring together a variety of perspectives from different national contexts and disciplines including family studies, gender studies, literary and cultural studies, sociology and film studies to explore non motherhood. The book focuses on how women who choose or experience non motherhood are negotiated, felt, represented and received. **Eat Pray Love**

Elizabeth Gilbert, 2006-02-16 One of the most iconic, beloved and bestselling books of our time. This beautifully written, heartfelt memoir touched a nerve among both readers and reviewers. Elizabeth Gilbert tells how she made the difficult choice to leave behind all the trappings of modern American success: marriage, house in the country, career and find instead what she truly wanted from life. Setting out for a year to study three different aspects of her nature amid three different cultures, Gilbert explored the art of pleasure in Italy and the art of devotion in India and then a balance between the two on the Indonesian island of Bali. By turns rapturous and rueful, this wise and funny author, whom Booklist calls Anne Lamott's hip yoga practicing, footloose younger sister, is poised to garner yet more adoring fans. *Falling in Love with Fertility*
