Theology as Autobiography Colby Dickinson,2020-03-17 Autobiographical writings on faith frequently come from the lives of ordinary persons whose struggles with faith are often lived at the margins of the church academy and society Yet these voices have the potential to reshape the ways in which each of these fields function To find out what it means to stand before God with all of one s humanity on display is to engage in not only the act of confession but to demonstrate a bold theological reflection that needs to be more explicitly understood By turning to spiritual autobiographies as theological source texts we learn to place our emphasis where it matters most on the people whose lives of faith move us deeply and cause us to re examine our own lives in light of their witness Moving through a range of ancient early modern and contemporary spiritual writers in order to demonstrate a profound connection that unites them all this book portrays how a critical self examination of one s most personal internal fractures our poverty as it were is the only way to develop a life of faith the dual meaning of the word confession which expresses both a revealing of one s sins or brokenness and the articulation of what one believes **Book News Monthly** ,1906 *Writing Clubs* Lisa Eickholdt,Patricia

Vitale-Reilly,2023-10-10 Ask teachers about their biggest challenges in elementary and middle school and many will say the teaching of writing It is often difficult for students find the joy discovery and satisfaction writing can yield What Lisa Eickholdt and Patricia Vitale Reilly have found is that adherence to genre studies can get in the way of student collaboration Believing writing instruction should be more authentic they want students to have more choices develop better collaboration and sustain a sense of community all through the implementation of writing clubs In their book Writing Clubs Fostering Choice Collaboration and Community in the Writing Classroom you ll discover ways to Collaborate throughout the process of writing Choose what to write and how to write it Examine mentor texts and study craft techniques across genres Develop speaking and listening skills Celebrate classmates accomplishments through publication Collaboration is widely recognized as a vital life skill Eickholdt and Vitale Reilly present a plethora of ideas on how gratifying it can be right now as well as in the future There s an old proverb that says If you want to go fast go alone If you want to go far go with others In Writing Clubs we discover that there is no limit to how far young writers can go when teachers show them what it means to collaborate
