Mexico And Guatemala:

Tramping Through Mexico, Guatemala and Honduras Harry Alverson Franck, 2019-12-05 In *Tramping Through Mexico Guatemala and Honduras* Harry Alverson Franck delivers an evocative narrative that combines the exuberance of travel literature with rich anthropological insights. Written during the early 20th century, Franck's work captures the vibrant cultures, stunning landscapes, and complex social dynamics of Central America. His observational style, interwoven with personal anecdotes, immerses readers in the itinerant experiences that characterize his journey, reflecting the spirit of adventure that drove many contemporaneous writers in the genre. Through detailed descriptions, Franck paints a vivid picture of the region's diverse peoples, customs, and histories, all while addressing broader themes of colonialism and cultural exchange. Franck, a renowned American author and vagabond, was shaped by his extensive travels and profound curiosity about the world. His experiences as a globe trotter prompted him to undertake this ambitious expedition across Mexico, Guatemala, and Honduras, during which he sought to provide a candid perspective on the less explored regions of Latin America. His background in journalism and keen interest in anthropology lend authority to his observations, showcasing not only the allure of travel but also the importance of understanding the cultures one interacts with. This book is a must-read for anyone interested in travel literature, cultural studies, or the history of Central America. Franck's engaging prose and insightful reflections encourage readers to embrace the notion of exploration not merely as a physical endeavor but as a deep engagement with the human experience. Whether you are a seasoned traveler or an armchair adventurer, *Tramping Through Mexico Guatemala and Honduras* offers a compelling escape into a world rich with history and vitality. In this enriched edition, we have carefully created added value for your reading experience. Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. Interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read.

Contraband Corridor Rebecca Berke Galembo, 2017-12-26 The Mexico-Guatemala border has emerged as a geopolitical hotspot of illicit flows of both goods and people. *Contraband Corridor* seeks to understand the border from the perspective of its long-term inhabitants, including petty smugglers of corn, clothing, and coffee. Challenging assumptions regarding security, trade, and illegality, Rebecca Berke Galembo details how these residents engage in and justify extralegal practices in the context of heightened border security, restricted economic opportunities, and exclusionary trade policies. Rather than assuming that extralegal activities necessarily threaten the state and formal economy, Galembo's ethnography illustrates the complex ways that the formal, informal, legal, and illegal economies intertwine. Smuggling basic commodities across the border provides a means for borderland peasants to make a living, while neoliberal economic policies decimate agricultural livelihoods. Yet smuggling also exacerbates prevailing inequalities, obstructs the possibility of more substantive political and economic change, and provides low-risk economic benefits to businesses, state agents, and other illicit

actors often at the expense of border residents Galemba argues that securitized neoliberalism values certain economic activities and actors while excluding and criminalizing others even when the informal and illicit economy is increasingly one of the poor's only remaining options Contraband Corridor contends that security neoliberalism and illegality are interdependent in complex ways yet how they unfold depends on negotiations between diverse border actors
