Love Beyond Pain Frederick Sontag, 1977 The Relevance of Bernard Lonergan's Notion of Self-appropriation to a Mystical-political Theology Ian B. Bell, 2008 In The Relevance of Bernard Lonergan's Notion of Self Appropriation to a Mystical Political Theology Ian Bell takes on the issue of the separation of the interior and exterior lives that has come to dominate mystical theology over the years The mystical life he claims is necessarily involved in the establishment of social structures and institutions that govern human living and the work of Bernard Lonergan on the human subject provides a means by which the connection between the interior and exterior lives may be established Because human persons operate in a consistent pattern regardless of a given moment's particularities mystical experience is no longer relegated to so called spiritual matters and the insights of mystics may be applied to the Christian call to live as agents of love With this connection in place mystical theology and political theology come together in a theology that is both mystical and political **Sexuality and the Sacred, Second Edition** Marvin M. Ellison, Kelly Brown Douglas, 2010-09-21 Christian discourse on sexuality spirituality and ethics has continued to evolve since this book's first edition was published in 1994 This updated and expanded anthology featuring more than thirty contemporary essays includes more theologians and ethicists of color and addresses issues such as the intersection of race racism and sexuality transgender identity same sex marriage and reproductive health and justice **World Faiths Insight**, 1982 *Sexuality and the Sacred* James B. Nelson, Sandra P. Longfellow, 1994-01-01 This volume is rooted in two convictions first sexuality is far more comprehensive and more fundamental to our existence than simply genital sex and second sexuality is intended by God to be neither incidental nor detrimental to our spirituality but a fully integrated and basic dimension of that spirituality The authors address what our sexual experience reveals about God the ways we understand the gospel and the ways we read scripture and tradition and attempt to live faithfully Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1978 2001 Frederick Sontag, 2001-09-12 Can we 21st century pioneers match the challenge that our wanderings in a vast spiritual desert will bring us to encounter still never giving up our hope and yet continually find our courage renewed Can we rediscover trust in our now more divided lands as some have managed to do in their past trials and tribulations In 2001 A Spiritual Odyssey Frederick Sontag argues that we cannot understand the causes and the directions of our 21st century spiritual odyssey without seeing the forces which attract and drive the human spirit Our goal To see what new born novelties may be moving us to our 2001 spiritual odyssey and what attractions and distractions may be as old to us as our evolution's history The Modern Buddhist-Christian Dialogue Paul O. Ingram, 1988 A discussion of contemporary Buddhist Christian dialogue between process theologians and Pure Land Buddhists this study analyzes their transformation and theological structures in the post Christian era of religious and secular pluralism **Newsletter on the Fourteenth-century English Mystics**, 1978 **Light and Longing** Sonya A. Christianity, Patriarchy, and Abuse Joanne Carlson Brown, Carole R. Emotion Frederick Sontag, 1989 The importance of emotion to philosophy is once again being recognized In both the Rationalist and Empiricist traditions the aim was to neutralize or eliminate the role of emotion Reviewing various theories about emotion we come to Freud and Jung The balance of the book explores a theory of knowledge and decision based on their philosophical concepts This restores emotion to its central position in philosophy

The Return of the Gods Frederick Sontag, 1989 This book contains reference to a number of Sontag s earlier articles on Becker Becker won the Pulitzer Prize for writing *The Denial of Death* His psychological anthropological writings examined human nature and its tendency to religion He proposed a self made hero religion but his critique of the assumptions of modern social science equally make possible a return to traditional forms of religion the return of the Gods
