A History of Occupational Health and Safety Michelle Follette Turk, 2018-05-15 The United States has a long and unfortunate history of exposing employees the public and the environment to dangerous work But in April 2009 the spotlight was on Las Vegas when the Pulitzer committee awarded its public service prize to the Las Vegas Sun for its coverage of the high fatalities on Las Vegas Strip construction sites The newspaper attributed failures in safety policy to the recent exponential growth in the Las Vegas market In fact since Las Vegas founding in 1905 rapid development has always strained occupational health and safety standards A History of Occupational Health and Safety examines the work hazards and health and safety programs from the early building of the railroad through the construction of the Hoover Dam chemical manufacturing during World War II nuclear testing and dense megaresort construction on the Las Vegas Strip In doing so this comprehensive chronicle reveals the long and unfortunate history of exposing workers residents tourists and the environment to dangerous work all while exposing the present and future to crises in the region Complex interactions and beliefs among the actors involved are emphasized as well as how the medical community interpreted and responded to the risks posed Few places in the United

States contain this mixture of industrial and postindustrial sites the Las Vegas area offers unique opportunities to evaluate American occupational health during the twentieth century and reminds us all about the relevancy of protecting our workers
