Love is a Journey is the remarkable story of Albino Luciani known to the world as Pope John Paul I from his harrowing birth to his tragic death just 33 days into his 1978 pontificate the shortest pontificate in history After years of dedicated archival research and after interviewing dozens of figures in the Catholic hierarchy as well as Pope John Paul I s niece author Mo Guernon explores Luciani s family history personality and character to reveal the very essence of the man who became known as the Smiling Pope Guernon analyzes Luciani s major public pronouncements and his most significant writings which shed considerable light on his fundamental beliefs and worldview In the concluding chapters of the book Guernon assesses Pope John Paul I s legacy and journey toward sainthood and the beguiling question of how the Catholic Church might have evolved had his pontificate endured through the 1980s and beyond The events of Luciani s life are so compelling so remarkable so fast moving that the narrative reads like a novel Guernon paints a multi dimensional portrait of the man that prominently displays his virtues and shortcomings successes and failures heroic deeds and personal doubts about his own courage He highlights Luciani s progressive views of issues of his time the crises in his personal and priestly life his discomfort with the spotlight and his anxiety about succeeding the popular Pope Paul VI the relative simplicity of his inauguration as pope and the unprecedented power he wielded on those with whom he came into contact both personally and through the mass media Above all Guernon attempts to capture the pope s mysterious ability to engender love among people of all faiths and nonbelievers too with his inimitable humility and almost divine smile A striking example of his influence came from punk rocker Patti Smith who was so enamored of Luciani that she wrote a song about the pope and dedicated her 1979 album Wave to him Pope John Paul I s impact on the world during his 33 day pontificate was simultaneously profound and perplexing and until now underappreciated In little more than a month the Luciani dazzled people of all ages races and nations while modernizing the papacy and establishing an ambitious agenda for promoting peace and dialogue among all peoples a program subsequently carried out by his successors particularly Pope Francis And in fact Pope Francis established the Vatican Pope John Paul I Foundation in memory of his beloved mentor Never has a world leader accomplished so much in so little time *Love in the Kingdom of Oil* Sadaawia Nawaal Williams Malcolm Hatim B,2014-05-14 A woman disappears without trace Nobody including the police commissioner investigating the case can understand how a woman could simply walk away leaving her husband and home behind After all in the Kingdom of Oil where His Majesty reigns supreme no woman has ever dared disobey the command of men When the woman finally reappears there is a blurring between the men

in her life as she leaves one to join another She is trapped in a man made web unable to escape from a male figure who continually fills urns that she must carry Surreal and satirical Love in the Kingdom of Oil is a startling reflection on the limits of female freedom in a patriarchal society

AuthorCarolACampbellGhostStories *Love Canal Revisited* Elizabeth D. Blum,2008-03-19 Thirty years after the headlines

Love Canal remains synonymous with toxic waste. When this neighborhood of Niagara Falls, New York, burst upon the nation's consciousness, the media focused on a working-class white woman named Lois Gibbs, who gained prominence as an activist fighting to save families from the poison buried beneath their homes. Her organization, the Love Canal Homeowners Association, challenged big government and big business and ultimately won relocation. But as Elizabeth Blum now shows, the activists at Love Canal were a very diverse lot. Blum reveals that more lurks beneath the surface of this story than most people realize and more than mere toxins. She takes readers behind the headlines to show that others besides Gibbs played important roles and to examine how race, class, and gender influenced the way people from African American women to middle-class white Christian groups experienced the crisis and became active at Love Canal. Blum explores the often rocky interracial relationships of the community, revealing how marginalized black women fought to be heard as they defined their environmental activism as an ongoing part of the civil rights struggle. And she examines how the middle-class Ecumenical Task Force, consisting of progressive educated whites, helped to negotiate legal obstacles and to secure the means to relocate and compensate black residents. Blum also demonstrates how the crisis challenged gender lines far beyond casting mothers in activist roles. Women of the LCHA may have rejected feminism because of its anti-family stance, but they staunchly believed in their rights. And the incident changed the lives of working-class men who found their wives in the front lines rather than in the kitchen. In addition, male bureaucrats and politicians ran into significant opposition from groups of both men and women who pressed for greater emphasis on health rather than economics for solutions to the crisis. No previous account of Love Canal has considered the plight of these other segments of the population. By doing so, Blum shows that environmental activism opens a window on broader social movements and ideas such as civil rights and feminism. Her book moves the story of Love Canal well beyond its iconic legacy, the Superfund Act that makes polluters accountable to highlight another vital legacy, one firmly rooted in race, class, and gender.
